The Dictators Hitlers Germany And Stalins Russia

David Stahel

The Dictators Hitlers Germany And Stalins Russia:

The Dictators R. J. Overy, 2004 Overy gives readers an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons

The Dictators R. J. Overy, 2004 An absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons

The Dictators Richard James Overy, 2010 This work analyses the two dictatorships of Hitler and Stalin It ranges from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form The author describes the human and historical roots of these evils

The Dictators: Hitler's Germany, Stalin's Russia Richard Overy, 2006-01-17 A book of great importance it surpasses all others in breadth and depth Commentary If the past century will be remembered for its tragic pairing of civilized achievement and organized destruction at the heart of darkness may be found Hitler Stalin and the systems of domination they forged Their lethal regimes murdered millions and fought a massive deadly war Yet their dictatorships took shape within formal constitutional structures and drew the support of the German and Russian people In the first major historical work to analyze the two dictatorships together in depth Richard Overy gives us an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form Overy shows us the human and historical roots of these evils

Terror Brett Bowden, Michael T. Davis, 2008 With a foreword by Geoffrey Robertson QC The issues of terror and terrorism confront us every day every time we board a flight pick up a newspaper or watch television Concerns about terrorism now dictate domestic and foreign policies around the world In a very real sense one way or another we find ourselves in the grip of terror But what is terror How is it described measured and experienced Is the current terrorist threat unprecedented The answers to many of these questions and the lessons therein are to be found in history and nowhere more so than in Europe In fact Europe has been home to some of the most terrifying and horrific events in recorded human history This collection takes a broad ranging yet detailed look at the landmark events and epochs of terror across Europe from the Gunpowder Plot of 1605 to the terrorist bombings on the London Underground in July 2005 Drawing on leading authorities from across the globe this volume explores the historical mutation of political violence and concepts of terror Terror will be of interest to scholars of history international relations and political science to policy makers and to the educated layperson

Hitler, the Germans, and the Final Solution Ian Kershaw, 2008-05-28 This volume presents a comprehensive multifaceted picture both of the destructive dynamic of the Nazi leadership and of the attitudes and behavior of ordinary Germans as the

persecution of the Jews spiraled into total genocide **Hitler, Stalin, and Mussolini** Bruce F. Pauley, 2014-09-15 The fourth edition of *Hitler Stalin and Mussolini Totalitarianism in the Twentieth Century* presents an innovative comparison of the origins development and demise of the three forms of totalitarianism that emerged in twentieth century Europe Represents the only book that systematically compares all three infamous dictators of the twentieth century Provides the latest scholarship on the wartime goals of Hitler and Stalin as well as new information on the disintegration of the Soviet empire Compares the early lives of Hitler Stalin and Mussolini their ideologies rise to and consolidation of power and the organization and workings of their dictatorships Features topics organized by themes rather than strictly chronologically Includes a wealth of visual material to support the text as well as a thorough Bibliographical Essay compiled by the author

Perspectives on the Entangled History of Communism and Nazism Klas-Göran Karlsson, Johan Stenfeldt, Ulf Zander, 2015-07-15 The collective work deals with the problems of if how and why the histories of German Nazism and Soviet Communism should and could be situated within one coherent narrative As historical phenomena can Communism and Nazism fruitfully be compared to each other Do they belong to the same historical contexts Have they influenced reacted to or learned from each other Are they interpreted represented and used together by posterity The background of the book is twofold One is external There is an ongoing debate about the historical entanglements of Communism and Nazism especially about Auschwitz and Gulag respectively Our present fascination with the evil history of genocide has situated the Holocaust as the borderline event in Western historical thinking The crimes against humanity perpetrated by the Soviet Communist regime do not have the same position but are considered more urgent in the East and Central European states that were subdued by both Nazi and Communist regimes The other internal background is to develop an analytical perspective in which the comnaz nexus can be understood Using a complex approach the authors investigate Communist and Nazi histories as entangled phenomena guided by three basic perspectives Focusing on roots and developments a genetic perspective highlights historical process oriented connections A structural perspective indicates an attempt to narrow down operational parallels of the two political systems in the way they handled ideology to construct social utopia used techniques of terror etc A third perspective is genealogical emphasizing the processing and use of Communist and Nazi history by posterity in terms of meaning and memory What past is worth remembering celebrating debating but also distorting and forgetting The chapters of the book address phenomena such as ideology terror secular religion museum exhibits and denial Why Germany Nearly Won Steven D. Mercatante, 2012-01-16 This book offers a unique perspective for understanding how and why the Second World War in Europe ended as it did and why Germany in attacking the Soviet Union came far closer to winning the war than is often perceived Why Germany Nearly Won A New History of the Second World War in Europe challenges this conventional wisdom in highlighting how the re establishment of the traditional German art of war updated to accommodate new weapons systems paved the way for Germany to forge a considerable military edge over its much larger

potential rivals by playing to its qualitative strengths as a continental power Ironically these methodologies also created and exacerbated internal contradictions that undermined the same war machine and left it vulnerable to enemies with the capacity to adapt and build on potent military traditions of their own The book begins by examining topics such as the methods by which the German economy and military prepared for war the German military establishment's formidable strengths and its weaknesses The book then takes an entirely new perspective on explaining the Second World War in Europe It demonstrates how Germany through its invasion of the Soviet Union came within a whisker of cementing a European based empire that would have allowed the Third Reich to challenge the Anglo American alliance for global hegemony an outcome that by commonly cited measures of military potential Germany never should have had even a remote chance of accomplishing The book's last section explores the final year of the war and addresses how Germany was able to hang on against the world's most powerful nations working in concert to engineer its defeat

Building Nazi Germany

Joshua Hagen, Robert C. Ostergren, 2019-08-19 This richly illustrated book details the wide ranging construction and urban planning projects launched across Germany after the Nazi Party seized power Hagen and Ostergren show that it was far more than just an architectural and stylistic enterprise Instead it was a series of interrelated programs intended to thoroughly reorganize Germany's economic cultural and political landscapes The authors trace the specific roles of its component parts the monumental redevelopment and cleansing of cities the construction of new civic landscapes for educational athletic and leisure pursuits the improvement of transportation industrial and military infrastructures and the creation of networked landscapes of fear slave labor and genocide Through distinctive examples the book draws out the ways in which combinations of place space and architecture were utilized as a cumulative means of undergirding the regime and its ambitions The authors consider how these reshaped spaces were actually experienced and perceived by ordinary Germans and in some cases the world at large as the regime intentionally built a new Nazi Germany

Operation Barbarossa and

Germany's Defeat in the East David Stahel, 2009-09-10 Operation Barbarossa the German invasion of the Soviet Union began the largest and most costly campaign in military history Its failure was a key turning point of the Second World War The operation was planned as a Blitzkrieg to win Germany its Lebensraum in the east and the summer of 1941 is well known for the German army's unprecedented victories and advances Yet the German Blitzkrieg depended almost entirely upon the motorised Panzer groups particularly those of Army Group Centre Using archival records in this book David Stahel presents a history of Germany's summer campaign from the perspective of the two largest and most powerful Panzer groups on the Eastern front Stahel's research provides a fundamental reassessment of Germany's war against the Soviet Union highlighting the prodigious internal problems of the vital Panzer forces and revealing that their demise in the earliest phase of the war undermined the whole German invasion

The New Makers of Modern Strategy

Hal Brands, 2023-05-02 First published by Princeton in 1943 the collection of essays that constituted Makers of Modern Strategy has largely held the field as the key

book that studied the means and ends of military power and thought and the historical figures that shaped that history The books in two editions have long been a staple of Princeton s backlist in international politics and strategic studies The first edition edited by Edward Mead Earle and subtitled Military Thought from Machiavelli to Hitler emerged out of a seminar of foreign policy and security experts organized between Princeton and the Institute of Advanced Study in reaction to World War II as a global conflict The subsequent edition edited by Peter Paret then at Stanford University was prepared in the early 1980s and subtitled From Machiavelli to the Nuclear Age In that edition three essays were reprinted from the earlier book four others were revised and the remainder twenty two essays were wholly new to reflect the updates in the field and also how the global political context had changed The two books together are regarded as the founding and leading text in military and strategic studies containing influential essays by many of the best known scholars of the subject The ambition of the new volume is to commission an entirely new edition of this classic reference work with 37 chapters organized into 5 sections covering key military leaders and the most important elements of strategic thinking since Thucydides and Sun Tzu The field of strategic and military history has witnessed an intellectual renaissance in recent decades as the number of strategic challenges faced by the world has grown enormously International politics has also changed The Cold War ended and the Soviet Union disappeared The United States entered a period of unipolarity only to see it challenged by the rise of new powers China in particular Terrorism civil wars so called rogue states insurgency and counter insurgency and cybersecurity all joined a growing list of strategic concerns New technologies promise to upend our understanding of conflict Furthermore scholars have learned more about earlier periods from the classic thinkers of strategy to the struggles of great power war to the dynamics of world politics during the Cold War Finally scholarship on international politics war and peace in the 20th century and after has become increasingly internationalized with the opening of new archives and the incorporation of new perspectives The aim of this volume is to serve as an overview and stimulant to research in this field one that encompasses the broader definitions of strategy in current research reflects the current state of world politics and also takes a more global and less Western perspective Publisher s description

Duce: The Contradictions of Power Peter J. Williamson, 2023-06-15 Eighty years after the fall of Benito Mussolini controversy remains about what his dictatorship represented This reflects the different sides to the Duce s leadership while adept at nurturing and enforcing his personal political power Mussolini s lack of insight into the requirements of governance prevented him from converting this power into influence to achieve his goals His efforts to maintain the support of Italy s conservative elites economic social and political also created tensions with his radical Fascist ambitions diminishing the momentum behind his regime Mussolini is frequently portrayed as a charismatic leader but his rule was secured principally by coercion violence and a spoils system Nonetheless his personality cult had significant popular appeal even if based upon a political myth This enabled him to consolidate his position and to dominate his Fascist colleagues but at a price of over centralized dysfunctional decision

making In this book the first comprehensive English language study of Mussolini in nearly two decades Peter J Williamson brings to life the contradictions within the Duce s leadership Using a wide range of sources Williamson reveals how these conflicts impeded the dictator s ambitions leaving him increasingly frustrated all while most Italians endured the severe privations of both failure and Fascism

Staging the Third Reich Anson Rabinbach,2020-07-08 A widely celebrated intellectual historian of twentieth century Europe Anson Rabinbach is one of the most important scholars of National Socialism working over the last forty years This volume collects for the first time his pathbreaking work on Nazi culture antifascism and the after effects of Nazism on postwar German and European culture Historically detailed and theoretically sophisticated his essays span the aesthetics of production messianic and popular claims the ethos that Nazism demanded of its adherents the brilliant and sometimes successful efforts of antifascist intellectuals to counter Hitler s rise the most significant concepts to emerge out of the 1930s and 1940s for understanding European authoritarianism the major controversies around Nazism that took place after the regime s demise the philosophical claims of postwar philosophers sociologists and psychoanalysts from Theodor Adorno to Hannah Arendt and from Alexander Kluge to Klaus Theweleit and the role of Auschwitz in European history

The Third Reich Martin Kitchen,2014-01-14 The twelve years of the Third Reich casts a dark shadow over history Fierce debates still rage over many of the hows whys and wherefores of this perplexing period Leading expert on German history Martin Kitchen provides a concise accessible and provocative account of Nazi Germany It takes into account the political social economic and cultural ramifications and sets it within the context of the times while pointing out those areas that still defy our understanding This lively account addresses major issues such as the reasons for Hitler s extraordinary popularity his hold over the German people even when all seemed lost the role of ideology the cooption of the elites and the descent into war for race and space culminating in the horrors of the holocaust

World War II Priscilla Roberts,2012-08-16 In this book an internationally renowned team of historians provides comprehensive coverage of all major campaigns and theaters of World War II synthesizing the tremendous breadth and depth of source materials on this global conflict It includes primary source documents created by both famous leaders and average citizens

World War II The Essential Reference Guide provides a comprehensive overview of the major events campaigns battles personalities and issues of World War II supplemented by a selection of primary source documents Comprising essays written by leading international scholars that introduce non specialist readers to all the major theaters of the war this volume covers the entire span both geographically and chronologically of this far reaching conflict A selection of official and personal documents conveys the emotionally charged tenor of the period and the tremendous psychological impact of the war on those involved in it both directly and indirectly The book includes scholarly essays on enduring dilemmas of World War II such as whether the United States justified in dropping the atomic bomb on Japan as well as comprehensive essays on the causes course and consequences of the war

The Routledge Companion to Nazi Germany Roderick Stackelberg,2007-12-12

Combines a narrative overview with chronological bibliographical and tabular information to cover major aspects of Nazi Germany This guide provides a survey of topics such as origins and consolidation of the Nazi regime

Bose in Nazi Germany Romain Hayes, 2011-11-20 By the late 1930s Subhas Chandra Bose had become disillusioned with Gandhi's leadership of the Indian National Congress and the nationalist struggle With the outbreak of the Second World War in 1939 he resolved that India could only achieve freedom through a violent uprising Two years later in 1941 Bose went on to make a daring escape via Afghanistan and Russia to Berlin in search of an anti British alliance The Nazis seized Bose's offer and the possibilities of an anti British revolt in India even envisaging German troops marching into the country as liberators Meanwhile thousands of British Indian troops captured in North Africa enlisted in the Wehrmacht hoping to join the Nazi march into India as they swore oaths to Hitler and Bose in the fight for the freedom of India Yet for all their accord the Bose Nazi relationship remained complicated full of ambivalences on both sides This book for the first time tells the story of Bose's war years in Germany and examines his relationship with the Nazis This period remains a deeply controversial moment in Indian history and has thus far been suffused with hagiography Using rare German and Indian war records Romain Hayes has written a nuanced thoughtful and vital account of these years shedding light on an aspect of Bose that has till now remained in shadow

European Dictatorships 1918-1945 Stephen J. Lee, 2016-02-12 *European Dictatorships 1918-1945* surveys the extraordinary circumstances leading to and arising from the transformation of over half of Europe's states to dictatorships between the first and the second world wars From the notorious dictatorships of Mussolini Hitler and Stalin to less well known states and leaders Stephen J Lee scrutinizes the experiences of Russia Germany Italy Spain Portugal and Central and Eastern European states This fourth edition has been fully revised and updated throughout New material for this edition includes the most recent research on individual dictatorships a new chapter on the experiences of Europe's democracies at the hands of Germany Italy and Russia an expanded chapter on Spain a new section on dictatorships beyond Europe exploring the European and indigenous roots of dictatorships in Latin America Asia and Africa Extensively illustrated with images maps tables and a comparative timeline and supported by a companion website providing further resources for study www.routledge.com/cw/lee *European Dictatorships 1918-1945* is a clear detailed and highly accessible analysis of the tumultuous events of early twentieth century Europe

The Global Revolution Silvio Pons, 2014-08-28 *The Global Revolution A History of International Communism 1917-1991* establishes a relationship between the history of communism and the main processes of globalization in the past century Drawing on a wealth of archival sources Silvio Pons analyses the multifaceted and contradictory relationship between the Soviet Union and the international communist movement to show how communism played a major part in the formation of our modern world The volume presents the argument that during the age of wars from 1914 to 1945 the establishment of the Soviet state in Russia and the birth of the communist movement had an enormous impact because of their promise of world revolution and international civil war Such perspective appeared

even more plausible in the aftermath of the Second World War and of revolution in China which paved the way for the expansion of communism in the post colonial world Communism challenged the West in the Cold War by means of anti capitalist modernization and anti imperialist mobilization showing itself to be a powerful factor in the politicization of global trends However the international legitimacy of communism declined rapidly in the post war era Soviet power exposed its inability to exercise hegemony as distinct from domination The consequences of Sovietization in Europe and the break between the Soviet Union and China were the primary reasons for the decline of communist influence and appeal Since communism lost its political credibility and cultural cohesion its global project had failed The ground was prepared for the devastating impact of Western globalization on communist regimes in Europe and the Soviet Union

The Dictators Hitlers Germany And Stalins Russia Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Dictators Hitlers Germany And Stalins Russia has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Dictators Hitlers Germany And Stalins Russia has opened up a world of possibilities. Downloading The Dictators Hitlers Germany And Stalins Russia provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Dictators Hitlers Germany And Stalins Russia has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Dictators Hitlers Germany And Stalins Russia. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Dictators Hitlers Germany And Stalins Russia. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Dictators Hitlers Germany And Stalins Russia, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Dictators Hitlers Germany And Stalins Russia has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers.

worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Dictators Hitlers Germany And Stalins Russia Books
