The Dancer From Atlantis:

The Dancer from Atlantis Poul Anderson, 2014-12-30 A mesmerizing tale of adventure and romance An anomaly of time transports a twentieth century man backward through history toward the greatest catastrophe the world has ever known Looking out over the Pacific Ocean from the deck of a luxury cruise liner American architect Duncan Reid is suddenly caught up in an inexplicable event and when he awakens he is somewhere different Duncan has inadvertently fallen victim to a fatally malfunctioning time machine from the future along with three equally startled companions from vastly different epochs and civilizations and now he stands with them on the rocky Mediterranean coast of Egypt in the year 4000 BCE With the aid of miraculous technology supplied by the dying time machine the displaced four are able to communicate and share their stories the most startling being the tale told by the one woman among them the bewitching Erissa Only decades removed from her actual time she claims to be a priestess from Atlantis who views Duncan as a god and she represents perhaps their only hope of returning to their rightful eras But to do so will entail immersing themselves in the savage turmoil of an ancient world and placing themselves in harm's way on the eve of the most terrible devastation in human history A true giant of twentieth century fantasy and science fiction multiple Hugo and Nebula Award winner Poul Anderson astounds once more with a powerful adventure through history and legend that set a towering standard for time travel fiction

J.R.R. Tolkien's Utopianism and the Classics Hamish Williams, 2023-02-09 This book opens up new perspectives on the English fantasy writer J R R Tolkien arguing that he was an influential thinker of utopianism in 20th century fiction and that his scrutiny of utopias can be assessed through his dialogue with antiquity Tolkien's engagement with the ancient world often reflects an interest in retrotopianism his fictional places cities forests homes draw on a rich post classical narrative imagination of similar spaces Importantly for Tolkien such narratives entail eutopian thought experiments the decline and fall of distinctly classical communities provide an utopian blueprint for future political restorations the home as oikos becomes a space where an ideal ethical reciprocity between host and guest can be sought the ancient forest is an ambiguous unsettling site where characters can experience necessary forms of awakening From these perspectives tokens of Platonic moderation Augustan restoration Homeric xenophilia and the Ovidian material sublime are evident in Tolkien's writing Likewise his retrotopianism also always entails a rewriting of ancient narratives in post classical and modern terms This study then explores how Tolkien's use of the classical past can help us to align classical and utopian studies and thus to reflect on the ranges and limits of utopianism in classical literature and thought

An Informal History of the Hugos Jo Walton, 2018-08-07 Engaged passionate and consistently entertaining *An Informal History of the Hugos* is a book about the renowned science fiction award for the many who enjoyed Jo Walton's previous collection of writing from Tor.com the Locus Award winning *What Makes This Book So Great* The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been presented since 1953 They are widely considered the most prestigious awards in science fiction Between 2010 and 2013 Jo Walton wrote a series of posts for Tor.com surveying the Hugo finalists and winners from the award's inception up to the year 2000 Her contention was that each year's full set of finalists generally tells a meaningful story about the state of science fiction at that time Walton's cheerfully opinionated and vastly well informed posts provoked valuable conversation among the field's historians Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton Gardner Dozois and David G Hartwell A remarkable guided tour through the field a kind of nonfiction companion to *Among Others* It's very good It's great New York Times bestselling author Cory Doctorow *Boing Boing* on *What Makes This Book So Great*

[The Ancient Sea](#) Hamish Williams, Ross Clare, 2022-11-17 In the ancient Mediterranean world the sea was an essential domain for trade cultural exchange communication exploration and colonisation In tandem with the lived reality of this maritime space a parallel experience of the sea emerged in narrative representations from ancient Greece and Rome of the sea as a cultural imaginary This imaginary seems often to oscillate between two extremes the utopian and the

catastrophic such representations can be found in narratives from ancient history philosophy society and literature as well as in their post classical receptions Utopia can be found in some imaginary island paradise far away and across the distant sea the sea can hold an unknown mysterious divine wealth below its surface and the sea itself as a powerful watery body can hold a liberating potential The utopian quality of the sea and seafaring can become a powerful metaphor for articulating political notions of the ideal state or for expressing an individual s sense of hope and subjectivity Yet the catastrophic sea balances any perfective imaginings the sea threatens coastal inhabitants with floods tsunamis and earthquakes and sailors with storms and the accompanying monsters From symbolic perspectives the catastrophic sea represents violence instability the savage and even cosmological chaos The twelve papers in this volume explore the themes of utopia and catastrophe in the liminal environment of the sea through the lens of history philosophy literature and classical reception Contributors Manuel Ivaréz Mart Aguilar Vilius Bartninkas Aaron L Beek Ross Clare Gabriele Cornelli Isaia Crosson Ryan Denson Rhiannon Easterbrook Emilia Mataix Ferr ndiz Georgia L Irby Simona Martorana Guy Middleton Hamish Williams The Best Time Travel Stories of the 20th Century Harry Turtledove, Martin H.
