Centenary Reflections on Mark Twain's No. 44, the Mysterious Stranger Joseph Csicsila, Chad Rohman, 2009 In this first book on No 44 in thirty years thirteen especially commissioned essays by some of today's most accomplished Twain scholars cover an array of topics from domesticity and transnationalism to race and religion and reflect a variety of scholarly and theoretical approaches to the work This far reaching collection considers the status of No 44 within Twain's oeuvre as they offer cogent insights into such broad topics as cross culturalism pain and redemption philosophical paradox and comparative studies of the *Mysterious Stranger* manuscripts All of these essays attest to the importance of this late work in Twain's canon whether considering how Twain's efforts at truth telling are premeditated and shaped by his own experiences tracing the biblical and religious influences that resonate in No 44 or exploring the text's psychological dimensions Several address its importance as a culminating work in which Twain's seemingly disjointed story lines coalesce in meaningful albeit not always satisfactory ways An afterword by Alan Gribben traces the critical history of the *Mysterious Stranger* manuscripts and the contributions of previous critics A wide ranging critical introduction and a comprehensive bibliography on the last century of scholarship bracket the contributions Close inspection of this multidimensional novel shows how Twain evolved as a self conscious thinker and humorist and that he was a more conscious artist throughout his career than has been previously thought *Centenary Reflections* deepens our understanding of one of Twain's most misunderstood texts confirming that the

author of No 44 was a pursuer of an elusive truth that was often as mysterious a stranger as Twain himself
