Islam without Europe Ahmad S. Dallal,2018-04-20 Replete with a cast of giants in Islamic thought and philosophy Ahmad S Dallal s pathbreaking intellectual history of the eighteenth century Muslim world challenges stale views of this period as one of decline stagnation and the engendering of a widespread fundamentalism Far from being moribund Dallal argues the eighteenth century prior to systematic European encounters was one of the most fertile eras in Islamic thought Across vast Islamic territories Dallal charts in rich detail not only how intellectuals rethought and reorganized religious knowledge but also the reception and impact of their ideas From the banks of the Ganges to the shores of the Atlantic commoners and elites alike embraced the appeals of Muslim thinkers who while preserving classical styles of learning advocated for general participation by Muslims in the definition of Islam Dallal also uncovers the regional origins of most reform projects showing how ideologies were forged in particular sociopolitical contexts Reformists ventures were in large part successful up until the beginnings of European colonization of the Muslim world By the nineteenth century the encounter with Europe changed Islamic discursive culture in significant ways into one that was largely articulated in reaction to the radical challenges of colonialism
