Digging for History at Old Washington Mary L. Kwas, 2009-01-01 Positioned along the legendary Southwest Trail the town of Washington in Hempstead County in southwest Arkansas was a thriving center of commerce business and county government in the nineteenth century Historical figures such as Davy Crockett and Sam Houston passed through and during the Civil War when the Federal troops occupied Little Rock the Hempstead County Courthouse in Washington served as the seat of state government A prosperous town fully involved in the events and society of the territorial antebellum Civil War and Reconstruction eras Washington became in a

way frozen in time by a series of events including two fires a tornado and being bypassed by the railroad in 1874 Now an Arkansas State Park and National Historic Landmark Washington has been studied by the Arkansas Archeological Survey over the past twenty five years Digging for History at Old Washington joins the historical record with archaeological findings such as uncovered construction details evidence of lost buildings and remnants of everyday objects Of particular interest are the homes of Abraham Block a Jewish merchant originally from New Orleans and Simon Sanders from North Carolina who became the town s county clerk The public and private lives of the Block and Sanders families provide a fascinating look at an antebellum town at the height of its prosperity

Twang: A Novel John Schlimm,2011-06 In TWANG a novel former Country Music publicist John Schlimm peels back the industry crafted cliché of Nashville and its beloved superstars He takes readers backstage of the sold out concerts inside the homes and heads of Nashville s elite and introduces them to a side of show business that has yet to be revealed Readers are whisked away on a wild ride to a provocative and quirky place with fictional characters who seem strikingly familiar and who will leave the readers shocked titillated laughing and realizing that the real world of Country Music is far more compelling and scandal ridden than they could ever have imagined

The Three Pillars Barbara J. Sivertsen,2010-05-10 The Three Pillars How Family Politics Shaped the Earliest Church and the Gospel of Mark examines how family relationships played a key role in the earliest Christian church By disentangling the two disparate genealogies of Jesus the author reconstructs the families of Joseph and Mary Presented here for the first time is the full ancestry of Jesus mother Mary who was descended from the anti Hasmonean high priest Alcimus The author suggests that Mary and her daughter Mary played a hitherto unrecognized role in the church s earliest leadership struggle and that a composite of these two women not Mary Magdalene was the basis for the Gnostic Mary of later Christian works The author next explores how this early leadership conflict shaped the Gospel of Mark which she argues was written by Peter s son She discusses Mark s footprint in this Gospel and how Mark s resentment of the relatives of Jesus his ambivalence toward his father and his anger at the disciples for ceding leadership to these relatives is at the heart of some of the most distinctive features of the Second Gospel features that have perplexed biblical scholars and laymen for centuries The last section examines the mysterious Beloved Disciple in the Gospel of John The author concludes that the many unlikely elements in the account of the arrest and interrogation of Jesus can only be explained by seeing the Beloved Disciple as a close relative of the high priest Caiaphas and that this family relationship was crucial to the protection of the early Christians in Jerusalem The book s final chapter offers reflections on how kinship played an important role in Jesus ministry and how the high priestly leadership responded to him in part because of his family lineage

The Search Harvey Meredith,2016-07-06 This story is an insight into the views and understandings of someone raised in a strict Catholic family forced to learn a religion at the earliest age This study was undertaken after a near lifetime of reflection upon the beliefs and the basis of his religious teachings This exercise in researching the teachings of the Catholic Church and Christian religion in general exposes the

triangle of fear guilt and doubt about the religion driven from Rome that has cemented his personal beliefs Living through the jungle of regimented hypocrisy lemming like beliefs and teaching tactics has provided the incentive to personally investigate the subject of Christian religion and to learn as much as possible about the subject that has survived nearly two thousand years
