A Biography of Loneliness Fay Bound Alberti, 2019-09-12 A compassionate wide ranging study Terry Eagleton The Guardian Despite 21st century fears of a modern epidemic of loneliness its history has been sorely neglected A Biography of Loneliness is the first history of its kind to be published in English offering a radically new interpretation of loneliness as an emotional language and experience Using letters and diaries philosophical tracts political discussions and medical literature from the eighteenth century to the present historian of the emotions Fay Bound Alberti argues that loneliness is not an ahistorical universal phenomenon It is in fact a modern emotion before 1800 its language did not exist As Alberti shows the birth of loneliness is linked to the development of modernity the all encompassing ideology of the individual that has emerged in the mind and physical sciences in economic structures in philosophy and politics While it has a biography of its own loneliness impacts on people differently according to their gender ethnicity religion outlook and socio economic position It is Alberti argues not a single state but an emotion cluster composed of a wide variety of responses that include fear anger resentment and sorrow In spite of this loneliness is not always negative And it is physical as well as psychological loneliness is a product of the body as much as the mind Looking at informative case studies such as Sylvia Plath Queen Victoria and Virginia Woolf A Biography of Loneliness charts the emergence of loneliness as a modern emotional state From social media addiction to widowhood from homelessness to the oldest old from mall hauls to massages loneliness appears in all aspects of 21st century life Yet we cannot address its meanings let alone formulate a cure without attention to its complex protean history

Stage Performance for Singers Martin Karnolsky, 2018-12-07 There are about ten books in the world on stage performance training Most of them are in English but there are a few in Spanish There are none in Russian although the father of modern theater Konstantin Stanislavski was born in Russia In singing regardless of genre and style the element of stage performance is missing There is no normal training for communicating with the audience It is accepted by most vocal pedagogues that it is enough to sing the notes correctly but there is much more to do For singers who study opera and operetta it is essential to stretch the limits of performance and that is why they also study acting For everyone else this is not necessary because they have other tasks on stage They must learn to self regulate not to wait for directional instructions This book is valuable in that it teaches singers to direct their own stage performance Representing the author s conclusions based on careful analysis of a number of successful and unsuccessful stage performances of numerous singers of different stature it gives them the basic knowledge and guidance on how to approach and develop their show from one song to one concert It teaches singers how to be more successful on stage how to be more charismatic and how to manage their audience the way they want

Convinced! Jack Nasher, 2018-11-13 Competence does not speak for itself. You can't simply display it; you have to draw people's attention to it. World-renowned negotiation and deception detection expert, business professor, and mentalist Jack Nasher offers effective, proven techniques to convince others that we are talented, trustworthy, and yes, even brilliant. Nasher offers the example of Joshua Bell, possibly the world's most famous violinist. In January 2007, at rush hour, he stepped into a Washington DC subway station dressed like any street busker and began to play a 400,000 Stradivarius. It was part of an experiment staged by a journalist of the Washington Post who expected Bell's skill alone to attract an immense awed crowd. But Bell was generally ignored, and when

he stopped nobody applauded He made 34 17 The good news is that you don't have to accept obscurity you can positively affect others' perception of your talent Whether you're looking for work giving an important presentation seeking clients or customers for your business or vying for a promotion Nasher explains how to use techniques such as expectation management verbal and nonverbal communication the Halo Effect competence framing and the power of nonconformity to gain control of how others perceive you Competence is the most highly valued professional trait But it's not enough to be competent you have to convey your competence With Nasher's help you can showcase your expertise receive the recognition you deserve and achieve lasting success
