Social Action And Nonviolence:

Reconstructing Nonviolence Roberto Baldoli, 2018-09-03 Nonviolent methods of action have been a powerful tool since the early twentieth century for social protest and revolutionary social and political change and there is diffuse awareness that nonviolence is an efficient spontaneous choice of movements individuals and whole nations Yet from a conceptual standpoint nonviolence struggles to engage with key contemporary political issues the role of religion in a post secular world the crisis of democracy and the use of supposedly nonviolent techniques for violent aims Drawing on classic thinkers and contemporary authors in particular the Italian philosopher Aldo Capitini this book shows that nonviolence is inherently a non systematic and flexible system with no pure immaculate thought at its core Instead at the core of nonviolence there is praxis which is impure because while it aims at freedom and plurality it is made of less than perfect actions performed in an imperfect environment by flawed individuals Offering a more progressive transformative and at the same time pluralistic concept of nonviolence this book is an original conceptual analysis of political theory which will appeal to students of international relations global politics security studies peace studies and democratic theory

Nonviolence in Political Theory Iain Attack, 2012-07-31 By scrutinising the philosophical and theoretical assumptions of proponents of nonviolent political action for example the role of the state the rule of law and the nature of social and political power Ian Attack establishes nonviolence as a credible th

The Critique of Nonviolence Mark Christian Thompson, 2022-06-28 How does Martin Luther King Jr understand race philosophically and how did this understanding lead him to develop an ontological conception of racist police violence In this important new work Mark Christian Thompson attempts to answer these questions examining ontology in Martin Luther King Jr s philosophy Specifically the book reads King through 1920s German academic debates between Martin Heidegger Rudolf Bultmann Hans Jonas Carl Schmitt Eric Voegelin Hannah Arendt and others on Being gnosticism existentialism political theology and sovereignty It further examines King s dissertation about Tillich as well other key texts from his speculative writings sermons and speeches positing King s understanding of divine love as a form of Heideggerian ontology articulated in beloved community Tracking the presence of twentieth century German philosophy and theology in his thought the book situates King s ontology conceptually and socially in nonviolent protest In so doing The Critique of Nonviolence reads King s Letter from a Birmingham Jail 1963 with Walter Benjamin s Critique of Violence 1921 to reveal the depth of King s political theological critique of police violence as the illegitimate appropriation of the racialized state of exception As Thompson argues it is in part through its appropriation of German philosophy and theology that King s ontology condemns the perpetual American state of racial exception that permits unlimited police violence against Black lives

Contemporary Icons of Nonviolence Anna Hamling, 2019-10-16 2019 marked notable anniversaries for two of the most widely recognised icons of the philosophy of nonviolence representing seventy years since the birth of Dr Martin Luther King Jr and the 150th anniversary of the birth of Mahatma Gandhi Both brought significant constructive and far reaching social

and political change to the world This volume offers an innovative perspective placing them their beliefs and theories within the chronology of the tradition of nonviolence beginning with Lev Nikolaevicz Tolstoy and encompassing the likes of scar Romero Nelson Mandela Abdul Ghaffar Khan and Highness Prince Karim Aga Khan This collection of essays explores diverse understandings of the concepts of nonviolence in a philosophical and religious context It also highlights the application of the techniques of nonviolence in the 21st century

Nonviolent Perspectives Andrew Fitz-Gibbon,2025-02-04 This book is a compilation of essays addressing the central issue of humanity interpersonal violence and more importantly nonviolence as its antidote The essays trace the author s journey from early pacifist convictions influenced by personal experiences with violence to a nuanced understanding of nonviolence rooted in ethics love spirituality and critical theory Spanning over two decades the writings explore various dimensions of nonviolence from philosophical arguments and historical analysis to practical applications in parenting political resistance and care ethics The book brings together previously published works that have been instrumental in shaping the author s thinking making them accessible for scholars students and anyone interested in nonviolence With reflections on the works of Murdoch MacIntyre Gandhi and others it offers a comprehensive examination of nonviolence as both a personal practice and a social imperative

Violence and Nonviolence Peyman Vahabzadeh,2019-02-07 Through an original and close reading of the key literature regarding both revolutionary violence and nonviolence this book collapses the widely assumed concepts of violence and nonviolence as mutually exclusive By revealing that violence and nonviolence are braided concepts arising from human action Peyman Vahabzadeh submits that in many cases the actions deemed to be either violent or nonviolent might actually produce outcomes that are not essentially different Vahabzadeh offers a conceptual phenomenology of the key thinkers and theorists of both revolutionary violence and various approaches to nonviolence Arguing that violence is inseparable from civilizations Violence and Nonviolence concludes by making a number of original conceptualizations regarding the relationship between violence and nonviolence exploring the possibility of a nonviolent future and proposing to understand the relationship between the two concepts as concentric not opposites

Violence and Non-Violence across Time Sudhir Chandra,2018-10-03 This book probes the complex interweaving across time and cultures of violence and non violence from the perspective of the present One of the first of its kind it offers a comprehensive examination of the interpenetration of violence and non violence as much in human nature as in human institutions with reference to different continents cultures and religions over centuries It points to the present paradox that even as violence of unprecedented lethality threatens the very survival of humankind non violence increasingly appears as an unlikely feasible alternative The essays presented here cover a wide cultural temporal spectrum from Vedic sacrifice early Jewish Christian polemics the Crusades and medieval Japan to contemporary times They explore aspects of the violence non violence dialectic in a coherent frame of analysis across themes such as war jihad death salvation religious and philosophical traditions including Buddhism

Christianity Judaism Hinduism Islam mysticism monism and Neoplatonism texts such as Ramayana Mahabharata and Quran as well as issues faced by Dalits and ethical imperatives for clinical trials among others Offering thematic width and analytical depth to the treatment of the subject the contributors bring their disciplinary expertise and cultural insights ranging from the historical to sociological theological philosophical and metaphysical as well as their sensitive erudition to deepening an understanding of a grave issue The book will be useful to scholars and researchers of history peace and conflict studies political science political thought and cultural studies as well as those working on issues of violence and non violence

Violence and Nonviolence Gregg Barak, 2003-02-24 Gregg Barak's *Violence and Nonviolence* is a thoughtful comprehensive examination of violence in the United States Structurally and conceptually this book works Barak addresses violence in an interdisciplinary way addressing history psychology biology cultural studies and sociology Moreover Barak does an excellent job of discussing the intersection of race class and gender and those relationships with violence Heather Melton University of Utah Clearly the strength of this book is its comprehensive and reciprocal approach I found this to be an enjoyable and provocative book that treats the topic holistically and offers a vision for overcoming current patterns of violence I am convinced that this is an important work that will ultimately be well received by undergraduates graduate students violence specialists and general readers Mathew T Lee University of Akron I think that the strengths of this book are twofold Barak's approach disaggregates violence into interpersonal institutional and structural violence which is very important yet rarely done the latter part of the book explores the pathways to nonviolence an underrepresented area in the study of violence Charis Kubrin Sociology George Washington University I have devoted close to 20 years studying and teaching about violence and I must say that this is a comprehensive book I strongly believe that Barak has done an outstanding review of the extant literature and touches upon key issues of central concern to those of us who are social scientific experts on violence Walter DeKeseredy Ohio University *Violence and Nonviolence Pathways to Understanding* is the first book to provide an integrative systematic approach to the study of violence and nonviolence in one volume Eminent scholar and award winning author Gregg Barak examines virtually all forms of violence from verbal abuse to genocide and treats all of these expressions of violence as interpersonal institutional and structural occurrences In the context of recovery and nonviolence Barak addresses peace and conflict studies legal rights social justice and various nonviolent movements Employing an interdisciplinary framework Barak emphasizes the importance of culture media sexuality gender and social structure in developing a comprehensive theory of these two separate but inseparable phenomena This innovative and accessible volume includes Figures tables and illustrations that reinforce important concepts and relationships Introduces a new original theory of reciprocal violence and nonviolence Numerous case studies on violence and recovery throughout the book Chapter summaries and review questions to aid student comprehension Models of nonviolence such as mutuality altruistic humanism positive peacemaking and resiliency Designed to be a core text for graduate and undergraduate courses

on violence in criminology sociology criminal justice and social work departments Violence and Nonviolence is also an outstanding supplementary text for violence against women and criminal behavior courses This book will transform the way students and readers think about violence nonviolence and the reciprocal relationship between the two Nonviolent Conflict and Civil Resistance Sharon Erickson Nepstead, Lester R. Kurtz, 2012-10-08 This volume covers how regime changes political movements and nonviolent unrest develop and then shape the political decisions of both civil society and the state Chapter discussions include the civil rights movement in Northern Ireland youth movements in Post Communist states and the efforts of nonviolent INGOs Strategic Nonviolent Power Mark A. Mattaini, 2013-10-01 History indicates that there are powerful routes to liberation from oppression that do not involve violence Mohandas Gandhi called for a science of nonviolent action one based on satyagraha or the insistence on truth As Gandhi understood nonviolent resistance is not passive nor is it weak rather such action is an exercise of power Despite the success of Gandhi's Quit India movement the resources dedicated to the application of rigorous science to nonviolent struggle have been vanishingly small By contrast almost unimaginable levels of financial and human resources have been devoted to the science and technologies of killing war and collective violence Mark Mattaini reviews the history and theory of nonviolent struggles against oppression and discusses recent research that indicates the substantial need for and advantage of nonviolent alternatives He then offers a detailed exploration of principles of behavioral systems science that appear to underlie effective strategic civil resistance and people power Strategic Nonviolent Power proposes that the route to what Gandhi described as the undreamt of and seemingly impossible discoveries of nonviolent resistance is the application of rigorous science Although not a simple science Mattaini's application of ecological science grounded in the science of behaviour brings exceptional power to the struggle for justice and liberation At a time when civil resistance is actively reshaping global political realities the science of nonviolent struggle deserves the attention of the scientific activist strategic military spiritual and diplomatic communities as well as the informed public **Nonviolence and Peace Psychology** Daniel Mayton, 2009-05-28 Recent trends and events worldwide have increased public interest in nonviolence pacifism and peace psychology as well as professional interest across the social sciences Nonviolence and Peace Psychology assembles multiple perspectives to create a more comprehensive and nuanced understanding of the concepts and phenomena of nonviolence than is usually seen on the subject Through this diverse literature spanning psychology political science religious studies anthropology and sociology peace psychologist Dan Mayton gives readers the opportunity to view nonviolence as a body of principles a system of pragmatics and a strategy for social change This important volume Draws critical distinctions between nonviolence pacifism and related concepts Classifies nonviolence in terms of its scope intrapersonal interpersonal societal global and pacifism according to political and situational dimensions Applies standard psychological concepts such as beliefs motives dispositions and values to define nonviolent actions and behaviors Brings sociohistorical and cross cultural context to peace psychology Analyzes a century's

worth of nonviolent social action from the pathbreaking work of Gandhi and King to the Courage to Refuse movement within the Israeli armed forces Reviews methodological and measurement issues in nonviolence research and suggests areas for future study Although more attention is traditionally devoted to violence and aggression within the social sciences Nonviolence and Peace Psychology reveals a robust knowledge base and a framework for peacebuilding work granting peace psychologists activists and mediators new possibilities for the transformative power of nonviolence **Revolutionary Nonviolence** Professor Richard Jackson, Joseph Llewellyn, Griffin Manawaroa Leonard, Aidan Gnoth, Tonga Karena, 2020-03-15 Revolutionary Nonviolence Concepts Cases and Controversies provides an advanced introduction to the central philosophy ideas themes controversies and challenges of applying revolutionary nonviolence in political struggles today with a particular emphasis on reframing nonviolence through a postcolonial lens Bringing together an eminent group of researchers and activist scholars this collection focuses on a number of important questions Is a commitment to radical nonviolence a necessity for generating revolutionary change in society Should revolutionary movements abandon their reliance on political violence as a tool of change What are some of the practical and theoretical challenges of adopting revolutionary nonviolence today What can we learn from groups actors and cases of people who have used revolutionary nonviolence to struggle against injustice With a mix of theoretical and case study based chapters the volume explores these and other important questions about how to generate necessary and lasting revolutionary change today **Global Warming, Militarism and Nonviolence** M. Branagan, 2013-06-28 Militarism is the elephant in the room of global warming Of all government sectors Defence has the highest carbon footprint and expenditure yet has largely been exempt from international scrutiny and regulation Marty Branagan uses Australian and international case studies to show that nonviolence is a viable alternative to militarism for national defence and regime change Active resistance initiated in Australian environmental blockades and now adopted globally makes the song We Shall Not Be Moved much more realistic as activists erect tripod villages bury chain and cement themselves into the ground and lock on to machinery and gates Active resistance artistic activism and use of new information and communication technologies in movements such as the Arab Spring and Occupy demonstrate that nonviolence is an effective evolving praxis **Cultural Memories of Nonviolent Struggles** A. Reading, T. Katriel, 2015-06-09 If societies have only memories of war of cruelty of violence then why are we called humankind This book marks a new trajectory in Memory Studies by examining cultural memories of nonviolent struggles from ten countries The book reminds us of the enduring cultural scripts for human agency solidarity resilience and human kindness **To Shape a New World** Tommie Shelby, Brandon M. Terry, 2018-02-19 On the 50th anniversary of Martin Luther King Jr s assassination his political thought remains underappreciated Tommie Shelby and Brandon Terry along with a cast of distinguished contributors engage critically with King s understudied writings on a wide range of compelling challenging topics and rethink the legacy of this towering figure *Flesh and Blood* James W. Messerschmidt, 2004-10-08 Sociologists and criminologists

have long known that there is a relationship between masculinity and crime. Indeed, gender has been advanced consistently as the strongest predictor of criminal involvement. *Flesh and Blood* provides a fascinating account of the connection among adolescent gender diversity, the body, and assaultive violence. The book is divided into four parts. In Part I, the author explores the history of criminology as a discipline paying particular attention to the misgivings about the body, gender, and crime. Messerschmidt shows that criminology historically has maintained in various ways the mind/body, sex/gender, and gender/difference binaries. In Part II, Messerschmidt presents a theoretical framework, structured action theory, for overcoming these binaries. This perspective allows conceptualization of embodiment as a lived aspect of gender, both gender differences and gender similarities in the commission of crime, how embodied social action is embedded in specific structural gender relations in particular settings, and how embodied social actions may be related to violence and nonviolence. The methodology for the study is also presented in Part II, which seeks to understand through life history interviews certain boys and girls use of assaultive violence as a gendered practice. Part III presents in depth life histories of four white working class boys and girls involved in assaultive violence. The two chief questions addressed in these life stories are: Why is it that some boys and some girls engage in assaultive violence, and how are these violent boys and girls similar and different? How are gender relations in specific settings such as the family, the school, and the street related to motivation for embodied violence and nonviolence by the same boys and girls? Part IV puts structured action theory to work by analyzing the three major sites: home, school, and street of the boys and girls' life histories and how these are related to assaultive violence and nonviolence.

Personal Peacefulness Gregory K. Sims, Linden L. Nelson, Mindy R. Puopolo, 2013-11-08. *Personal Peacefulness* examines the existing theories and knowledge about the peacefulness of individuals, including inner peace, interpersonal peacefulness, and peaceful attitudes towards groups and nations. It uses the term personal peacefulness to refer to the peaceful states, attitudes, and behaviors of individuals, and it discusses the phenomena and determinants of personal peacefulness in the intrapersonal, interpersonal, and intergroup domains. Also addressed is the relationship between personal peacefulness and well-being, describing various methods for enhancing the peacefulness of individuals. Within the framework of a scholarly and scientific approach to the study of personal peacefulness, various psychological perspectives are represented: personality, social, clinical, and positive psychology perspectives; peacefulness as nonviolence; attachment theory and the development of affect regulation; a human needs theory approach; Buddhist conceptions of compassion and mindfulness; a natural science perspective describing physiological foundations for personal peacefulness; phenomenological perspectives; and peacefulness as the promotion of conflict resolution. The book is an important resource for scholars, researchers, and educators in psychology, political science, and in a variety of other areas who study and teach topics such as empathy, prosocial behavior, personality, psychological well-being, mental health, personal development, peace, and conflict and conflict resolution.

Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07. Christianity regards

teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history, spanning from the church's founding through the Middle Ages to the modern day; denominational and institutional profiles; intellectual traditions in Christian education; biblical and theological frameworks; curricula; missions; adolescent and higher education; theological training; and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education, as well as researchers and students of contemporary Christianity and modern religious education.

Encyclopedia of Violence, Peace, and Conflict, 2008-09-05

The 2nd edition of *Encyclopedia of Violence, Peace, and Conflict* provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life. Building on the highly regarded 1st edition (1999) and publishing at a time of seemingly inexorably increasing conflict and violent behaviour, the world over, the *Encyclopedia* is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change. Covering topics as diverse as Arms Control, Peace Movements, Child Abuse, Folklore, Terrorism, and Political Assassinations, the *Encyclopedia* comprehensively addresses an extensive information area in 225 multi-disciplinary, cross-referenced and authoritatively authored articles. In his Preface to the 1st edition, Editor in Chief Lester Kurtz wrote: "The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately. We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully. Instead, we have increased the lethality of our combat through revolutions in weapons technology and military training." The *Encyclopedia of Violence, Peace, and Conflict* is designed to help us to take stock of our knowledge concerning these crucial phenomena. Ten years on, the need for an authoritative and cross-disciplinary approach to the great issues of violence and peace seems greater than ever. More than 200 authoritative multidisciplinary articles in a 3-volume set. Many brand new articles alongside revised and updated content from the First Edition.
