Drum Fills: The Basics and Beyond D. Scott Williams,2012-03-02 This book was created to help drummers improve their abilities to play great drum fills the material presented was originally developed over the course of several years as a result of the needs and requests of many of my students As drummers practice playing fills it becomes apparent that there are a variety of issues that need to be addressed to play fluent and creative fills a drummer needs a strong foundation of basic fill concepts the technique to execute the fill and musical ideas for the content of the fill Without these key elements playing fills can be a source of difficulty and frustration to further illustrate this idea In some cases a drummer may practice a particular lick or sticking pattern to a high degree of physical execution but does not have a clear understanding of how to apply it well within a musical phrase the opposite is also sometimes true a drummer may understand a simple rhythmic idea and play it very well as a fill but doesn t quite know how to employ more interesting techniques or sounds into the phrase and get something else out of it The goal of this book is to help drummers achieve a balance in these necessary skills This book presents a diverse collection of studies and exercises that clarify the basics of drum fills develop more advanced and specific techniques to use in fills and present many ideas for musical phrases using the techniques the studies are presented in an order that follows a natural progression of ability however the exercises do not need to be played in the order they are presented Students and teachers can select exercises to design a curriculum that fits a student s needs as their skills develop with each set of exercises you will find

descriptions tips and practice instructions Sometimes they are written for each individual study and when appropriate they are written for the entire chapter Be sure to read the text that accompanies each part of this book to get the most out of the exercise

Drums For Dummies Jeff Strong,2020-06-23 Become a different drummer Drumming is natural to all of us after all it mimics the regular beat of our hearts But some of us want to go further and really lay down a big beat And no wonder whether you want to become the powerful backbone of a band or just learn how to play a hand drum for pleasure drumming is a lot of fun Oh and it s scientifically proven to make you smarter Bonus healthier Drums For Dummies gets you going on the road to becoming the drummer you want to be Get started with the basics what drums to buy exercises that build your skills and playing simple rhythms Then move into more complex topics explore drumming styles from around the world and add other percussion instruments to your repertoire Written in an easy to follow step by step style by respected instructor Jeff Strong you ll go from banging out basic rhythms with or without sticks to acquiring versatility with different styles and types of drum The book also provides online audio files to drum along with as well as suggestions for solo approaches to wow your bandmates Understand fundamental techniques Hone your technique with exercises Explore other percussion instruments Care for your drums The all time drumming great Neal Peart of the band Rush once said that when he saw a good drummer all he wanted to do was practice Drums For Dummies is your best way to do just that and start hitting your perfect groove P S If you think this book seems familiar you re probably right The Dummies team updated the cover and design to give the book a fresh feel but the content is the same as the previous release of Drums For Dummies 9780471794110 The book you see here shouldn t be considered a new or updated product But if you re in the mood to learn something new check out some of our other books We re always writing about new topics
