Smuggling In East Anglia 1700 184:

Popular Disturbances in England 1700-1832 John Stevenson, 2014-06-06 John Stevenson has revised and expanded his standard but long unobtainable work on Popular Protest and Public Order 1700 1870 in two self sufficient volumes The first 1700 1832 appeared in 1992 this is its keenly awaited sequel The greater part of it is entirely new and brings the analysis of popular disturbance and its political and economic roots through to modern times Tracing the theme through from the Chartists of the late 1830s to the British Union of Fascists in the late 1930s it highlights both the changing agendas and the unchanging tensions that underlie social disorder *Bibliography of Nautical Books*, 1998 Parish and Belonging K. D. M. Snell, 2006-11-16 What role did the parish play in people's lives in England and Wales between 1700 and the mid twentieth century By comparison with globalisation and its dislocating effects the book stresses how important parochial belonging once was Professor Snell discusses themes such as settlement law and practice marriage patterns cultures of local xenophobia the continuance of out door relief in people's own parishes under the new poor law the many new parishes of the period and their effects upon people's local attachments The book highlights the continuing vitality of the parish as a unit in people's lives and the administration associated with it It employs a variety of historical methods and makes important contributions to the history of welfare community identity and belonging It is highly relevant to the modern themes of globalisation de localisation and the decline of community helping to set such changes and their consequences into local historical perspective **Calendar of Treasury Books: August 1699 to September 1700** Great Britain. Keble Chatterton, 2012-10 Excerpt a bag were accordingly lowered over the ship's side into the boat and away went the little craft to the shore having as it was supposed cheated the Customs The Caroline continued her course and proceeded to London The Customs authorities however had got wind of the affair and the matter was brought to a conclusion before one of his Majesty's judges The Caroline continued her course and proceeded to London To List But East Indiamen were just as bad if not a great deal worse for it was their frequent practice to arrive in the Downs and sell quantities of tea to the men who came out from Deal in Pg 212 small craft The commodity could then be kept either for the use of their families and sold to their immediate friends or sent up to London by

the duffers in the manner we spoke of in an earlier chapter In the instances when spirits were smuggled into the country there was usually some arrangement between the publicans and the smugglers for disposing of the stuff But you may ask how did the Deal boatmen manage to get the tea to their homes without being seen by the Customs officers In the first place it was always difficult to prove that the men really were smugglers for they would be quite wide awake enough not to bring obvious bales ashore and secondly the Deal men had such a reputation as desperate characters that no officer unless he was pretty sure that a smuggling transaction was being carried on and could rely too on being well supported by other Customs men and the soldiers would think of meddling in the matter But lastly the men who came ashore from the East Indiamen had a smart little dodge of their own for concealing the tea How the Deal Boatmen used to Smuggle Tea Ashore ToList The accompanying picture is no imaginary instance but is actually taken from an official document The figure is supposed to represent one of these Deal boatmen and the numerals will explain the methods of secreting the tea 1 King's cutters and smugglers, 1700-1855 Edward Keble Chatterton,1971 *The Fine Art of Smuggling* E.
