Trilogy Sarah Stafford,2021-10-25 The final installment of The Dark Angel Trilogy      The Lost Angels N. Lang,2017-02-28 Lisa an aspiring artist can't stop painting what she's dreaming about angels She also starts to see things while awake like demons trying to kill her A mysterious man shows up to save her Joe He might hold the answers to her paintings a forgotten past and a mission to find the divided Angelheart with the help of three angels before the demons of the Underworld find it unleashing Hell on Earth      *The Cinema of Isolation* Martin F. Norden,1994 Filmmakers have often encouraged us to regard people with physical disabilities in terms of pity awe humor or fear as Others who somehow deserve to be isolated from the rest of society In this first history of the portrayal of physical disability in the movies Martin Norden examines hundreds of Hollywood movies and notable international ones finds their place within mainstream society and uncovers the movie industry's practices for maintaining the status quo keeping people with disabilities dependent and in their place Norden offers a dazzling array of physically disabled characters who embody or break out of the stereotypes that have both influenced and been symptomatic of society's fluctuating relationship with its physically disabled minority He shows us sweet innocents like Tiny Tim obsessive avengers like Quasimodo variations on the disabled veteran and many others He observes the arrival of a new set of stereotypes tied to the growth of science and technology in the 1970s and 1980s and underscores movies like *My Left Foot* and *The Waterdance* that display a newfound sensitivity Nordens in depth knowledge of disability history makes for a particularly intelligent and sensitive approach to this long overlooked issue in media studies      **The Pact** Chris Iwegbu,2016-03-31 Obinna Kelechi graduated first class from the university but was unable to find a job His financial circumstances were of the very worst kind and couldn't possibly be worse Luck seemed to smile at him at last when he met Joshua Babatunde a very wealthy and charming personality who later became his closest friend For some time everything went well and Obinna Kelechi finally seemed to have gotten the break he has been seeking through his new friend Joshua Babatunde who provided him with all he needed to lead a far better life However all that glitters is not gold as there was a very big price to pay In addition some very disturbing facts later emerged about Joshua Babatunde Obinna Kelechi suddenly finds himself trapped and needed to break free The story culminated in a final showdown between the forces of light and darkness      **Sensate Haven Abyss** Aisha Daniel,2024-02-03 Sensate Haven is profoundly influenced by augmented reality and artificial intelligence and it symbolizes and acts as an excellent example of technological progress Nevertheless there's a shadow an unintended result of unbridled expansion somewhere amid the glistening skyline A digital turbulent strikes the city revealing the murky side of networked progress The Bodhisattvas discover a malevolent force that seeks revenge with a technological weapon of unimaginable power and threatens to annihilate their worlds An unfathomable power threatens to destroy their worlds with a diabolical force that demands retribution The menacing sound of hopelessness reverberates through Sensate Haven's broken urban landscapes pressing the Bodhisattvas to discover the evil force's mysteries and avert the ultimate convergence a pit of unending fear The haunting chorus of despair echoes through misty

woods and shattered cityscapes challenging the Bodhisattvas to unravel the malevolent force's secrets and prevent the ultimate abyss of perpetual dread. The previously praised innovations are now upending the delicate balance between creation and chaos from holographic illusions to virtual horrors. This is a compelling story about using code to play god. Will the shadows cast by its own advancements kill Sensate Haven or can the hesitant hero face the nightmare and find a way to restore balance to a planet on the verge of technological chaos? Travel into the digital shadows, a future where creativity as well as ethics collide and where unintended consequences of technology disruption wreak havoc.
