## **So Much To Be Done Women Settlers On The Mining And Ranching Frontier:**

So Much to be Done Ruth Barnes Moynihan, Susan Hodge Armitage, Christiane Fischer Dichamp, 1998-01-01 In this new and enlarged edition the editors have built on an already strong collection with four new accounts Colorado pioneer Augusta Tabor gives a sense of the heady days as Leadville became a major mining center Abigail Duniway describes the challenges of life for women in the Pacific Northwest Effie Wiltbank's short selection is a reminiscence of her grandmother's receipt for washing clothes a chore that epitomizes the practical skill determination and common sense required of so many Western women Apolinaria Lorenzana offers a rare glimpse of the operations of the mission system while illuminating the perils of living with the acquisitive Americans

**In Tender Consideration** Daniel W. Stowell, 2024-04-22 From debt to divorce from adultery to slander cases with women as plaintiffs defendants or both appeared regularly on docket books in antebellum Illinois Nearly one fifth of Abraham Lincoln's cases involved women as litigants and during the twenty five years of his legal career thousands of women appeared in Illinois courts as litigants criminal defendants witnesses and spectators Drawing on the rich resources of *The Law Practice of Abraham Lincoln Complete Documentary Edition* a DVD version of Lincoln's complete legal papers *In Tender Consideration* scans the full range of family woes that antebellum Americans took to the law Deserted wives destitute widows jilted brides with illegitimate children and slandered women brought their cases before the courts often receiving a surprising degree of sympathy and support Through the stories of dozens of individuals who took legal action to obtain a divorce contest a will prosecute a rapist or assert rights to family property this volume illuminates the legal status of women and children in Illinois and their experiences with the law in action Contributors document how the courts viewed children and how they responded to inheritance custody and other types of cases involving children or their interests These cases also highlight Lincoln's life in law placing him more clearly within the context of the legal culture in which he lived and raising intriguing questions about the influence of his legal life on his subsequent political one

*Women in Pacific Northwest History* Karen J. Blair, 2016-06-01 This new edition of Karen Blair's popular anthology originally published in 1989 includes thirteen essays eight of which are new Together they suggest the wide spectrum of women's experiences that make up a vital part of Northwest history

Women and Nature Glenda Riley, 1999-01-01 Long before Rachel Carson's fight against pesticides placed female environmental activists in the national spotlight women were involved in American environmentalism In *Women and Nature Saving the Wild West* Glenda Riley calls for a reappraisal of the roots of the American conservation movement This thoroughly researched study of women conservationists provides a needed corrective to the male dominated historiography of environmental studies The early conservation movement gained much from women's widespread involvement Florence Merriam Bailey classified the birds of New Mexico and encouraged appreciation of nature and concern for environmental problems Ornithologist Margaret Morse Nice published widely on Oklahoma birds In 1902 Mary Knight Britton established the Wild Flower Preservation Society of America Women also

stimulated economic endeavors related to environmental concerns including nature writing and photography health spas and resorts and outdoor clothing and equipment From botanists birders and nature writers to club women and travelers untold numbers of women have contributed to the groundswell of support for environmentalism **The Great Arizona Orphan**

**Abduction** Linda Gordon, 2011-02-09 In 1904 New York nuns brought forty Irish orphans to a remote Arizona mining camp to be placed with Catholic families The Catholic families were Mexican as was the majority of the population Soon the town's Anglos furious at this interracial transgression formed a vigilante squad that kidnapped the children and nearly lynched the nuns and the local priest The Catholic Church sued to get its wards back but all the courts including the U S Supreme Court ruled in favor of the vigilantes The Great Arizona Orphan Abduction tells this disturbing and dramatic tale to illuminate the creation of racial boundaries along the Mexican border Clifton Morenci Arizona was a wild West boomtown where the mines and smelters pulled in thousands of Mexican immigrant workers Racial walls hardened as the mines became big business and whiteness became a marker of superiority These already volatile race and class relations produced passions that erupted in the orphan incident To the Anglos of Clifton Morenci placing a white child with a Mexican family was tantamount to child abuse and they saw their kidnapping as a rescue Women initiated both sides of this confrontation Mexican women agreed to take in these orphans both serving their church and asserting a maternal prerogative Anglo women believed they had to save the orphans and they organized a vigilante squad to do it In retelling this nearly forgotten piece of American history Linda Gordon brilliantly recreates and dissects the tangled intersection of family and racial values in a gripping story that resonates with today's conflicts over the best interests of the child **Remarkable Colorado Women** Gayle Shirley, 2012-01-24

**Monument** Elizabeth Wegman-French, 2006 The history of Faraway Ranch and the Erickson Riggs family is a rich and complex story However if viewed simplistically as we often have the Faraway Ranch story is one more tale of Western settlement Two Swedish immigrants one a soldier and the other an officer's family servant meet at a frontier military post

fall in love and decide to homestead along the banks of Bonita Creek in the Chiricahua Mountains from the introduction

**Bright Epoch** Andrea G. Radke-Moss, 2008-01-01 With the passage of the Morrill Act in 1862 many states in the Midwest and the West chartered land grant colleges following the Civil War Because of both progressive ideologies and economic necessity these institutions admitted women from their inception and were among the first public institutions to practice coeducation Although female students did not feel completely accepted by their male peers and professors in the land grant environment many of them nonetheless successfully negotiated greater gender inclusion for themselves and their peers In **Bright Epoch** Andrea G Radke Moss tells the story of female students early mixed gender encounters at four institutions Iowa Agricultural College the University of Nebraska Oregon Agricultural College and Utah State Agricultural College Although land grant institutions have been most commonly associated with domestic science courses for women **Bright Epoch** illuminates the diversity of other courses of study available to female students including the sciences literature journalism business commerce and law In a culture where the forces of gender separation constantly battled gender inclusion women found new opportunities for success and achievement through activities such as literary societies athletics military regiments and women s rights and suffrage activism Through these venues women students challenged nineteenth century gender limitations and created broader definitions of female inclusion and participation in the land grant environment and in the larger American society

**The Line which Separates** Sheila McManus, 2005 In the late nineteenth century the forty ninth parallel was a key site of Canadian and American efforts to shape their respective nations and to create national identities The international border sliced through Blackfoot country creating the Alberta Montana borderlands yet the dynamic arising out of this region s landscape aboriginal people newcomers railroads and ongoing cross border ties proved to challenge each government s efforts to colonize and nationalize this region Sheila McManus makes an important and useful comparison between American and Canadian government policies and attitudes regarding race gender and homesteading Drawing on government maps and reports oral testimony and personal papers **The Line Which Separates** explores the uneven way in which the borderlands divided a previously cohesive region

*Life at Four Corners* Carol Coburn, 1992 Defined less by geography than by demographic character Block Kansas in many ways exemplifies the prevalent yet seldom scrutinized ethnic religion based community of the rural Midwest Physically small the town sprang up around four corners formed by crossroads Spiritually strong and cohesive it became the educational and cultural center for generations of German Lutheran families In this book Carol Coburn analyzes the powerful combination of those ethnic and religious institutions that effectively resisted assimilation for nearly 80 years only to succumb to the influences of the outside world during the 1930s and 1940s Emphasizing the formal and informal education provided by the church school and family she examines the total process of how values identities and all aspects of culture were transmitted from generation to generation

Margot Mifflin,2009-04-01 Based on historical records including the letters and diaries of Oatman s friends and relatives The Blue Tattoo is the first book to examine her life from her childhood in Illinois including the massacre her captivity and her return to white society to her later years as a wealthy banker s wife in Texas BOOK JACKET The Life of Elaine Goodale

Eastman Theodore D. Sargent,2005-01-01 Raised in a sheltered puritanical household in New England Elaine Goodale Eastman 1863 1953 followed her conscience and calling in 1885 when she traveled west and opened a school on the Great Sioux Reservation in South Dakota Over the next six years she witnessed many of the monumental events that affected the Lakotas including the inception of the Ghost Dance religion and the fallout from the Wounded Knee massacre in December 1890 She also fell in love with and married Charles Eastman a Dakota doctor with whom she had six children and went on to help edit his many popular books on Sioux life and culture This biography draws on a newly discovered cache of more than one hundred letters from Elaine that were collected by one of her sisters Rose Goodale Dayton as well as newly discovered family correspondence and photographs Previous books about Elaine including her own autobiography emphasize her work on the Sioux reservation and association with her famous husband Access to her personal papers however enabled Theodore D Sargent to shed new light on the dynamics of her thirty year marriage to Charles and its ultimate demise the importance of her own literary contributions during this period and the challenges and successes of her life following their separation The result is a long overdue multidimensional portrait of the relationships and aspirations that impelled and troubled this fascinating woman and her extraordinary life **Gendering Radicalism**

Beth Slutsky,2015 In 1919 Charlotte Anita Whitney a wealthy white woman received one of the first Communist Labor Party membership cards for the charter group of the northern California Communist Labor Party Less than a decade later in Berkeley California a Jewish woman named Dorothy Ray Healey became a card carrying member of the Young Communist League Nearly forty years later in 1966 Kendra Claire Harris Alexander a mixed race woman enlisted with the Los Angeles branch of the Communist Party determined to promote class equality In Gendering Radicalism Beth Slutsky examines how American leftist radicalism was

experienced through the lives of these three women who led the California branches of the Communist Party from its founding in 1919 to its near dissolution in 1992. Separately each woman represents a generation of the membership and activism of the party. Collectively Slutsky argues their individual histories tell the story of one of the most infamous organizations this country has ever known and in a broader sense represent the story of all women who have devoted their lives to radicalism in America. Slutsky considers how gender politics, California's political climate, coalitions with other activist groups and local communities, and generational dynamics created a grassroots Communist movement distinct from the Communist parties in the Soviet Union and Europe. An ambitious comparative study, *Gendering Radicalism* demonstrates the continuity and changes of the party both within and among three generations of its female leaders' lives. Domesticating the West Brenda K. Jackson, 2005-01-01 In 1881 Thomas and Elizabeth Tannatt said a final good bye to Massachusetts and the eastern seaboard and set out in search not of land but of opportunities for social and political advancement. Facing severe limitations to their goals in the depressed and disheveled postwar East, the Tannatts went west to Walla Walla, Washington Territory, to pursue their dreams of influence and status. *Domesticating the West* examines the motivations of late nineteenth century middle class migrants who moved west to build communities and establish themselves as leaders. The West offered new opportunities for solidly middle class eastern families who endured hardship, uncertainty, and displacement during the Civil War and who struggled to carve out meaningful social space in the war's aftermath. Brenda K. Jackson places the Tannatts at the center of this movement and demonstrates how gender, class, and place affected the new migrants' abilities to integrate into their new communities. She also shows how easterners redefined themselves as leaders of a new moral western environment through volunteerism and political participation. While many studies of westward expansion focus exclusively on the earliest pioneers, Jackson adroitly shows how later arrivals shaped the social, economic, and cultural growth of the nation.

**Moving Out** Polly Spence, 2002-01-01 *Moving Out: A Nebraska Woman's Life* is the autobiography of Polly Spence, 1914-98, and an intimate portrait of small town life in the mid twentieth century. The descendant of Irish settlers, Polly spent her first fifteen years in Franklin, a village with conservative, puritan religious values in south central Nebraska. Although Polly's relationship with her mother was tense, she loved and admired her newspaperman father from whom she inherited her love of learning and the English language. In 1927, her family moved to Crawford, a tough but relatively tolerant cow town in northwestern Nebraska. Polly vividly contrasts the cultural differences between Franklin's prudishness and Crawford's more liberal attitudes. Though not raised on a ranch, she came to love helping her husband feed his cattle, deliver calves, and cook for logging crews. She also found innovative ways to attract visitors to the ranch, which she turned into a thriving guest operation. Despite her devastation following several personal hardships, Polly displayed remarkable resilience and determination in her life, and when intractable problems arose in her marriage, she exercised the options of a modern woman. In *Moving Out*, she intertwines the events that characterized her time and place: the Great Depression, the intolerance that

breathed life into the Ku Klux Klan and the end of the Old West with the love death and sorrow that touched her family

Give Me Eighty Men Shannon D. Smith, 2021-12-08 With eighty men I could ride through the entire Sioux nation The story of what has become popularly known as the Fetterman Fight near Fort Phil Kearney in present day Wyoming in 1866 is based entirely on this infamous declaration attributed to Capt William J Fetterman Historical accounts cite this statement in support of the premise that bravado vainglory and contempt for the fort's commander Col Henry B Carrington compelled Fetterman to disobey direct orders from Carrington and lead his men into a perfectly executed ambush by an alliance of Plains Indians In the aftermath of the incident Carrington's superiors including generals Ulysses S Grant and William T Sherman positioned Carrington as solely accountable for the massacre by suppressing exonerating evidence In the face of this betrayal Carrington's first and second wives came to their husband's defense by publishing books presenting his version of the deadly encounter Although several of Fetterman's soldiers and fellow officers disagreed with the women's accounts their chivalrous deference to women's moral authority during this age of Victorian sensibilities enabled Carrington's wives to present their story without challenge Influenced by these early works historians focused on Fetterman's arrogance and ineptitude as the sole cause of the tragedy In *Give Me Eighty Men* Shannon D Smith reexamines the works of the two Mrs Carringtons in the context of contemporary evidence No longer seen as an arrogant firebrand Fetterman emerges as an outstanding officer who respected the Plains Indians superiority in numbers weaponry and battle skills *Give Me Eighty Men* both challenges standard interpretations of this American myth and shows the powerful influence of female writers in the nineteenth and twentieth centuries

**Nano Nagle** Deirdre Raftery, Catriona Delaney, 2018-10-22 The first biographical study of Nano Nagle the foundress of the Presentation order of nuns that positions her within Irish social history and assesses her vast international legacy Nano Nagle *The Life and the Education Legacy* draws on archival materials from three continents providing a compelling account of how one woman's extraordinary life challenged social constraints and championed social justice and equality Leading education historian Deirdre Raftery has produced not only a vital new biographical study of an exceptional Irish woman but also a study of how thousands of Irish women joined the Presentation order of nuns and taught in their schools all over the world Within that is the story of the Irish female diaspora in Newfoundland India North America England Australia Africa and the Philippines Nano Nagle *The Life and the Education Legacy* throws open a new window on an unknown aspect of Irish social history while also demonstrating Ireland's significant contribution to the global history of female education
