The Dawning Points Of God:

The Dawning Points of God George W. Adams, 1987 **Solving the World's Titanic Struggles Vol 1** Rodney Richards, 2018-06-30 We are beset by problems difficulties and obstacles throughout the world created by man Millions suffer millions cry for relief Some are human made some natural They strike in a moment with catastrophic devastation or are subtle and build up The ones caused by men and women of all kinds however stem from immaturity greed hunger for power or authority egotism criminal intent lack of empathy even soullessness So it seems when we lose all jobs livelihood investments friends family to circumstances unfair and unwise selfish or unkind Nations invade other nations despots jail and torture their own citizens there seems we'll never fix this planet But there are good people the vast majority of us who only want freedom to speak love work and build a secure society for all To cooperate and share and to eliminate threats like nuclear weapons holding death over all our heads But 100 essays herein give hope and paths to genuine cooperation and peace practical solutions love for all colors races creeds and religions The Logic of the Apocalypse Stephen Beebe, 2013-11 Is there logic in the Book of the Apocalypse The Apocalypse is perhaps the most controversial book of the entire Bible and its meaning is debated by clerics and academics As conflicts and crises deepen around the world Christians ponder its relevance for the twenty first century Is there any way to understand it rationally The Logic of the Apocalypse presents a novel approach that will satisfy your curiosity and will lead you to new conclusions about its message **The Bahāi Proofs, Hujaj'ul Behāyyeh** Abū al-Faḍl Gulpāyigānī, 1914 **Proofs of the Prophets--The Case for Baha'u'llah** Peter Terry, 2009-04-25 Forty proofs of the prophethood of Mirza Husayn Ali Nuri called Baha u llah as compiled from His Writings and those of His chosen interpreters Abdu l Baha and Shoghi Effendi Selections from the Writings of 'Abdu'l-Bahá 'Abdu'l-Bahá, Abdu'l-Baha, 2010 A timeless collection of writings containing spiritual and practical guidance for all aspects of life The letters and other written documents span the years 1892 to 1921 and are very relevant in today's world This compilation of correspondence and other written works of one of the central figures of the Bahai Faith covers a wide range of topics including physical and spiritual health death and the afterlife the reality of man the oneness of mankind and the elimination of prejudice The wisdom imparted in this volume remains as timeless and relevant today as when it was first committed to paper Spiritual Turning Points of North American History Luigi Morelli, 2010-10 This introduction to modern Indian thought establishes the historical context in which Indian thinkers of the past century developed their ideas showing how those ideas comprise a coherent vision that is both Indian and contemporary The Spirit of Modern India offers a full treatment of these ideas in an intelligible and concise approach and format Despite a growing interest in Indian thought and life the best writings of major twentieth century thinkers have not been well presented within their cultural framework This is the first single volume to offer such a wide representation of India's experience and scholarship through traditional and contemporary strains as articulated by her greatest modern thinkers The period designated modern refers to the

remarkable century between the mid 1800s and the mid 1900s The Spirit of Modern India includes writings by Sri Ramakrishna Vivekananda Tagore Gandhi Nehru Radhakrisnan and Sri Aurobindo These writings are arranged according to each era of Indian thought and culture philosophy religion ethics education esthetics and national vision Each is introduced to illuminate the material and put the selections into their historical and cultural context A chronology lists important dates and works of major authors and dates related to Indian and Western intellectual history A glossary of important names and terms makes the more technical selections readily accessible The bibliography will guide the reader to further reading The Spirit of Modern India provides a valuable service to those who wish to better understand India and its modern roots **I**

Beheld a Maiden-- Terry Culhane, 2001 Bah u ll h tells us that the first words of the Revelation were spoken to him by a woman Turning My face I beheld a Maiden the embodiment of the remembrance of the name of My Lord This Maiden rejoiced his soul and informed him of his Mission And so Terry Culhane goes in search of the Divine Feminine in the Writings of Bah u ll h He finds that the whole body of Writings can be read as a conversation between a Lover Bah u ll h and his Beloved the Maiden This love and mystery must stand at the heart of Bah identity and Bah community life Sharing his own spiritual journey Culhane offers an insightful and fascinating consideration of the most basic Bah teachings seen in the light of the mystical core at the center of all religions Constructive Principles of the Bahai Movement Charles Mason

Remey, 1917 Proofs of the Prophets Peter Terry, 2008-03 A description of forty proofs of prophethood derived from a close study of the Babi and Baha i Writings as well as the Sacred Texts of several other religious traditions **Outlook**, 1912

Pre-Columbian Landscapes of Creation and Origin John Staller, 2008-03-12 Pre Columbian Andean and Mesoamerican cultures have inspired a special fascination among historians anthropologists archaeologists as well as the general public As two of the earliest known and studied civilizations their origin and creation mythologies hold a special interest The existing and Pre Columbian cultures from these regions are particularly known for having a strong connection with the natural landscape and weaving it into their mythologies A landscape approach to archaeology in these areas is uniquely useful shedding insight into their cultural beliefs practices and values The ways in which these cultures imbued their landscape with symbolic significance influenced the settlement of the population the construction of monuments as well as their rituals and practices This edited volume combines research on Pre Columbian cultures throughout Mesoamerica and South America examining their constructed monuments and ritual practices It explores the foundations of these cultures through both the creation mythologies of ancient societies as well as the tangible results of those beliefs It offers insight on specific case studies combining evidence from the archaeological record with sacred texts and ethnohistoric accounts The patterns developed throughout this work shed insight on the effect that perceived sacredness can have on the development of culture and society This comprehensive and much needed work will be of interest to archaeologists and anthropologists focused on Pre Columbian studies as well as those in the fields of cultural or religious studies with a broader geographic focus **The**

Bahá'í World ,1928 **The Outlook** ,1912 **Paul and the Faithfulness of God** N. T. Wright,2013-11-01 This highly anticipated two book fourth volume in N T Wright s magisterial series Christian Origins and the Question of God is destined to become the standard reference point on the subject for all serious students of the Bible and theology The mature summation of a lifetime s study this landmark book pays a rich tribute to the breadth and depth of the apostle s vision and offers an unparalleled wealth of detailed insights into his life times and enduring impact **God's Kingdom through God's Covenants** Peter J. Gentry,Stephen J. Wellum,2015-08-31 The Bible records a number of covenants that God made with his people However rather than merely abstract ideas for theologians and scholars to study the covenants in Scripture hold the key to understanding the Bible s overarching story and message In God s Kingdom through God s Covenants two world class scholars offer readers an engaging snapshot of how God has chosen to lovingly relate to his people in history tracing the significance of the concept of covenant through both the Old and New Testaments Explaining the differences between covenant theology and dispensationalism while offering a thoughtful alternative to both this book ultimately highlights the covenantal framework through which God has promised to remain faithful to his people The Gaggling of God D. A. Carson,2002-02 Does it really matter what you believe as long as you re sincere What about those who ve never heard about Jesus Is Jesus the only savior D A Carson addresses the tough questions posed by today s religious inclusivism Those concerned for souls will deepen their understanding of the world s need for salvation through Christ alone The Fragility of Language and the Encounter with God Florian Klug,2021-09-28 Drawing on recent philosophical developments in hermeneutics and poststructuralism The Fragility of Language and the Encounter with God offers a theological account of the contingency of language and perception and of how acknowledging that contingency transforms the perennial theological question of the development of doctrine Klug applies this account to humanity s encounter with God and its translation into language Because there exists no neutral epistemological standpoint Klug integrates contemporary insights on the theory of the subject especially those of _i_ek and Badiou and presents humanity as a subject that transforms its experience of and with God into language and places it in a shared space for reception But can the speaking subject have authority and legitimacy in making statements about the Absolute What role do the Christian faithful play in evaluating that authority These questions are addressed both to biblical texts and doctrinal statements Crucial is the Catholic perspective that legitimate statements of faith and insights are only possible through the Holy Spirit However humanity cannot command or control the Holy Spirit but can only show its influence indirectly through the receptive tradition of the universal church The Fragility of Language and the Encounter with God argues that statements of faith cannot overcome contingency Instead the Catholic notion of receptive tradition attempts to cope rationally with the fragility of perception and language in humanity s orientation toward God *The Power of Prayer* William Paterson Paterson,David Russell,1920 Separate denominations, history, description, and statistics United States.
