Social Challenge To Business:

The Social Challenge to Business Robert W. Ackerman, 2013-10 **Socially Responsive Organizations & the Challenge of Poverty** Milenko Gudi?, Al Rosenbloom, Carole Parkes, 2017-09-08 This book provides a combination of case studies and current action research describing how businesses and civil society organizations are working to alleviate poverty in local and global communities It intends to provide conceptual and research rationales for why management education and management institutions must address the issue of poverty The book responds to one of the major findings from the research of the PRME Working Group on Poverty that the topic of poverty still lacks a strong business case for management educators and program institutional administrators The distinctive features of this book are that it 1 includes examples of small and medium sized SME businesses 2 deals with the issue of poverty as a human rights violation 3 explores the issue of absolute versus relative poverty 4 deals with leadership challenges in organizations committed to poverty alleviation and 5 discusses the issues in terms of management education s responsibility for setting new management research institutional and intellectual agendas The first of two books to be produced by the PRME Working Group on Poverty Socially Responsive Organizations and The Challenge of Poverty aims to provide both researchers and practitioners with the most wide ranging coverage yet published on how business can be a positive force in alleviating poverty and how management education needs to adapt to this increasingly crucial prerogative *Social Partnerships and Responsible Business* M. May Seitanidi, Andrew Crane, 2013-12-04 Cross sector partnerships are widely hailed as a critical means for addressing a wide array of social challenges such as climate change poverty education corruption and health Amid all the positive rhetoric of cross sector partnerships though critical voices point to the limited success of various initiatives in delivering genuine social change and in providing for real citizen participation This collection critically examines the motivations for processes within and expected and actual outcomes of cross sector partnerships In opening up new theoretical methodological and practical perspectives on cross sector social interactions this book reimagines partnerships in order to explore the potential to contribute to the social good A multi disciplinary perspective on partnerships adds serious value to the debate in a range of fields including management politics public management sociology development studies and international relations Contributors to the volume reflect many of these diverse perspectives enabling the book to provide an account of partnerships that is theoretically rich and methodologically varied With critical contributions from leading academics such as Barbara Gray Ans Kolk John Selsky and Sandra Waddock this book is a comprehensive resource which will increase understanding of this vital issue *Societal Challenges and Opportunities of Low-Carbon Energy Transformations* Dalia Streimikiene, 2025-04-17 Low carbon energy transformations to support carbon neutral societies is an important and urgent topic and subject to current national priorities and socio economic planning This book addresses the societal challenges and opportunities that come with the transition in EU member states such as energy poverty and inequality

energy security gender inequality energy efficiency improvements climate change mitigation growth in green investments etc It contains a balanced approach of theoretical concepts with an impressive range of relevant case studies to investigate the issues develop indicator frameworks identify barriers and drivers and create policies and measures to unlock opportunities Features Addresses systematically and comprehensively the low carbon energy transition its barriers and its societal implications Discusses the main societal challenges and opportunities of low carbon energy transition from theoretical and practical points of view Provides definitions of concepts measurement indicators policies and a framework for overcoming barriers and enforcing drivers Includes case studies on low carbon energy transition challenges and opportunities that are developed for EU countries Encourages discussion on policies and measures necessary to overcome identified barriers and proposes how to promote a just and smooth low carbon energy transition This book is a great reference for academics researchers graduate students and professionals such as energy producers city planners policymakers etc interested in current and emerging trends in sustainable energy

Stakeholder Theory R. Edward Freeman, Jeffrey S. Harrison, Andrew C. Wicks, Bidhan L. Parmar, Simone de Colle, 2010-04-01 In 1984 R Edward Freeman published his landmark book *Strategic Management A Stakeholder Approach* a work that set the agenda for what we now call stakeholder theory In the intervening years the literature on stakeholder theory has become vast and diverse This book examines this body of research and assesses its relevance for our understanding of modern business Beginning with a discussion of the origins and development of stakeholder theory it shows how this corpus of theory has influenced a variety of different fields including strategic management finance accounting management marketing law health care public policy and environment It also features in depth discussions of two important areas that stakeholder theory has helped to shape and define business ethics and corporate social responsibility The book concludes by arguing that we should re frame capitalism in the terms of stakeholder theory so that we come to see business as creating value for stakeholders
