Letty Fox Christina Stead,2012-10-23 From Paris to London to wartime New York a young woman comes of age and comes apart in this witty novel by the author of The Man Who Loved Children When Letty Fox first arrives in Manhattan her goal is to escape her chaotic upbringing in London and Paris and the cynicism of her family and create a fresh new start This will be the existence she dreamed of flitting from affair to affair debating social issues over martinis and finishing that novel about Robespierre that will make her envied by all the right people Yet Letty is at odds with both the city and herself sexually adventurous yet fidgety for lasting romance radically independent yet conservative as likely to be betrayed by friends as she is to betray And when Letty runs through the streets of Greenwich Village it s as much to unleash her glorious appetite for life as it is to

suppress the black moods that always threaten to derail it No wonder Christina Stead's work has reminded many of Tolstoy Ibsen Joyce said the New York Times Book Review When this poisonously funny satire of the American bourgeoisie was first published in 1947 it was banned in the author's native Australia and met with alarm by stateside critics for its moral ambiguity Ahead of its time with its vibrant and furious heroine it is destined for rediscovery From an author Saul Bellow called really marvelous Letty Fox is a merciless cruel and magnificently unforgiving comedy of manners Angela Carter London Review of Books

On the Grid Michael Warner, Seymour H Knox Professor of English Michael Warner, Oxford Editor, 2025-10-24 On the Grid raises critical questions about the utopia of green energy that currently guides so many responses to climate change Environmental thought increasingly centers on infrastructure and in particular the goal of a decarbonized electrical grid Electrify everything is the new mantra The aim is unlimited energy use but without greenhouse gas emissions What kind of citizen consumer is imagined when climate action takes the form of a green grid What is the relation between means and ends How does infrastructural shift matter for the way we think about environmental ethics and politics What happens for example to the older ethical mantra of reduce re use recycle What other features of the environmentalist tradition now need revision By what process and with what kind of agency is the environmental future being built around and within us How might conversations about the environment recognize the new reality On the Grid seeks to generate such questionings in part by reviewing the cultural and political history that has made grid infrastructure a central but usually unrecognized dimension of government as well as a structuring framework of the modern Provided by publisher

Terra Mitch Benn, 2013-07-18 No one trusts humanity No one can quite understand why we're intent on destroying the only place we have to live in the Universe No one thinks we're worth a second thought And certainly no one is about to let us get off Rrth That would be a complete disaster But one alien thinks Rrth is worth looking at Not humanity obviously we're appalling but until we manage to kill every other living thing on the planet there are some truly wonderful places on Rrth and some wonderful creatures living in them Best take a look while they're still there But on one trip to Rrth our alien biologist causes a horrendous accident The occupants of a car traveling down a lonely road spot his ship the sort of massive lemon coloured lemon shaped starship that really shouldn't be hanging in the sky over a road Understandably the Bradbury's crash interrupting the latest in a constant procession of bitter rows And in the wreckage of their car our alien discovers a baby girl She needs rescuing From the car From Rrth From her humanity And now eleven years later a girl called Terra is about to go to school for the first time It's a very alien experience Terra is a

charming and hilarious satirical fable A story about how odd and alien we are And a story about how human odd aliens are It tells the story of a girl who grows up in a very different world who gains a unique perspective on our world and a unique perspective on her new home A girl who can teach us and them a lot A girl living in an extraordinary world that is spiraling into a terrible war
