Good, 2009-09-28 On the evening of April 14 1865 when President Abraham Lincoln was assassinated in Ford's Theatre an entire audience was witness to the tragedy From diaries letters depositions affidavits and periodicals here is a collection of accounts from a variety of theatergoers who by chance saw one of the truly

pivotal events in US history Providing minute firsthand details recorded over a span of ninety years We Saw Lincoln Shot explores a subject that will forever be debated With a sharp focus upon the circumstances reported by one hundred actual witnesses We Saw Lincoln Shot provides vivid documentation of a momentous evening and exposes errors that have been perpetuated as the assassination has been rendered into written histories Lincoln's Assassination Edward Steers,2014-09-09 For 150 years the assassination of Abraham Lincoln has fascinated the American people Relatively few academic historians however have devoted study to it viewing the murder as a side note tied to neither the Civil War nor Reconstruction Over time the traditional story of the assassination has become littered with myths from the innocence of Mary Surratt and Samuel Mudd to John Wilkes Booth s escape to Oklahoma or India where he died by suicide several years later In this succinct volume Edward Steers Jr sets the record straight expertly analyzing the historical evidence to explain Lincoln s assassination The decision to kill President Lincoln Steers shows was an afterthought John Wilkes Booth s original plan involved capturing Lincoln delivering him to the Confederate leadership in Richmond and using him as a bargaining chip to exchange for southern soldiers being held in Union prison camps Only after Robert E Lee surrendered the Army of Northern Virginia and Richmond fell to Union forces did Booth change his plan from capture to murder As Steers explains public perception about Lincoln s death has been shaped by limited but popular histories that assert alternately that Secretary of War Edwin Stanton engineered the assassination or that John Wilkes Booth was a mad actor fueled by delusional revenge In his detailed chronicle of the planning and execution of Booth s plot Steers demonstrates that neither Stanton nor anyone else in Lincoln s sphere of political confidants participated in Lincoln s death and Booth remained a fully rational person whose original plan to capture Lincoln was both reasonable and capable of success He also implicates both Mary Surratt and Samuel Mudd as well as other conspirators clarifying their parts in the scheme At the heart of Lincoln s assassination Steers reveals lies the institution of slavery Lincoln s move toward ending slavery and his unwillingness to compromise on emancipation spurred the white supremacist Booth and ultimately resulted in the president s untimely death With concise chapters and inviting prose this brief volume will prove essential for anyone seeking a straightforward authoritative analysis of one of the most dramatic events in American history *Why Was Lincoln Murdered?* Otto Eisenschiml,2020-12-01 Why did General Grant suddenly alter his plans and decide not to go to Ford s Theater on the evening of Lincoln s assassination Who during that same night tampered with the telegraph wires leading out of Washington Why was the President s bodyguard at the playhouse guilty of the grossest negligence not punished nor even questioned Perhaps the most serious reproach against historical writers is not that they have left such questions unanswered but that they have failed to ask them Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork **The Curse of Cain** Theodore J. Nottingham,1998-02 Written by Booth s

Great Grandson thrice removed *The Curse Of Cain* retells in dramatic form another version of the Booth saga This work will tantalize readers with insights and details known only to the immediate family giving a new perspective on this crucial moment in American history *Lincoln of Kentucky* Lowell H. Harrison, 2010-09-12 Young Abraham Lincoln and his family joined the migration over the Ohio River but it was Kentucky the state of his birth that shaped his personality and continued to affect his life His wife was from the commonwealth as were each of the other women with whom he had romantic relationships Henry Clay was his political idol Joshua Speed of Farmington near Louisville was his lifelong best friend and all three of his law partners were Kentuckians During the Civil War Lincoln is reputed to have said I hope to have God on my side but I must have Kentucky He recognized Kentucky's importance as the bellwether of the four loyal slave states and accepted the commonwealth's illegal neutrality until Unionists secured firm control of the state government Lowell Harrison emphasizes the particular skill and delicacy with which Lincoln handled the problems of a loyal slave state populated by a large number of Confederate sympathizers It was not until decades later that Kentuckians fully recognized Lincoln's greatness and paid homage to their native son *Eisenschiml V. Fawcett Publications, Inc* ,1956 **Beware the People Weeping** Thomas Reed Turner, 1991-09-01 The first killing of a president in American history the assassination of Abraham Lincoln shook the nation to its foundations with grief and rage With one bullet the brief period of good feeling at the end of the Civil War was over By 1867 the initial belief that the Confederate leadership had engineered the assassination had given way to speculation that Andrew Johnson had been behind the conspiracy This was followed by bitter attacks on the military trial and on the defense of its two most prominent victims Mrs Surratt and Dr Mudd Most recently there have been attempts to show that it was the radical faction of Lincoln's own party that arranged his death In *Beware the People Weeping* Thomas Reed Turner pushes away the elaborate conspiracy theories that have always surrounded Lincoln's death and uncovers exactly what can be known about the murder and its aftermath Finding that many historians have worked in ignorance of the context of the events or distorted the evidence to suit their own ideas about political assassination Turner looks instead to public opinion of the time as reflected in newspapers diaries letters sermons and transcripts of the pretrial investigation and the trial itself to understand how and why the public and the military reacted as they did Probing the aftermath of the assassination Turner tells of the spontaneous outpouring of rage and despair the reaction in the defeated South the almost universal conviction that the South was behind the plot the actions of the authorities in tracking the conspirators and the trials of the suspects including that of John Surratt in 1867 A close look at these confused events and an untangling of the controversies that arose in their wake *Beware the People Weeping* strips away more than a century of speculation to retell with hard facts the history of Abraham Lincoln's death **A School History of the United States** John Bach McMaster, 1901 **The Lincoln-Kennedy Coincidences** Jonathan Knight, 2023-01-06 This work is a witty exploration of the eerie similarities between the assassinations of presidents Abraham Lincoln and John Kennedy that have fascinated both

casual and serious history buffs for more than half a century From the compilation of these mysterious coincidences to the campfire story of a curse cast upon the American presidency this account is filled with captivating anecdotes that are often hard to believe Balancing historical research with a sprinkle of whimsy this book is the most substantial investigation of a nearly folkloric American topic Pulling back the curtain of history it sheds light on what makes these coincidences so intriguing and enduring Lincoln Herald ,2001
