West,Dean Tjosvold,Ken G. Smith,2008-05-27 In today s fast changing hyper competitive environment teamwork and cooperative working enhance the organisation s adaptive capability The team rather than the individual is increasingly seen as

the building block of organisations and a key source of competitive advantage The International Handbook of Organisational Teamwork and Co operative Working provides a clear focus on the psychological and social processes that can stimulate successful cooperation and teamwork Michael West Dean Tjosvold and Ken Smith have brought together the world s leading authorities from a range of social science disciplines to provide a contemporary review of established and emerging perspectives Throughout the book processes that both facilitate and obstruct successful cooperation and teamwork are detailed alongside guidance on best practice and methodology The challenging and alternative perspectives presented will inform future research and practice The result is a systematic and comprehensive synthesis of knowledge from a range of disciplines that will prove invaluable to professionals researchers and students alike A systematic and coherent framework which organizes and structures the knowledge in this field An outstanding collection of authoritative high profile authors Challenging alternative perspectives that will stimulate and enlighten future research and practice Selective updated bibliographies of key literatures support every chapter a valuable resource for students trainers and practitioners

Contemporary Sociological Theory Doyle Paul Johnson,2008-03-29 This volume is designed as a basic text for upper level and graduate courses in contemporary sociological theory Most sociology programs require their majors to take at least one course in sociological theory sometimes two A typical breakdown is between classical and contemporary theory Theory is perhaps one of the broadest areas of sociological inquiry and serves as a foundation or framework for more specialized study in specific substantive areas of the field In addition the study of sociological theory can readily be related to various aspects of other social science disciplines as well From the very beginning sociology has been characterized by alternative theoretical perspectives Classical theory includes the European founding figures of the discipline whose works were produced during the later half of the nineteenth century and the first couple of decades of the twentieth century plus early American theorists For most of the second half of the twentieth century a fairly high consensus has developed among American sociologists regarding these major founders particularly with regard to the works of Durkheim and Weber in analyzing the overall society and of Simmel in analyzing social interaction processes Since the late 1960s and early 1970s the influence of Marx has also been recognized Recent decades have also witnessed an increased emphasis on the important contributions of several pioneering feminist perspectives in the early years of sociology

Handbook of Social Psychology John DeLamater,Amanda Ward,2013-08-13 This handbook provides a broad overview of the field of social psychology and up to date coverage of current social psychological topics It reflects the recent and substantial development of the field both with regard to theory and empirical research It starts out by covering major theoretical perspectives including the interactionist identity social exchange social structure and the person perspectives Next it discusses development and socialization in childhood adolescence and adulthood In addition to updated discussions of topics that were included in the first edition the part examining personal processes includes entirely new topics such as social psychology and the body and individual agency and

social motivation Interpersonal processes are discussed from a contemporary perspective with a focus on stress and health The final section examines the person in sociocultural context and includes another topic new to the second edition the social psychology of race and gender and intersectionality

Behavioral Theory in Sociology Robert L. Hamblin, John H. Kunkel, 2021-12-24 This book is designed to honor George Caspar Homans for his many and varied contributions to the development of modern sociology The chapters have been written by sociologists and psychologists who value his work sufficiently to have made his basic approach their own These original essays are intended to elucidate assess and give a progress report on the theoretical tradition Homans founded and to which he has given such significant impetus

Human Emotions Jonathan H. Turner, 2007-06-26 This major theoretical work takes existing work on the emotions in significantly new directions It gives a comprehensive account of emotions beginning with general sociological principles moving over important theory construction of social formation and applying this to a detailed and unified grand theory of human emotions Presenting a unified view of the emotions in the social universe the book explores the relationships between emotions social structure and culture Turner hypothesizes how social structure and culture affect emotional arousal in humans and vice versa This book is essential reading for undergraduate and postgraduate students researching sociology of emotions social psychology and contemporary social theory and is also relevant for students and researchers working in the fields of psychology and cultural studies

A Sociological Study on Emotion Regulation in People Living with HIV/AIDS in China Rongting Hou, 2021-06-23 This book explores the experiences and emotional expression of 30 people Living with HIV AIDS PLWHA using qualitative research methods such as illness narratives and analyzes the dilemmas of sicknesses of the society including Acquired Needs Deficiency Syndrome Acquired Expectation Insufficiency Syndrome and Acquired Punishment Syndrome at the micro meso and macro levels so as to investigate higher intensity negative emotions In turn the book draws on the perspectives of conflict and game structure and function and system and interaction in order to propose a dynamic mechanism of emotion and expression and argues that these negative emotions can be transformed strengthened and presented through defense mechanisms such as suppression and attribution which will influence social institutions at the micro meso and macro levels and even possibly bring about positive changes in the social structure
