The Day Guernica Died:

The Day Guernica Died Gordon Thomas, Max Morgan Witts, 1975-01-01 Om tyske luftvåbens massakre på den spanske landsby Guernica under Den Spanske Borgerkrig 1936-39 Appendix om jernvidner til bombardementet s. 300-304 **The Dark Valley** Piers Brendon, 2007-12-18 The 1930s were perhaps the seminal decade in twentieth century history a dark time of global depression that displaced millions paralyzed the liberal democracies gave rise to totalitarian regimes and ultimately led to the Second World War In this sweeping history Piers Brendon brings the tragic dismal days of the 1930s to life From Stalinist pogroms to New Deal programs Brendon recreates the full scope of a slow international descent towards war Offering perfect sketches of the players riveting descriptions of major events and crises and telling details from everyday life he offers both a grand rousing narrative and an intimate portrait of an era that make sense out of the fascinating complicated and profoundly influential years of the 1930s **Deadly Perfume** Gordon Thomas, 2014-07-01 In this breakneck thriller the New York Times bestselling author introduces Mossad agent David Morton a man as dangerous as the terrorists he hunts In the aftermath of the 1990-1991 Gulf War a megalomaniac terrorist holds the world hostage threatening to poison every major city with a deadly virus He has the means a form of anthrax capable of wiping out millions in minutes and demonstrates its potency by adding a small vial of it to the drinking water in a small South African town killing all of the inhabitants With only seven days to meet his demands the world's leaders call on David Morton a brilliant and ruthless Mossad agent The result is a tense global chase leading from China to Athens London Libya South Africa Tel Aviv and New York drawing good and evil closer and closer in a battle to the death *Deadly Perfume* penetrates the real world of intelligence gathering to reveal its secret subculture with its hidden loyalties and agendas Gordon Thomas has imagined a world so terrifyingly real that it poses the question Is it imagined at all A horribly convincing thriller Intelligence agent David Morton deals with the psychodynamics of terrorism with modern technology at his fingertips and the ears of Western politicians at his command I was left hoping that we have some real Mortons at our disposal Daily Mail [Memory and Amnesia](#) Paloma Aguilar Fernández, 2002-08 Using a rich variety of sources this book explores how the historical memory of the Spanish Civil War influenced the transition to democracy in Spain after Franco's death in 1975 **World Fascism** Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others

succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal *Voices in the Silence* Gordon Thomas,2014-07-01

Adamthwaite,2013-08-21 First published in 1979 In this text the Adamthwaite aims at leading students through the maze of documentation surrounding the Second World War His book combines a critical assessment of recent research and writing with a painstaking selection of the key documents needed for a clear understanding of the policies that led to war It contains the first student selection of British French German Italian and Soviet documents many of which are translated for the first time Though emphasis falls on the years 1935-9 material is also included for the period 1929-35

Franco and the Condor Legion Michael Alpert,2019-06-27 The Spanish Civil War was fought on land and at sea but also in an age of great interest in air warfare and the rapid development of warplanes The war in Spain came a turning point in the development of military aircraft and was the arena in which new techniques of air war were rehearsed including high speed dogfights attacks on ships bombing of civilian areas and tactical air ground cooperation At the heart of the air war were the Condor Legion a unit composed of military personnel from Hitler's Germany who fought for Franco's Nationalists in Spain In this book Michael Alpert provides the first study in English of the Spanish Civil War in the air He describes and analyses the intervention of German Italian and Soviet aircraft in the Spanish conflict as well as the supply of aircraft in general and the role of volunteer and mercenary airmen His book provides new perspectives on the air war in Spain the precedents set for World War II and the possible lessons learnt The Pope's Jews Gordon Thomas,2012-10-02 This

revelatory account of how the Vatican saved thousands of Jews during WWII shows why history must exonerate Hitler's Pope. Accused of being silent during the Holocaust, Pope Pius XII and the Vatican of World War II are now exonerated in Gordon Thomas's newest investigative work *The Pope's Jews*. Thomas's careful research into new first-hand accounts reveals an underground network of priests, nuns, and citizens that risked their lives daily to protect Roman Jews. Investigating assassination plots, conspiracies, and secret conversions, Thomas unveils faked documentation, quarantines, and more extraordinary actions taken by Catholics and the Vatican. *The Pope's Jews* finally answers the great moral question of the War: Why did Pope Pius XII refuse to condemn the genocide of Europe's Jews? **The Battle for Spain** Antony

Beevor, 2006-06-01 A fresh and acclaimed account of the Spanish Civil War by the bestselling author of *Stalingrad* and *The Battle of Arnhem*. To mark the 70th anniversary of the Spanish Civil War's outbreak, Antony Beevor has written a completely updated and revised account of one of the most bitter and hard-fought wars of the twentieth century. With new material gleaned from the Russian archives and numerous other sources, this brisk and accessible book, Spain's 1 bestseller for twelve weeks, provides a balanced and penetrating perspective explaining the tensions that led to this terrible overture to World War II and affording new insights into the war, its causes, course, and consequences. **Organ Hunters** Gordon

Thomas, 2012-01-10 On a remote island in Central America, David Morton must foil Dr. Gustav Romer, who performs transplants for the elite of the crime world with organs harvested from those killed by a sinister organization. **The Spanish Holocaust** Paul Preston, 2012-06-04 Long neglected by European historians, the unspeakable atrocities of Franco's Spain are finally brought to tragic light in this definitive work. Evoking such classics as Anne Applebaum's *Gulag* and Robert Conquest's *The Great Terror*, *The Spanish Holocaust* sheds light on one of the darkest and most unexamined eras of modern European history. As Spain finally reclaims its historical memory, a full picture can now be drawn of the atrocities of Franco's Spain, from torture and judicial murders to the abuse of women and children. Paul Preston provides an unforgettable account of the systematic terror carried out by Spain's fascist government. Spain's Civil War Harry Browne, 2014-09-25 This study

offers a succinct analysis of a critical period in Spain's history. It assesses the causes and course of the Civil War and covers Franco's New Spain. For the Second Edition, there is a fuller examination of the politics of the Second Republic and the regional and social bases of Spain's political parties. There is also a more detailed account of the military conduct of the war and of the extent of international involvement. *The Blitz and its Legacy* Peter J. Larkham, 2016-12-05 Triggered in part by contemporary experiences in the Balkans, the Middle East, and elsewhere, there has been a rise in interest in the blitz and the subsequent reconstruction of cities, especially as many of the buildings and areas rebuilt after the Second World War are now facing demolition and reconstruction in their turn. Drawing together leading scholars and new researchers from across the fields of planning, history, architecture, and geography, this volume presents an historical and cultural commentary on the immediate and longer-term impacts of wartime destruction. The book's contents in 14 chapters cover the spread of themes

from experiencing the war to reconstruction and its experiences and although many chapters draw upon the UK experience there is deliberate inclusion of some material from mainland Europe and Japan to emphasise that the experiences processes and products are not London specific A comparative book tracing destruction to reconstruction is a relative rarity and yet of the utmost importance in possessing wider relevance to post disaster reconstructions The Blitz and Its Legacy is a fascinating volume which includes war experiences of destruction architecture urban design the political process of planning and reconstruction and also popular perceptions of rebuilding Its findings provide very timely lessons which highlight the value of learning from historical precedent

Spain in Arms E. R. Hooton, 2019-02-19 This detailed military history of the Spanish Civil War dispels long held misconceptions and sheds significant new light on the conflict Spain in Arms chronicles the development of the Spanish Civil War on the battlefield examining eight campaigns waged between 1937 and 1939 Through detailed analysis it demonstrates how many accounts of military operations during this conflict are based upon half truths and propaganda From the Madrid Front to the Catalonia Offensive each campaign is chronicled with special focus on the weapons and tactics used as well as the moment to moment decisions of both Republican and Nationalist generals Hooton also sheds light on the true extent of foreign intervention in the conflict Using British and French archives he produces a more accurate and radically different account of the battles and the factors that shaped them Ultimately Hooton reveals the superiority of the Nationalist alliance in both training and overall command Spain in Arms draws on specialized German Italian and Russian works and is the first book to quote secret data about Italian air operations intercepted by the British A magisterial work of military history it combines detailed analysis with historical context showing how the events of the Spanish civil War provide a link between the First and Second World Wars
