Encyclopedia of Life Writing Margaretta Jolly,2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company A Concise Bibliography for Students of English Arthur G. Kennedy,1948 *The Biographer and the Subject* Rana Tekcan,2010-03-01 A good biography is a well staged illusion It creates on paper a vivid rounded and immediate sense of lived life In contrast to purely fictional forms biography writing does not allow total freedom to the biographer in the creative act Ideally a biography s backbone is formed by accurate historical facts But its soul lies elsewhere Since the concern is life something more is needed Nothing dry cold or dead but a vibrant impression of life that is left in the air after one turns over the last page But how does a biographer do it The way a biographer creates a subject is largely dictated by the historical distance between them There are three types of distance in biographical writing First where the biographer and the subject personally know one another second where the biographer is a near contemporary of the subject and third where biographer and subject are distinctly separated in some cases by hundreds of years Tekcan explores how some of the most accomplished biographers manage to recreate life across time and space She closely examines Samuel

Johnson's Life of Mr Richard Savage James Boswell's Life of Samuel Johnson Lytton Strachey's Eminent Victorians Michael Holroyd's Lytton Strachey Park Honan's Jane Austen and Andrew Motion's Keats *The Indian Autobiographies in English* R. C. P. Sinha, 2013 Self portrayal has become an integral part of modern culture and India equally shares this universal mood A large number of Indians have committed themselves to the writing of their autobiographies in English as well as in the regional languages It is exciting to know that those in English have been produced by some of the finest minds of the country such as Raja Rammohun Roy Lal Behari Day Surendra Nath Banerjea Bipin Chandra Pal Lala Lajpat Rai Mahatma Gandhi Rabindranath Tagore Jawaharlal Nehru Subhash Chandra Bose P C Roy S Radhakrishnan Sachchidanand Sinha and Nirad C Chaudhury It is highly fascinating to read their testimony in the shaping of modern Indian history Even more exciting are the glimpses into their private lives and the interrelation between the portrait and the man This study is the first comprehensive attempt to critically evaluate these works and shows how in modern times Indians begin to get over the proverbial Indian inhibition in talking of private affairs hesitatingly first and then with a devastating even embarrassing frankness This study in passing also tries to dispel the impression that no autobiographical tradition existed in ancient and medieval India *Bulletin* University of Minnesota, 1917 *Transnational Perspectives on Artists' Lives* Marleen Rensen, Christopher Wiley, 2020-10-06 This book demonstrates the significance of transnationality for studying and writing the lives of artists While painters musicians and writers have long been cast as symbols of their associated nations recent research is increasingly drawing attention to those aspects of their lives and works that resist or challenge the national framework The volume showcases different ways of treating transnationality in life writing by and about artists investigating how the transnational can offer intriguing new insights on artists who straddle different nations and cultures It further explores ways of adopting transnational perspectives in artists biographies in order to deal with experiences of cultural otherness or international influences and analyses cross cultural representations of artists in biography and biofiction Gathering together insights from biographers and scholars with expertise in literature music and the visual arts *Transnational Perspectives on Artists Lives* opens up rich avenues for researching transnationality in the cultural domain at large **Posthumous Lives** Bette London, 2022-04-15 *Posthumous Lives* explores the shifting significance of public and private efforts to commemorate British soldiers killed in World War I as well as the less well remembered casualties of the war including Voluntary Aid Detachments nurses conscientious objectors civilians and soldiers executed for desertion or cowardice and the compelling hold the First World War has had on the British imagination for more than a century By using the concept of the posthumous life the attempt to extend the presence of the dead into the lives of the living Bette London demonstrates how this idea came to shape Britain's First World War memory practices and rituals London draws on a diverse range of source materials from sentimental memorabilia books commissioned by bereaved families and canonical works of literature and art by Virginia Woolf Wilfred Owen and Sir Edwin Lutyens to centenary memorials and commemorative art

installations to uncover the surprising connections between memorialization practices war writing and modernism Spanning the century from the middle of World War I to its centenary celebrations *Posthumous Lives* illuminates in a deeply moving narrative how the dead are remembered to meet the shifting needs of the living *Studies in Philology* ,1922 **The Biographical Process** Frank E.
