The Afterlife Is Where We Come From Alma Gottlieb, 2015-10-31 When a new baby arrives among the Beng people of West Africa they see it not as being born but as being reincarnated after a rich life in a previous world Far from being a tabula rasa a Beng infant is thought to begin its life filled with spiritual knowledge How do these beliefs affect the way the Beng rear their children In this unique and engaging ethnography of babies Alma Gottlieb explores how religious ideology affects every aspect of Beng childrearing practices from bathing infants to protecting them from disease to teaching them how to crawl and walk and how widespread poverty limits these practices A mother of two Gottlieb includes moving discussions of how her experiences among the Beng changed the way she saw her own parenting Throughout the book she also draws telling comparisons between Beng and Euro American parenting bringing home just how deeply culture matters to the way we all rear our children All parents and anyone interested in the place of culture in the lives of infants and vice versa will enjoy *The Afterlife Is Where We Come From* This wonderfully reflective text should provide the impetus for formulating research possibilities about infancy and toddlerhood for this century Caren J Frost Medical Anthropology Quarterly Alma Gottlieb's careful and thought provoking account of infancy sheds spectacular light upon a much neglected topic It makes a strong case for the central place of babies in anthropological accounts of religion Gottlieb's remarkably rich account delivered after a long and reflective period of gestation deserves a wide audience across a range of disciplines Anthony Simpson Critique of Anthropology

Roman Comedy against the Subject Mario Telò, 2025-09-17 Roman Comedy against the Subject provides an expansive interpretation of four Roman comedies named after objects Plautus's *Cistellaria* *Aulularia* and *Rudens* and Terence's *Eunuchus* In this book the titular object provides an opportunity not to reconceive the relational politics of Roman comedy but to conceive a different politics of familial and social relations with Roman comedy Employing object oriented ontology psychoanalysis queer theory and Black critical theory the book radically recasts perennial problems of Roman comedy and literature in general the author in relation to mothering alternative maternities character in relation to neurodiversity genre in relation to sibling like parentality and the title itself in relation to gendering and ungendering Roman Comedy against the Subject explores the aesthetic and political possibilities of becoming object of embracing itness Rather than assimilating objects to subjects or vital agents the book finds emancipatory potential in renouncing the normative and intrinsically exclusionary subjecthood of he she and they markers of privilege that are burdened by the violence of humanization and often dehumanizing of others The introduction features nine brief but acute readings of object oriented modern dramas Tennessee Williams's *Glass Menagerie* Yukio Mishima's *The Damask Drum* Eugène Ionesco's *Les Chaises* and Alice Childress's *String* among others
