**What the Woods Took** Courtney Gould, 2024-12-10 A visceral unflinching and emotionally powerful horror novel this is Gould at her most poignant and most electric Ava Reid 1 New York Times bestselling author of *A Study in Drowning* *Yellowjackets* meets *Girl Interrupted* when a group of troubled teens in a wilderness therapy program find themselves stranded in a forest full of monsters eager to take their place Devin Green wakes in the middle of the night to find two men in her bedroom No stranger to a fight she calls to her foster parents for help but it soon becomes clear this is a planned abduction one everyone but Devin signed up for She's shoved in a van and driven deep into the Idaho woods where she's dropped off with a cohort of equally confused teens Finally two camp counselors inform them that they've all been enrolled in an experimental therapy program If the campers can learn to change their self-destructive ways and survive a fifty days hike through the wilderness they'll come out the other side as better versions of themselves Or so the counselors say Devin is immediately determined to escape She's also determined to ignore Sheridan the cruel mouthed lavender haired bully who mocks every group exercise But there's something strange about these woods inhuman faces appearing between the trees visions of people who shouldn't be there flashing in the leaves and when the campers wake up to find both counselors missing therapy becomes the least of their problems Stranded and left to fend for themselves the teens quickly realize they'll have to trust each other if they want to survive But what lies in the woods may not be as dangerous as what the campers are hiding from each other and if the monsters have their way no one will leave the woods alive Atmospheric and sharp *What the Woods Took* is a poignant story of transformation that explores the price of becoming someone or something new Unsettling raw and absolutely terrifying Gould tears open the tender angry heart of teenage friendship and what happens when our loved ones fail us Trang Thanh Tran New York Times bestselling author of *She is a Haunting*

**The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition** Aun Hasan Ali, 2023-06-15 Against the background of long standing narratives in which Twelver Shi'ism is viewed as fundamentally authoritarian *The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition* builds upon recent scholarship in the fields of Religious Studies Anthropology and History to argue that Twelver Shi'ism is better understood as a discursive tradition At a conceptual level this solves the basic problem of how to integrate the extraordinary diversity of Twelver Shi'ism across time and space into a single historical category without engaging in a normative assessment of its underlying essence Furthermore in light of this conception of tradition the School of Hillah stands out as a seminal period in the archive of Twelver Shi'ism though it has seldom been recognized as such in European language scholarship Insofar as it gave birth to a conversation that would prove capable of encompassing the dynamism of Twelver Shi'ism the School of Hillah should be considered the formative period of Twelver Shi'i tradition Moreover when the tradition is conceptualized in this manner it is a bulwark against the very authoritarianism by which Twelver Shi'ism has been characterized for so long
