Consumer's Resource Handbook U.S. Office of Consumer Affairs. Consumer Information Division, 1979 [No Farms, No Food](#) Don Stuart, 2022-04-14 No farms, no food tells the story of the American Farmland Trust, illustrating the organization's role in developing key strategies to preserve farmland. AFT's significant contribution was bringing together farmers and environmentalists to protect working land from development while instituting conservation management techniques. The organization helped develop the first conservation title in the farm bill and the USDA's Agricultural Conservation Easement Program (ACEP), which provides federal funding for local agricultural easement programs throughout the country. The book shows how the strategies used by AFT can be replicated to make further gains in protecting US farmland.
