

DANCING MADNESS

The Dancing Madness

Kate Summerscale

The Dancing Madness:

The Dancing Mania of the Middle Ages Justus Friedrich Karl Hecker, 1885 **The Dancing Mania** Justus Friedrich Karl Hecker, 2015-05-07 The effects of the Black Death had not yet subsided and the graves of millions of its victims were scarcely closed when a strange delusion arose in Germany which took possession of the minds of men and in spite of the divinity of our nature hurried away body and soul into the magic circle of hellish superstition It was a convulsion which in the most extraordinary manner infuriated the human frame and excited the astonishment of contemporaries for more than two centuries since which time it has never reappeared It was called the dance of St John or of St Vitus on account of the Bacchantic leaps by which it was characterised and which gave to those affected whilst performing their wild dance and screaming and foaming with fury all the appearance of persons possessed It did not remain confined to particular localities but was propagated by the sight of the sufferers like a demoniacal epidemic over the whole of Germany and the neighbouring countries to the north west which were already prepared for its reception by the prevailing opinions of the time **The Dancing Mania of the Middle Ages** Justus Friedrich Karl Hecker, 2004-07-01 The Dancing Mania or Dancing Plague remains an unresolved mystery First seen in the 13th century it continued to appear sporadically over the following three centuries What compelled groups of people in Germany Holland Italy and other countries to engage in mass frenzied dancing is still not known Various causes have been suggested including demonic possession the bite of a tarantula epilepsy ergot poisoning and social adversity the real cause may be a combination or none of these *Madness* Petteri Pietikäinen, 2015-05-15 *Madness* A History is a thorough and accessible account of madness from antiquity to modern times offering a large scale yet nuanced picture of mental illness and its varieties in western civilization The book opens by considering perceptions and experiences of madness starting in Biblical times Ancient history and Hippocratic medicine to the Age of Enlightenment before moving on to developments from the late 18th century to the late 20th century and the Cold War era Petteri Pietikäinen looks at issues such as 18th century asylums the rise of psychiatry the history of diagnoses the experiences of mental health patients the emergence of neuroses the impact of eugenics the development of different treatments and the late 20th century emergence of anti psychiatry and the modern malaise of the worried well The book examines the history of madness at the different levels of micro meso and macro the social and cultural forces shaping the medical and lay perspectives on madness the invention and development of diagnoses as well as the theories and treatment methods by physicians and the patient experiences inside and outside of the mental institution Drawing extensively from primary records written by psychiatrists and accounts by mental health patients themselves it also gives readers a thorough grounding in the secondary literature addressing the history of madness An essential read for all students of the history of mental illness medicine and society more broadly **The Dancing Mania of the Middle Ages** Justus Friedrich Karl Hecker, 1970 **A History of Madness in Sixteenth-Century Germany** H. C. Erik Midelfort, 1999 This magisterial work

explores how Renaissance Germans understood and experienced madness. It focuses on the insanity of the world in general but also on specific disorders, examines the thinking on madness of theologians, jurists, and physicians, and analyzes the vernacular ideas that propelled sufferers to seek help in pilgrimage or newly founded hospitals for the helplessly disordered. In the process, the author uses the history of madness as a lens to illuminate the history of the Renaissance, the Reformation, and Counter Reformation, the history of poverty and social welfare, and the history of princely courts, state building, and the civilizing process. Rather than try to fit historical experience into modern psychiatric categories, this book reconstructs the images and metaphors through which Renaissance Germans themselves understood and experienced mental illness and deviance, ranging from such bizarre conditions as St. Vitus's dance and demonic possession to such medical crises as melancholy and mania. By examining the records of shrines and hospitals where the mad went for relief, we hear the voices of the mad themselves. For many religious Germans, sin was a form of madness, and the sinful world was thoroughly insane. This book compares the thought of Martin Luther and the medical religious reformer Paracelsus, who both believed that madness was a basic category of human experience. For them and others, the sixteenth century was an age of increasing demonic presence; the demon possessed seemed to be everywhere. For Renaissance physicians, however, the problem was finding the correct ancient Greek concepts to describe mental illness. In medical terms, the late sixteenth century was the age of melancholy. For jurists, the customary insanity defense did not clarify whether melancholy persons were responsible for their actions, and they frequently solicited the advice of physicians. Sixteenth-century Germany was also an age of folly, with fools filling a major role in German art and literature and present at every prince and princeling's court. The author analyzes what Renaissance Germans meant by folly and examines the lives and social contexts of several court fools.

The Dancing

Plague John Waller, 2009-09-01 A gripping tale of one of history's most bizarre events and what it reveals about the strange possibilities of human nature. In the searing July heat of 1518, Frau Troffea stepped into the streets of Strasbourg and began to dance. Bathed in sweat, she continued to dance. Overcome with exhaustion, she stopped and then resumed her solitary jig a few hours later. Over the next two months, roughly four hundred people succumbed to the same agonizing compulsion. At its peak, the epidemic claimed the lives of fifteen men, women, and children a day. Possibly 100 people danced to their deaths in one of the most bizarre and terrifying plagues in history. John Waller compellingly evokes the sights, sounds, and aromas, the diseases and hardships, the fervent supernaturalism, and the desperate hedonism of the late medieval world. Based on new evidence, he explains why the plague occurred and how it came to an end. In doing so, he sheds light on the strangest capabilities of the human mind and on our own susceptibility to mass hysteria.

Dance of the Sleepwalkers Frank M.

Calabria, 1993 The author draws upon the humanities and social sciences to analyze the meaning and significance of this form of aberrant play. Dance of the Sleepwalkers is descriptive of a freak form of amusement but more importantly, it

identifies the posture of Americans living in modern times: the automaton.

Ten Follies: A Journey Around the World in

Ten Forms of Madness Marco Innamorati, 2025-07-22 *Ten Follies A Journey Around the World in Ten Forms of Madness* focuses on a critical question in the history of psychiatry to what extent does psychopathology describe phenomena that exist before or beyond their description Marco Innamorati probes the view that any description of a psychopathological phenomenon is to a significant extent the result of a construction by the subject describing it or a co construction made by the clinician and the patient a perspective also known as the constructivist approach Starting from the work of the philosopher and historian of science Ian Hacking who proposed the concept of transient mental illness i e an illness that appears at a given time in a given place and then disappears Hacking 1998 Innamorati explores some forms of madness that seem to arise in a particular environment and in specific historical circumstances developing through a kind of epidemic and then disappearing almost definitively The author evaluates strengths and weaknesses of the constructivist approach by juxtaposing evolving hermeneutical questions to cultural factors From hysteria to demonic possession from the mad travellers to arctic shamanism until the recent mushrooming of the hikikomori phenomenon *Ten Follies* is an unconventional journey around the world in ten forms of madness which takes the reader through astonishing stories of suffering and healing Against the trend of mapping a single globalised discourse of folly this book embraces a kind of philosophical perspectivism ten follies which echoes the contemporary cultural transformation of the many narratives of madness The Dancing Mania of the Middle Ages Justus Friedrich Carl Hecker, 1885 **A Time to Dance, a Time to Die** John Waller, 2008 In July 1518 a terrifying and mysterious plague struck the medieval city of Strasbourg Hundreds of men and women danced wildly day after day in the punishing summer heat Their feet blistered and bled and their limbs ached with fatigue but they simply could not stop Throughout August and early September more and more were seized by the same terrible compulsion By the time the epidemic subsided heat and exhaustion had claimed an untold number of lives leaving thousands bewildered and bereaved and an enduring enigma for future generations This book explains why Strasbourg's dancing plague took place In doing so it leads us into a largely vanished world evoking the sights sounds aromas diseases and hardships the fervent supernaturalism and the desperate hedonism of the late medieval world At the same time it offers insights into how people behave when driven beyond the limits of endurance Not only a historical detective story *A Time to Dance A Time to Die* is also an exploration of the strangest capabilities of the human mind and the extremes to which fear and irrationality can lead us **BOOK JACKET** *The Book of Phobias and Manias* Kate Summerscale, 2022-09-27 From the winner of the Edgar Award and the Samuel Johnson Prize a cultural history of everyday madness *The Book of Phobias and Manias* is a thrilling compendium of 99 obsessions that have shaped us all the rare and the familiar from ablutophobia a horror of washing to sylogomania a compulsion to hoard to zoophobia a fear of animals Phobias and manias are deeply personal experiences and among the most common anxiety disorders of our time but they are also clues to our shared past The award winning author Kate Summerscale uses rich and riveting case studies to trace the origins of our obsessions

unearthing a history of human strangeness from the middle ages to the present day and a wealth of explanations for some of our most powerful aversions and desires **Fraser's Magazine for Town and Country** James Anthony Froude, John Tulloch, 1862 **The Edinburgh New Philosophical Journal** , 1837 The Edinburgh philosophical journal **Greek Literature in the Classical Period: The Poetics of Drama in Athens** Gregory Nagy, 2018-10-24 This volume is available on its own or as part of the seven volume set Greek Literature This collection reprints in facsimile the most influential scholarship published in this field during the twentieth century For a complete list of the volume titles in this set see the listing for Greek Literature ISBN 0 8153 3681 0 A full table of contents can be obtained by email reference routledge ny com

The New Sydenham Society's Lexicon of Medicine and the Allied Sciences New Sydenham Society, Henry Power, Leonard William Sedgwick, 1882 Fraser's Magazine for Town and Country , 1862 **The House Under the Sea** Max Pemberton, 1902 **Spirit Possession around the World** Joseph P. Laycock, 2015-05-26 This book provides a fascinating historical and cultural overview of traditional beliefs about spirit possession and exorcism around the world from Europe to Asia and the Middle East to the Americas Possession and exorcism are elements that occur in nearly every culture Why is belief in spiritual possession so universal This accessible reference volume offers a broad sample of the traditions and cultures involving possession and exorcism presenting thoughts on this widely popular topic by experts from the fields of anthropology sociology religious studies history neuroscience forensics and theology The entries cover the subject of possession and exorcism across all inhabited continents from the Bronze Age to the 21st century providing information that is accessible and intriguing as well as scholarly and authoritative Beyond addressing the Christian tradition of possession and exorcism Pentecostalism and New Age and less widely known Western concepts about possession and exorcism this work examines ideas about possession and exorcism from other world religions and the indigenous cultures of Asia Africa and the Americas It also covers historic cases of possession and presents biographies of famous theologians exorcists and possessed individuals High school and undergraduate readers will learn about world history religious and spiritual traditions and world cultures through a topic that figures prominently in popular culture and modern entertainment Bibliographies that accompany each entry as well as a selected general bibliography serve to help students locate print and electronic sources of additional information Phantasmata, Or, Illusions and Fanaticisms of Protean Forms Productive of Great Evils Richard Robert Madden, 1857

Decoding **The Dancing Madness**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**The Dancing Madness**," a mesmerizing literary creation penned with a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
