The Daughters Of De Sade:

Daughters of de Sade Falconer Bridges, 2011-04-01 **Decadent daughters and monstrous mothers** Rebecca Munford, 2015-11-01

Decadent daughters and monstrous mothers interrogates the vexed question of Angela Carter's feminist politics through the dusty lens of European Gothic. It illuminates her ambivalent relation to some of her most contentious European literary forebears, reveals her rich knowledge of French literature, and offers fresh insights into her literary practices afforded by newly available archival material. This book analyses Carter's textual engagements with a dirty lineage of European Gothic that can be mapped from the Marquis de Sade's obsession with desecration and defilement through Baudelaire's perverse decompositions of the muse and decadent imaginings of infernal femininity to surrealism's violent dreams of abjection. It argues that Carter's most troublesome engagements with her European Gothic forefathers are unexpectedly those which are most vital to a consideration of her feminist politics. *Decadent daughters and monstrous mothers* will be of interest to researchers and students working on contemporary women's writing, the Gothic, and comparative literature.

Sex, Lies, and Handwriting Michelle Dresbold, James Kwalwasser, 2008-07-22

The Executioner's Daughter Hunter J. W. Burke, 2017-09-20

Musette Lefvre, a peasant girl from a French provincial village abandoned by her father after the death of her mother, is put into the care of the local priest. Childhood traumas force her to flee to the capital, where the anonymity of eighteenth-century Paris encourages her capricious and impetuous nature. She delights in the follies and allegiances of a city dancing toward the madness of revolution. *The Executioner's Daughter* tells the story of this young woman who initially enjoys a privileged life in the great city, supported by a wealthy guardian. The famous seamstress Mademoiselle Bertin employs her, and through that engagement, Musette meets Queen Marie Antoinette. The young woman enjoys the friendship and protection of several influential figures of the day. Her life is good, but then fate entangles her in a brutal world, and she must fight for her survival. Taken hostage and held in the horrifying beggars' slum called the Cour des Miracles, Musette is robbed, degraded, and threatened with rape. She manages to kill her foolish guard and escape on foot, merging inconspicuously with the turbulent crowds of people inflamed by revolutionary rhetoric and intent on capturing the dreaded Bastille. The revolution had started, and France teeters on the edge of an abyss. Unwittingly, she becomes involved in upheavals that threaten her life and liberty. She spends time in prison for protecting the daughter of an émigré, and as daily life crumbles, she seems set on a path of self-destruction, unable to extricate herself from the dangerous entanglements of revolutionary Paris. During the storming of the Tuileries Palace, Musette and her friends are captured and confined in the dreaded La Salpêtrière prison. Later, during the taking of that prison and the accompanying massacre, she escapes the turmoil of the city and flees to the countryside, where she eventually finds refuge with a caring elderly couple. She is safe at last, but of her friends in Paris, she

has no news The past had scarred her heart and she wondered if she could ever build a future for herself Petrarch and the Literary Culture of Nineteenth-century France Jennifer Rushworth, 2017 A consideration of Petrarch's influence on and appearance in French texts and in particular his appropriation by the Avignonese Was Petrarch French This book explores the various answers to that bold question offered by French readers and translators of Petrarch working in a period of less well known but equally rich Petrarchism the nineteenth century It considers both translations and rewritings the former comprise not only Petrarch's celebrated Italian poetry but also his often neglected Latin works the latter explore Petrarch's influence on and presence in French novels as well as poetry of the period both in and out of the canon Nineteenth century French Petrarchism has its roots in the later part of the previous century with formative contributions from Voltaire Rousseau and in particular the abbé de Sade To these literary catalysts must be added the unification of Avignon with France at the Revolution as well as anniversary commemorations of Petrarch's birth and death celebrated in Avignon and Fontaine de Vaucluse across the period 1804 1874 1904 Situated at the crossroads of reception history medievalism and translation studies this investigation uncovers tensions between the competing construction of a national French Petrarch and a local Avignonese or Provençal poet Taking Petrarch as its litmus test this book also asks probing questions about the bases of nationality identity and belonging Jennifer Rushworth is a Junior Research Fellow at St John's College Oxford
