Herbert Wilkens, Wolfgang Maennig

Social And Economic Modernization In Eastern Germany From Honecker To Kohl:

Social and Economic Modernization in Eastern Germany from Honecker to Kohl Mike Dennis, 1993 In spite of problems since reunification Germany remains the most important economy in Western Europe and is the lynchpin of European security The East German states must be successfully integrated into the German economy if the country is to remain stable and play its full role within an expanded European Community The failure of the leadership of the ruling Communist Party the SED to undertake a fundamental reform of the economic mechanism and to reshape social policy was a major determinant of the unexpectedly rapid collapse of the East German regime in late 1989 This volume traces the creation of a socialist socio economic order in the late 1940s early 1950s and its modification in the 1960s before embarking on an examination on the Honecker regime s technocratic approach to the social and economic challenges inherent in the scientific technical revolution The book then focuses in detail on eastern Germany s painful transition to a social market economy and concludes on an analysis of the cleavages still separating the two parts of Germany BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *State and Minorities in Communist East Germany* Mike Dennis, Norman LaPorte, 2011-08-01 Based on interviews and the voluminous materials in the archives of the SED the Stasi and central and regional authorities this volume focuses on several contrasting minorities Jehovah s Witnesses Jews guest workers from Vietnam and Mozambique football fans punks and skinheads and their interaction with state and party bodies during Erich Honecker s rule over the communist system It explores how they were able to resist persecution and surveillance by instruments of the state thus illustrating the limits on the power of the East German dictatorship and shedding light on the notion of authority as social practice **A History of Modern Germany** Martin Kitchen, 2011-01-25 Featuring revised and extended coverage the second edition of A History of Modern Germany offers an accessible and engagingly written account of German history from 1800 to the present Provides readers with a long view of modern German history revealing its continuities and changes Features updated and extended coverage of German social change and modernization class religion and gender Includes more in depth coverage of the German Democratic Republic Examines Germany s social political and economic history Covers the unification of Germany the German Empire the Weimar Republic the Third Reich post war division the collapse of Communism and developments since re unification Addresses regional history rather than focusing on the dominant role of Prussia *Between State Capitalism and Globalisation* Gareth Dale, 2004 This book is an exploration of the economic history of the German Democratic Republic with an emphasis upon its confrontation by and contribution towards economic and military competition on the world stage Beginning with an analysis of the Soviet bloc as a state capitalist formation the GDR s economic history is charted with detailed examinations of the challenges to Soviet style autarky that were posed by the globalising world market as well as of GDR policymakers attempts to use Western imports and credits as a whip to spur growth The book s central section consists of an exploration of the

ambivalent attitudes of East German policymakers and industrialists towards their West German counterparts in the 1980s as the whip was transformed into an ever tightening noose of debt Here a prodigious range of secondary sources as well as hitherto unpublished documents from the archives of the old regime are drawn upon to document the means by which relative economic decline and dependency upon Western institutions came to constrain the options available to the East German nomenklatura Finally this study analyses the political economy of the 1989 revolution and unification and of post unification Eastern Germany Social Transformation and the Family in Post-Communist Germany E. Kolinsky,1998-04-02

The unification of Germany set in motion one of the most interesting and uncharted developments of our era the transformation of a whole society This book examines key areas of transformation with special reference to the place and future of the family *The German Polity* David P. Conradt,Eric Langenbacher,2013-03-18 This thoroughly revised and updated edition of *The German Polity* provides a comprehensive introduction to contemporary German politics focusing especially on the recovery of the economy and Germany s growing power in Europe and beyond Looking back David P Conradt and Eric Langenbacher trace the country s transformation since the seminal turning points of 1945 after World War II and 1990 after reunification Looking to the present the authors explain and assess its major institutions actors and issues Looking forward they explore the looming economic security and demographic challenges the political system must address in the years to come *Popular Protest in East Germany* Gareth Dale,2006-05-02 Popular Protest in the East German Revolution is an incisive new study of dissent and protest in the German Democratic Republic focusing on the upheaval of 1989 1990 **The American Bibliography of Slavic and East European Studies** Patt Leonard,Rebecca Routh,2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology **Re-Assessing the Gdr: Papers from a Nottingham Conference** J H Reid,1994 The German Polity Eric Langenbacher,David P. Conradt,2017-02-16 This thoroughly revised and updated edition provides a comprehensive introduction to contemporary Germany one of the world s leading economic and political powers Tracing the country s transformation since World War II the authors provide an in depth guide to Germany s institutions actors and challenges **Transition in Eastern Europe** Herbert Wilkens,Wolfgang Maennig,2016 This publication contains a selection of papers presented at a conference discussing fundamental issues in the economics of transition aspects of liberalization privatization stabilization and the experience of selected countries The sessions lead to a number of hypotheses There is a need to analyze historical and economic aspects of phases of relative success of the socialist system of central planning Next to the important role of distribution of personal incomes and wealth for the success of the transformation process the question of optimal change of personal income and wealth distribution during the process of transformation has to be raised In assessing the costs and benefits of reform policies any methodological approach should

take into account an intertemporal perspective How much does the EU continue protectionism against countries which will not become its members in the near future The role of the institutional environment shall not be neglected when analyzing the process of transition financial markets e g are of great relevance for sound development An early status of independence for the central bank from public finance obligations appears to help to eliminate the monetary overhang A quick almost instant liberalization strategy countries of Central and Eastern Europe seems to be more successful than gradual liberalization Russia Ukraine Belarus along with interventionism of trade policy InhaltsverzeichnisInhalt B Huber F L Sell Introduction U Blum Greed and Grief in East Germany the Socialist System s Crisis Collapse and Transformation K D Schmidt Transition in Eastern Europe The Integration of Goods and Factor Markets into the World Economy B van Aarle Currency Substitution and Currency Controls the Polish Big Bang of 1990 N Budina S van Wijnbergen Debt Management and Inflation Stabilization in Bulgaria C Fuest B Huber Government Deficits Inflation and Economic Transition J Br cker B Raffelh schen Fiscal aspects of German unification Who is stuck with the bill A Rusek Transition to Markets in CEFTA Countries A Comparative Overview D Gros A Gonciarz Stabilization and Economic Reform in Russia Ukraine and Belarus *Europe Since 1945* Bernard A. Cook,2014-01-27 *Europe Since 1945* An Encyclopedia is a comprehensive reference work of some 1 700 entries in two volumes Its scope includes all of Europe and the successor states to the former Soviet Union The volumes provide a broad coverage of topics with an emphasis on politics governments organizations people and events crucial to an understanding of postwar Europe Also includes 100 maps and photos **German Writers and the Politics of Culture** Paul Cooke,Andrew Plowman,2003-12-09 Before the fall of the Berlin Wall many East German writers were praised in the Western world as dissident voices of truth bravely struggling with the draconian constraints of living under the GDR s communist regime However since unification Germany has been rocked by scandals showing the level to which the Stasi the East German Secret Police controlled these same writers This is the first study in English to systematically explore how the writers have responded to the challenge of dealing with the Stasi from the 1950s to the present day The Fall of the GDR David Childs,2014-07-30 The book charts the dramatic months leading to one of the most profound changes of the 20th century the opening of the Berlin Wall in 1989 and the restoration of German unity in 1990 The author analyses the nature of Communist rule in the GDR over 40 years its few strengths and its many weaknesses and the myths which grew up around it This book places the GDR in its international setting as the proud ally of the Soviet Union in the Warsaw Pact It examines the reactions abroad to the unfolding revolution The text is based on a wide variety of written sources and many interviews with leading Communist figures such as Krenz and Modrow and with their opponents and successors and former Stasi officers and the dissidents they tried to crush It greatly benefits from the author s decades of involvement with East Germany including personal friendships there before 1989 and his eye witness accounts of many of the events during Die Wende It should be of interest not only to students of German politics contemporary history and the Cold War but to all who are curious about the

momentous times through which we have lived After The Wall Patricia J Smith,2019-05-20 Since the fall of the Berlin Wall in November 1989 Germany has faced complex challenges The rapid introduction of political economic and social union in 1990 joined East and West in an experiment without precedent as the former German Democratic Republic adopted the structures of the Federal Republic of Germany Related issues include the ado The Official Concept of the Nation in the Former GDR Joanna McKay,2019-01-04 First published in 1998 this volume joined the effort to understand the former German Democratic Republic with the aim of reaching a better understanding of the psychologically painful process of German reunification following the collapse of East German communism in 1989 While born illegitimate and artificial the country determined the lives of millions of people despite having now disappeared from the map This study from Joanna McKay incorporates previously unavailable archive material and focuses on some of the most challenging ever present tasks for the GDR leaders In particular she examines how they approached explaining the division with West Germany without undermining the legitimacy of the GDR *United and Divided* Mike Dennis,Eva Kolinsky,2004-03-01 The system transformation after German unification in 1990 constituted an experiment on an unprecedented scale At no point in history had one state attempted to redesign another without conquest bloodshed or coercion but by treaties public policy and bureaucratic processes Unification was achieved by erasing the eastern political and economic model However in the meantime it has become clear that the same cannot be said about social transformation On the contrary social and cultural attitudes and differentiation have continued and resulted in deep divisions between West and East Germany After unification the injustices of politics seemed to have been replaced in the eyes of most former GDR citizens by unexpected injustices in the personal spheres of ordinary people who lost their jobs and faced unknown realities of deprivation and social exclusion These are the main concerns of the contributors to this volume Incorporating new research findings and published data they focus on key aspects of economic political and social transformation in eastern Germany and compare through case studies each area with developments in the west *Spirit and System* Dominic Boyer,2005-11-15 Publisher description

Revenge of the Domestic Donna Harsch,2018-06-26 Revenge of the Domestic examines gender relations in East Germany from 1945 to the 1970s focusing especially on the relationship between ordinary women the Communist Party and the state created by the Communists the German Democratic Republic GDR The book weaves together personal stories from interviews statistical material and evidence from archival research in Berlin Potsdam Leipzig Merseburg and Chemnitz to reconstruct the complex interplay between state policy toward women and the family on the one hand and women s reactions to policy on the other Donna Harsch demonstrates that women resisted state decisions as citizens waged workers mothers wives and consumers and that in every guise they maneuvered to overcome official neglect of the family As state dependence on female employment increased the book shows the Communists began to respond to the insistence of women that the state pay attention to the family In fits and starts the party state begrudgingly retooled policy in a more consumerist and family

oriented direction This domestication was partial ambivalent and barely acknowledged from above It also had ambiguous arguably regressive effects on the private gender arrangements and attitudes of East Germans Nonetheless the economic and social consequences of this domestication were cumulatively powerful and the book argues gradually undermined the foundations of the GDR Germany Eric Solsten, 1999-08 Reviews Germany s history and treats in a concise and objective manner its dominant social political economic and military aspects Sections written by experts include chronology of important events early history to 1945 history 1945 1990 the society and its environment social welfare health care and education the domestic economy international economic relations government and politics foreign relations national security military tradition strategic concerns and military missions the armed forces defense budget and such military issues as uniforms ranks and insignia defense production and export foreign military relations and internal security
