

Ocean & Lake Dragonborn

Some dragonborn are descended from lake or sea dragons, or from water dragons, which are a variant to the Elemental Plane of Water. These dragonborn recognize no one-race weaknesses or racial strengths, with the most notable of their kind rearing up and down the coastline as they. But treatment language descended with these dragonborn. Others of their kind are bound to a hill below the waves.

Sea Dragon Blood

Dragonborn descended from sea dragons or other water dwelling dragons tend to have scales that range from light blue through deep green to dark indigo. Aquatic dragonborn have scaly heads and feet, with gills along their necks. Their own aquatic relatives have allowed for the building of their kin, though ridges along their necks hint at a time when they too had gills.

Sea dragonborn prefer clothing made of eel or sharkskin, or wool for in colder climates. These they decorate with shells and shark teeth, or carvings made of sharkskin.

Sea Raiders

Great dwelling dragonborn and their coastal kin are fierce sailors with a strict code of conduct. Through bravery and martial skills, they raid ships and villages, but spare those who are too weak to oppose them. They coast merry to the north and a warrior's death for the brave as right as one should be drowned.

Lake dragonborn are soldiers and hunters rather than sailors, though they share the same ideas about mercy and right as their ocean kin.

Life for the Clan

All dragonborn descended from water dragons are fiercely loyal to their clans, to which their life is tightly bound. Clan members who disregard the laws of the clan, or who oppose the clan chief, are punished or exiled. Many water dragonborn structures are either ridges or clan representations. Even those who're exiled for from their clan territories are expected to return at times for the great clan meads that ensure the legacy of the clan is preserved and passed on.
