Library of Congress Catalogs Library of Congress,1976 **State Building in Latin America** Hillel David Soifer,2015-06-09 State Building in Latin America diverges from existing scholarship in developing explanations both for why state building efforts in the region emerged and for their success or failure First Latin American state leaders chose to attempt concerted state building only where they saw it as the means to political order and economic development Fragmented regionalism led to the adoption of more laissez faire ideas and the rejection of state building With dominant urban centers developmentalist ideas and state building efforts took hold but not all state building projects succeeded The second plank of the book s argument centers on strategies of bureaucratic appointment to explain this variation Filling
