Political Thinking, Political Theory, and Civil Society Steven M DeLue,Timothy Dale,2015-09-04 A comprehensive overview of the Western tradition of political thought that approaches concepts with the aim of helping readers develop their own political thinking and critical thinking skills This text is uniquely organized around the theme of civil society what is the nature of a civil society why is it important that will engage students and help make the material relevant Major thinkers discussed in the text are explored not only with the goal of understanding their views but also with an interest in understanding the relationship of their ideas to the notion of a civil society DeLue contends that a civil society is important for securing the way of life that most of us value and want to preserve a way of life that allows people to live freely and place significance on their own lives **Death in American Texts and Performances** Mark Pizzato,2016-05-13 How do twentieth and twenty first century artists bring forth the powerful reality of death when it exists in memory and lived experience as something that happens only to others Death in American Texts and Performances takes up this question to explore the modern and postmodern aesthetics of death Working between and across genres the contributors examine literary texts and performance media including Robert Lowell s For the Union Dead Luis Valdez Dark Root of a Scream Amiri

Baraka's *Dutchman* Thornton Wilder's *Our Town* John Edgar Wideman's *The Cattle Killing* Toni Morrison's *Sula* and Song of Solomon Don DeLillo's *White Noise* and *Falling Man* and HBO's *Six Feet Under* As the contributors struggle to convey the artist's crisis of representation they often locate the dilemma in the gap between artifice and nature where loss is performed and where remembering is sometimes literally reenacted through the bodily gesture While artists confront the impossibility of total recovery or transformation so must the contributors explore the gulf between real corpses and their literary or performative reconstructions Ultimately the volume shows both artist and critic grappling with the dilemma of showing how the aesthetics of death as absence is made meaningful in and by language

Sovereignty R. J. Rushdoony, *The word sovereignty means one who is above all It is the supreme and highest power The Christian defines the Sovereign Lord as unlimited independent with original authority For fallen man sovereignty belongs to the state because the state is the source of law Since the Christian can have no other gods Ex 20:3 history is defined appropriately by Augustine as a conflict between the City of Man and the City of God As in all conflicts we must choose this day whom we will serve Calvinists often limit the doctrine of sovereignty to a systematic theological definition of God Much more work is needed in developing the implications of sovereignty for the Kingdom of God and its application in terms of the law word of God In this posthumously published volume R J Rushdoony examines the comprehensive implications of God's sovereignty with a clear eye to critiquing the various places where man posits sovereignty especially the sovereign state This is a must read for anyone seeking to understand the crises of our times*

Persuasion and Compulsion in Democracy Jacquelyn Kegley, Krzysztof Piotr Skowronski, 2013-01-25 This collection of essays focuses on the roles that coercion and persuasion should play in contemporary democratic political systems or societies A number of the authors advocate new

approaches to this question offering various critiques of the dominant classical liberalism views of political justification freedom tolerance and the political subject A major concern is with the conversational character of democracy Given the problematic and ambiguous status of the many differences present in contemporary society the authors seek to alert us to the danger that an emphasis on reasonable consensus will conceal exclusion in practice of some contending positions The voices of vulnerable peoples can be unconsciously or even deliberately silenced by various institutional processes and operating procedures and a strong media influence can change the tenor of conversations and even lead to deception To counter these factors a number of the essays in differing ways urge the fostering of local community conversations or democratic agoras so that democratic debate and conversation might maintain the vitality necessary to a strong democratic system
