The Desert Doctor Heinz G. Konsalik, 1981-01-01 The Desert Doctor H. G. Gunther, 1979 **Chandler** Jody A. Crago, Mari Dresner, Nate Meyers, 2012 Chandler is located 20 miles southeast of Phoenix and has been the home of innovative forward thinking people for many decades As Phoenix began to grow in the late 19th century a young veterinarian decided to acquire several acres of the surrounding land Dr Alexander J Chandler took a few business gambles with his new acquisition and the 18 000 acres known then as Chandler Ranch were soon split into lots and sold as the new town of Chandler Once the town was established in 1912 Dr Chandler relied on industrial agriculture and the new lavish San Marcos Hotel to attract new residents Later Dr Chandler brought Frank Lloyd Wright to redesign downtown and build a new hotel During World War II several families and businesses came to the area because of the new Williams Air Force Base Following the war high tech businesses and bioscience firms created a new economy in Chandler which led to a modern patchwork of people who represent Chandler today **The Doctor in Literature** Solomon Posen, 2005 Posen a retired physician and a former English major has indexed 1500 passages from approximately 600 novels short stories and plays describing physicians He also analyzes several persistent themes in literature such as doctors fees lack of time bedside manner and social status Posen s extensive research has uncovered a resentment of doctors and a discontent with the medical profession that transcends time and place Annotation 2004 Book News Inc Portland OR booknews com **Travels to Discover the Source of the Nile: In the years 1769, 1770, 1771, 1772 and 1773 (Complete)** Earl of James Bruce Elgin, 2020-09-28 HOWEVER little the reader may be conversant with ancient histories in all probability he will know or have heard this much in general that the attempt to reach the Source of the Nile the principal subject of this publication from very early ages interested all scientific nations Nor was this great object feebly prosecuted as men the first for wisdom for learning and spirit a most necessary qualification in this undertaking very earnestly interested themselves about the discovery of the sources of this famous river till disappointment followed disappointment so fast and consequences produced other consequences so fatal that the design was entirely given over as having upon the fairest trials appeared impracticable Even conquerors at the head of immense armies who had first discovered and then subdued great part of the world were forced to lower their tone here and dared scarcely to extend their advances toward this discovery beyond the limits of bare wishes At length if it was not forgot it was however totally abandoned from the causes above mentioned and with it all further topographical inquiries in that quarter Upon the revival of learning and of the arts the curiosity of mankind had returned with unabated vigour towards this object but all attempts had met with the same difficulties as before till in the beginning of his Majesty s reign the unconquerable spirit raised in this nation by a long and glorious war did very naturally resolve itself into a spirit of adventure and inquiry at the return of peace one of the first fruits of which was the discovery of these coy fountains¹ till now concealed from the world in general The great danger and difficulties of this journey were well known but it was likewise

known that it had been completely performed without disappointment or misfortune that it had been attended with an apparatus of books and instruments which seldom accompanies the travels of an individual yet sixteen years had elapsed without any account appearing which seemed to mark an unusual self denial or an absolute indifference towards the wishes of the public Men according to their different genius and dispositions attempted by different ways to penetrate the cause of this silence The candid the learned that species of men in fine for whom only it is worth while to travel or to write supposing perhaps with some degree of truth that an undeserved and unexpected neglect and want of patronage had been at least part of the cause adopted a manner which being the most liberal they thought likely to succeed They endeavoured to entice me by holding out a prospect of a more generous disposition in the minds of future ministers when I should shew the claim I had upon them by having promoted the glory of the nation Others whom I mention only for the sake of comparison below all notice on any other ground attempted to succeed in this by anonymous letters and paragraphs in the newspapers and thereby absurdly endeavoured to oblige me to publish an account of those travels which they affected at the same time to believe I had never performed

Dust Devils Dayton Lummis,2007 Dayton Lummis has lived a unique American life as museum director in a mountain ghost town 9 500 feet high as caretaker of an abandoned ranch surrounded by endless desert as an inveterate wanderer pulled through vast empty landscapes that most Americans have never heard of and will never see And always always on his journeys he takes back roads The characters Lummis has met and interacted with along the way form a vivid rogues gallery of oddballs misfits and losers and he knows how to tell their stories As a highly opinionated his friends say grumpy observer himself Lummis gives trenchant insight into a region and a way of life that helped shape America but now seems to be vanishing forever Born in New York City raised on Philadelphia s Main Line and educated in the Ivy League Dayton Lummis was nevertheless drawn inexorably into the most remote regions of the American West where he has lived and worked It all started when his parents divorced and his eccentric father left the East Coast for a primitive little ranch in a then isolated section of the Malibu Mountains half a century before the Hollywood stars got there On his first trip out West as a teen ager Dayton Lummis came to love America s most desolate regions Fifty years later his ardor still burns hot He divides his time between Santa Fe and Pennsylvania but his wanderlust is insatiable and he is always ready to hit the road again *Arcangel I: Nathaniel The Fourth* Frank Hill Miranda,2012-09-10 This was a time Before History Before Man knew of the value or meaning Of God First came the Angels It was their world to rule and reign Almost gods themselves In a world That had almost forgotten the Warrior Angel Known as Nathaniel the fourth Arcangel And all the angels were Warriors Elite the
