The Development Of American Nationality:

The Development of American Citizenship, 1608-1870 James H. Kettner, 2014-01-01 The concept of citizenship that achieved full legal form and force in mid nineteenth century America had English roots in the sense that it was the product of a theoretical and legal development that extended over three hundred years This prize winning volume describes and explains the process by which the circumstances of life in the New World transformed the quasi medieval ideas of seventeenth century English jurists about subjectship community sovereignty and allegiance into a wholly new doctrine of volitional allegiance The central British idea was that subjectship involved a personal relationship with the king a relationship based upon the laws of nature and hence perpetual and immutable The conceptual analogue of the subject king relationship was the natural bond between parent and child Across the Atlantic divergent ideas were taking hold Colonial societies adopted naturalization policies that were suited to practical needs regardless of doctrinal consistency Americans continued to value their status as subjects and to affirm their allegiance to the king but they also moved toward a new understanding of the ties that bind individuals to the community English judges of the seventeenth and eighteenth centuries assumed that the essential purpose of naturalization was to make the alien legally the same as a native that is to make his allegiance natural personal and perpetual In the colonies this reasoning was being reversed Americans took the model of naturalization as their starting point for defining all political allegiance as the result of a legal contract resting on consent This as yet barely articulated difference between the American and English definition of citizenship was formulated with precision in the course of the American Revolution Amidst the conflict and confusion of that time Americans sought to define principles of membership that adequately encompassed their ideals of individual liberty and community security The idea that all obligation rested on individual volition and consent shaped their response to the claims of Parliament and king legitimized their withdrawal from the British empire controlled their reaction to the loyalists and underwrote their creation of independent governments This new concept of citizenship left many questions unanswered however The newly emergent principles clashed with deep seated prejudices including the traditional exclusion of Indians and Negroes from membership in the sovereign community It was only the triumph of the Union in the Civil War that allowed Congress to affirm the quality of native and naturalized citizens to state unequivocally the primacy of the national over state citizenship to write black citizenship into the Constitution and to recognize the volitional character of the status of citizen by formally adopting the principle of expatriation **The**

Development of American Nationality Carl Russell Fish, 1919 *The Development of American Nationality* Carl Russell Fish, 2015-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United

an introductory course in American history a general manual which will embody in some measure at least the enlarged knowledge and the new points of View made possible by the results of research in recent years They believe also that this history will meet the requirements of the general reader who desires a comprehensive view of the subject within reasonable compass For the student and the general reader alike it is hoped that the bibliographical notes may point the way to more extended studies About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Growth of the United States Ralph Volney Harlow, 1925 **John Franklin**

Jameson and the Development of Humanistic Scholarship in America: Selected essays John Franklin

Jameson, 1993-01-01 John Franklin Jameson 1859 1937 was instrumental in the development of history as an academic discipline in the United States After the Johns Hopkins University awarded him the country's first doctorate in history he became a founder of the American Historical Association served as the first managing editor of the American Historical Review and was a key figure in the creation of the National Archives the National Historical Publications Commission and the Dictionary of American Biography This book the first volume in an ambitious documentary edition of Jameson's public and private papers contains essays representing Jameson's own scholarly concerns followed by documents that reflect his role as an advocate for public support of historical and humanistic research Many of these writings appear in print here for the first time As a writer on historical subjects Jameson is best known for his small book on the American Revolution published late in his career The scholarly essays contained in this volume however reveal pioneering work in a variety of subjects including American political history black history southern constitutional and political history and social history In such writings Jameson showed great sensitivity to the significance of race religion ethnicity and culture as historical elements At a time when the study of American political institutions predominated among historical scholars Jameson championed the claims of social economic and religious history and provided a basis for further research that historians have yet to exploit fully The remaining documents in this volume not only demonstrate Jameson's advocacy of scholarship but also reveal him as a thoughtful commentator on the academic world at a crucial point in its development Jameson entreated historical societies and professional scholars to decide for themselves the historical research that needed to be done and to seek support accordingly instead of simply doing whatever work wealthy patrons were willing to subsidize Similarly he told colleges and universities to give scholars the freedom to engage in research without being hamstrung by the predilections of trustees And finally he admonished the federal government to fulfill its responsibility to protect and publish historically significant

documents As a young scholar notes Morey Rothberg in his introduction Jameson was trapped between his desire to explore the social aspects of American political history and his conservative political instincts which appeared to frustrate that ambition Consequently he established a career as an institution builder rather than as a writer of historical narrative He ultimately provided the American historical profession a national structure within which the distinctive elements of race ethnicity class and culture could be investigated by others since he could not bring himself to attempt this task The two future volumes in this project will bring together Jameson s correspondence and other documents that detail Jameson s strategies for encouraging the growth of professional scholarship The completed project promises a wealth of rich insights into the significance of humanistic research and education in contemporary society a tool not only for historians but also for cultural administrators journalists and those involved in politics and government

History of the Negro Race in America from 1619 to 1880 George Washington Williams,1882

Race and American Political Development Joseph E. Lowndes,Julie Novkov,Dorian T. Warren,2012-11-12 Race has been present at every critical moment in American political development shaping political institutions political discourse public policy and its denizens political identities But because of the nature of race its evolving and dynamic status as a structure of inequality a political organizing principle an ideology and a system of power we must study the politics of race historically institutionally and discursively Covering more than three hundred years of American political history from the founding to the contemporary moment the contributors in this volume make this extended argument Together they provide an understanding of American politics that challenges our conventional disciplinary tools of studying politics and our conservative political moment s dominant narrative of racial progress This volume the first to collect essays on the role of race in American political history and development resituates race in American politics as an issue for sustained and broadened critical attention

Race, Ethnicity, and American Decline Cal Jillson,2024-01-31 This book explores the deterioration of the promise of the American dream particularly for Black Americans Cal Jillson traces the source and cause of that decline to race prejudice first in the stark form of human slavery and later in various forms of racial and ethnic discrimination that has distorted American progress over the past four centuries and now portends American decline Employing historical analysis of race and ethnicity in American life from colonial to modern times the chapters examine the various understandings of race and ethnicity in American public life and politics and ask what those understandings imply for political and policy approaches to addressing injustice and restoring the American dream Drawing on sources from political science history sociology and economics this book will supplement a main text in upper division courses on race and ethnicity political sociology public opinion demography and public policy

The American Catalogue ,1896

American Immigration and Citizenship John R. Vile,2016-09-02 One of the most contentious issues in America today is the status of immigration American Immigration and Citizenship shows that this issue is far from new In this book John Vile provides context for contemporary debates on the topic through key historical

documents presented alongside essays that interpret their importance for the reader The author concludes that a highly interconnected world presents no easy answers and offers no single immigration policy that will work for all time The book includes a mix of laws constitutional provisions speeches and judicial decisions from each period Vile furthermore traces the interconnections between issues of citizenship and issues of immigration indicating that public opinion and legislation has often contained contradictory strains Although the primary focus has been on national laws and decisions some of the readings clearly indicate the stakes that states which are often affected disproportionately by such laws have also had in this process

Portrait of America Jerrold Hirsch, 2004-07-21 How well do we know our country Whom do we include when we use the word American These are not just contemporary issues but recurring questions Americans have asked themselves throughout their history and questions that were addressed when in 1935 the Roosevelt administration created the Federal Writers Project FWP under the aegis of the Works Progress Administration Although the immediate context of the FWP was work relief national FWP officials developed programs that spoke to much larger and longer standing debates over the nature of American identity and culture and the very definition of who was an American Hirsch reviews the founding of the FWP and the significance of its American Guide series considering the choices made by administrators who wanted to celebrate diversity as a positive aspect of American cultural identity In his exploration of the FWP s other writings Hirsch discusses the project s pioneering use of oral history in interviews with ordinary southerners ex slaves ethnic minorities and industrial workers He also examines congressional critics of the FWP vision the occasional opposition of local Federal Writers especially in the South and how the FWP s vision changed in response to the challenge of World War II In the course of this study Hirsch raises thought provoking questions about the relationships between diversity and unity government and culture and ultimately culture and democracy

The Civil War and the Transformation of American Citizenship Paul D. Quigley, 2018-06-04 The meanings and practices of American citizenship were as contested during the Civil War era as they are today By examining a variety of perspectives from prominent lawmakers in Washington D C to enslaved women from black firemen in southern cities to Confederate migr s in Latin America *The Civil War and the Transformation of American Citizenship* offers a wide ranging exploration of citizenship s metamorphoses amid the extended crises of war and emancipation Americans in the antebellum era considered citizenship at its most basic level as a legal status acquired through birth or naturalization and one that offered certain rights in exchange for specific obligations Yet throughout the Civil War period the boundaries and consequences of what it meant to be a citizen remained in flux At the beginning of the war Confederates relinquished their status as U S citizens only to be mostly reabsorbed as full American citizens in its aftermath The Reconstruction years also saw African American men acquire at least in theory the core rights of citizenship As these changes swept across the nation Americans debated the parameters of citizenship the possibility of adopting or rejecting citizenship at will and the relative importance of political privileges economic opportunity and cultural belonging

Ongoing inequities between races and genders over the course of the Civil War and in the years that followed further shaped these contentious debates The Civil War and the Transformation of American Citizenship reveals how war Emancipation and Reconstruction forced the country to rethink the concept of citizenship not only in legal and constitutional terms but also within the context of the lives of everyday Americans from imprisoned Confederates to former slaves *American Citizenship and Constitutionalism in Principle and Practice* Steven F. Pittz, Joseph Postell, 2022-01-13 Questions at the very heart of the American experiment about what the nation is and who its people are have lately assumed a new even violent urgency As the most fundamental aspects of American citizenship and constitutionalism come under ever more powerful pressure and as the nation's politics increasingly give way to divisive partisan extremes this book responds to the critical political challenge of our time the need to return to some conception of shared principles as a basis for citizenship and a foundation for orderly governance In various ways and from various perspectives this volume's authors locate these principles in the American practice of citizenship and constitutionalism Chapters in the book's first part address critical questions about the nature of U S citizenship subsequent essays propose a rethinking of traditional notions of citizenship in light of the new challenges facing the country With historical and theoretical insights drawn from a variety of sources ranging from Montesquieu John Adams and Henry Clay to the transcendentalists Cherokee freedmen and modern identitarians *American Citizenship and Constitutionalism in Principle and Practice* makes the case that American constitutionalism as shaped by several centuries of experience can ground a shared notion of American citizenship To achieve widespread agreement in our fractured polity this notion may have to be based on thin political principles the authors concede yet this does not rule out the possibility of political community By articulating notions of citizenship and constitutionalism that are both achievable and capable of fostering solidarity and a common sense of purpose this timely volume drafts a blueprint for the building of a genuinely shared political future *The Columbian Covenant: Race and the Writing of American History* James Carson, 2014-12-18 This provocative analysis of American historiography argues that when scholars use modern racial language to articulate past histories of race and society they collapse different historical signs of skin color into a transhistorical and essentialist notion of race that implicates their work in the very racial categories they seek to transcend **Impossible Subjects** Mae M. Ngai, 2014-04-27 This book traces the origins of the illegal alien in American law and society explaining why and how illegal migration became the central problem in U S immigration policy a process that profoundly shaped ideas and practices about citizenship race and state authority in the twentieth century Mae Ngai offers a close reading of the legal regime of restriction that commenced in the 1920s its statutory architecture judicial genealogies administrative enforcement differential treatment of European and non European migrants and long term effects She shows that immigration restriction particularly national origin and numerical quotas remapped America both by creating new categories of racial difference and by emphasizing as never before the nation's contiguous land borders and their patrol

Explaining the History of American Foreign Relations Frank Costigliola, Michael J. Hogan, 2016-03-07 A longtime classic in its first and second editions Explaining the History of American Foreign Relations 3rd edition presents substantially revised and new essays on traditional themes such as national security corporatism borderlands history and international relations theory The book also highlights such innovative conceptual approaches and analytical methods as computational analysis symbolic borders modernization and technopolitics nationalism non state actors domestic politics exceptionalism legal history nation branding gender race political economy memory psychology emotions and the senses Each chapter is written by a highly respected scholar in the field many of whom have risen to prominence since the second edition s publication This collection is an indispensable volume for teachers and students in foreign relations history international relations history and political science The essays are written in accessible jargon free prose thus also making the book appropriate for general readers seeking an introduction to history and political science *Maryland School Bulletin* Maryland. State Department of Education, 1923

The Development Of American Nationality Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Development Of American Nationality has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Development Of American Nationality has opened up a world of possibilities. Downloading The Development Of American Nationality provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Development Of American Nationality has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Development Of American Nationality. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Development Of American Nationality. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Development Of American Nationality, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure

their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Development Of American Nationality has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Development Of American Nationality Books

What is a The Development Of American Nationality PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Development Of American Nationality PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Development Of American Nationality PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Development Of American Nationality PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Development Of American Nationality PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any

restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
