Social Conservatism The Middle Classes:

Social Conservatism and the Middle Class in Germany, 1914-1933 Herman Lebovics, 2015-12-08 Uprooted by the war exposed to the full brunt of economic dislocation and fearful of losing status in face of the growing might of big business and organized labor the middle classes in Weimar Germany longed for a solution to their plight that neither the capitalism nor the socialism of their day could offer This work examines the attempts of a number of scholars and publicists Sombart Salin Spann Niekisch Spengler and Fried to provide such a solution in the form of an ideology of social conservatism Originally published in 1969 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Lower Middle Class in Britain 1870-1914 Geoffrey Crossick, 2021-02-25 First published in 1977 This book records the emergence of a lower middle class in late Victorian and Edwardian Britain Victorian society had always contained a marginal middle class of shopkeepers and small businessmen but in the closing decades of the nineteenth century the growth of white collar salaried occupations created a new and distinctive force in the social structure These essays look at the place of the lower middle class within British society and examine its ideals and values Some essays concentrate on occupational groups clerks and shopkeepers while others focus on aspects of lower middle class life religion housing and jingoism This title will be of interest to students of history

Lower-Middle-Class Nation Nicola Bishop, 2020-12-10 Lower Middle Class Nation provides an unparalleled interdisciplinary cultural history of the lower middle class worker in British life since 1850 Considering highbrow lowbrow and middle brow forms across literature film television and more Nicola Bishop traces the development of the lower middle class from the mid 19th century to the present day tackling a number of pressing consistent concerns such as automation commuting and the search for a life work balance Above all this book brings together ideas about class nationhood and gender demonstrating that a particularly British lower middle class identity is constructed through the spaces and practices of the everyday Aimed at undergraduate postgraduates and scholars working in media and social history literature popular culture cultural studies and sociology Lower Middle Class Nation represents a new direction in cultural histories of work labour and leisure

Race, Class and Conservatism Thomas D Boston, 2013-09-27 First Published in 1988 The author's arguments are a response to five recent and controversial books Thomas Sowell's *Markets and Minorities* and *Civil Rights Rhetoric or Reality* Walter Williams's *State Against Blacks* George Gilder's *Wealth and Poverty* and William J Wilson's *Declining Significance of Race* These authors insist that racial discrimination can no longer explain the disadvantaged position of blacks in American society indeed while sociologists argue that class has become more important than race

conservative economists insist that disparities in earnings are a fair reflection of racial differences in education skills and similar measures of productivity. Free markets, they contend, are anathemas to racial discrimination. Dr. Boston demonstrates that these views lack empirical support and explains how discrimination persists in labor markets. While acknowledging that class position is increasingly important, he nevertheless illustrates how black class stratification itself uniquely reflects racial subjugation. But in the author's own words: "These findings will not be received comfortably by conservatives because they are just another chapter in the continuing saga of why their revolution has failed so miserably. Flawed theory creates failed policies. Yet his book is of major importance in understanding the current position of black people in society and the reality that has to be addressed in contemporary public policy. More than this, he provides a solution to the riddle of race and class which has eluded social investigators for decades."

Contemporary Thought on Nineteenth Century Conservatism

Angus Hawkins, Richard Gaunt, 2021-02-11. The Conservative party remains the longest established major political party in modern British history. This collection makes available 19th century documents illuminating aspects of Conservatism through a critical period in the party's history from 1830 to 1874. It throws light on Conservative ideas, changing policies, party organisation and popular partisan support, showing how Conservatism evolved and responded to domestic and global change. It explores how certain clusters of ideas and beliefs comprised a Conservative view of political action and purposes, often reinforcing the importance of historic institutions such as the Anglican Church, the monarchy and the constitution. It also looks at the ways in which a broadening electorate required the marshalling of Conservative supporters through greater party organisation and how the Conservative party became the embodiment and expression of durable popular political sentiment. The collection examines how the Conservative party became a body seeking to deliver progress combined with stability. The documents brought together in this collection give direct voice to how Conservatives of the period perceived and extolled their aspirations, aims and the values of Conservatism. Introductory essays highlight the main themes and nature of Conservatism in a dynamic age of change and how the Conservative axiom in an imperfect world of successful adaptation, being essential to effective preservation, informed and defined the Conservative party, the views of its leaders, the beliefs of its supporters and the political outlook they espoused.

Reactionary Modernism

Jeffrey Herf, 1986-05-31. In a unique application of critical theory to the study of the role of ideology in politics, Jeffrey Herf explores the paradox inherent in the German fascists' rejection of the rationalism of the Enlightenment while fully embracing modern technology. He documents evidence of a cultural tradition he calls reactionary modernism, found in the writings of German engineers and of the major intellectuals of the Weimar right: Ernst Juenger, Oswald Spengler, Werner Sombart, Hans Freyer, Carl Schmitt and Martin Heidegger. The book shows how German nationalism and later National Socialism created what Joseph Goebbels, Hitler's propaganda minister, called the steel-like romanticism of the twentieth century. By associating technology with the Germans rather than the Jews with beautiful form rather than the formlessness of the market and with a strong state rather than a

predominance of economic values and institutions these right wing intellectuals reconciled Germany's strength with its romantic soul and national identity

Class in Contemporary Britain Kenneth Roberts, 2011-02-15 Britain is one of the most unequal countries in the western world the richest one per cent own a vast proportion of the wealth while both the pay gap and spending habits remain incredibly divisive How do such divisions reflect contemporary ideas of class In what way does economic life affect individuals and social relationships What are the implications for society as a whole This thoroughly revised second edition of Class in Contemporary Britain uses class theory to interrogate and explain patterns and trends in economic inequalities and to explore their consequences from a sociological view Addressing and debating timely questions this new edition Assesses different ways of mapping class structures through class schemes Highlights the continued importance of class in sociological study and analyses contemporary social class divisions Explores key topics including social mobility voting habits and education Reflects on recent changes and developments in the field from environmental and technological concerns to shifts in class demographics This comprehensive and accessible book disentangles the complex ties between economic social and political perspectives on class in contemporary Britain It is essential reading for all social sciences students who are studying class

Why Americans Don't Join the Party Zoltan Hajnal, Taeku Lee, 2011-02-07 Two trends are dramatically altering the American political landscape growing immigration and the rising prominence of independent and nonpartisan voters Examining partisan attachments across the four primary racial groups in the United States this book offers the first sustained and systematic account of how race and immigration today influence the relationship that Americans have or fail to have with the Democratic and Republican parties Zoltan Hajnal and Taeku Lee contend that partisanship is shaped by three factors identity ideology and information and they show that African Americans Asian Americans Latinos and whites respond to these factors in distinct ways The book explores why so many Americans in particular Latinos and Asians fail to develop ties to either major party why African Americans feel locked into a particular party and why some white Americans are shut out by ideologically polarized party competition Through extensive analysis the authors demonstrate that when the Democratic and Republican parties fail to raise political awareness to engage deeply held political convictions or to affirm primary group attachments nonpartisanship becomes a rationally adaptive response By developing a model of partisanship that explicitly considers America's new racial diversity and evolving nonpartisanship this book provides the Democratic and Republican parties and other political stakeholders with the means and motivation to more fully engage the diverse range of Americans who remain outside the partisan fray

The Twilight of Social Conservatism John Dombrink, 2015-08-14 Despite many Americans triumphant proclamations that Barack Obama's 2008 and 2012 elections signified a post partisan post racial society it seems that the United States is more divided than ever From the rise of the Tea Party to strident anti immigration and anti welfare movements to the so called war on women the United States on its surface appears to be caught in the turmoil of a culture war that has not relented since the Reagan era But as John Dombrink writes

in *The Twilight of Social Conservatism* the conservative backlash seen during Obama's presidency is indicative not of a rising social conservative force in society but of a waning one. Drawing on demographic research, political polls, contemporary media and internet commentary, Dombrink demonstrates that the vitality of major social conservative ideas from the culture war era has faded. Support for once divisive wedge issues like same sex marriage and reproductive rights has increased dramatically and Americans, particularly young Americans, are less religious and more libertarian than ever before. As he traces the end of the culture wars and the unwedding of American politics over the last eight years, Dombrink is quick to caution that social conservatism has not disappeared entirely from view. Nevertheless, the once prominent Moral Majority pushing for dominance in American culture is now reconsidering itself as a minority and Dombrink argues that it is unlikely that social conservative forces will ever regain the power and potency they once held in American politics. A comprehensive and insightful work, *The Twilight of Social Conservatism* deftly analyzes the liberalizing trends that created the social and political culture America has today and that portend to the culture America will have in years to come.

Home Schooling in China Xiaoming Sheng, 2019-11-15 *Home Schooling in China* seeks to provide a better understanding of the social movement of home schooling in China. In this book, the author addresses several major themes of home education including marketization, social stratification, culture, religion, Confucianism, gender, policy, gender and home schooling. This book draws a broad attention to the in-depth information to the relationship of marketisation, social stratification and home education in China. It offers an implication for a better understanding not only for influences of religion (e.g. Christianity) but also the effects of Confucianism on the growth of home education in China. With a strong theoretical foundation, the book comprehensively untangles the key possible factors that shape China's social movement of home education. The book offers a background on theories and research methodology as well as reports on empirical studies that analyse the influences of marketisation on home schooling, social stratification and the development of home schooling. This book is ideal reading for academics, researchers and postgraduate students in the fields of Confucianism, social class, gender and education in China.

State against Civil Society Cameron Ross, 2017-10-02 Over the period December 2011–July 2013, a tidal wave of mass protests swept through the Russian capital and engulfed scores of cities and regions. These demonstrations came as a great shock to the Russian political establishment. After decades of passive acceptance of the status quo, it appeared that civil society was at last awakening. The protests came in the wake of the Arab Spring revolts which toppled authoritarian dictators in Tunisia, Egypt and Libya. However, by the end of 2013, the number of mass protests in Russia and their size had declined precipitously. President Putin, on returning to office in 2012, had quickly regained the upper hand over the protestors. This book examines the reasons for the rise and fall of the mass protests in the Russian Federation. Internationally renowned experts in the field of Russian politics from Russia and the UK provide important new insights into the nature of the mass opposition movement, the non-systemic opposition, its strengths and its weaknesses. A key novel aspect of the study is its focus on the national and regional

dimensions of the protest movement and its class and ethnic dimensions This book was published as a special issue of Europe Asia Studies The Victorians Claudius Mollokwu,2022-10-19 The Victorians tells the tale of the successful Victorian period Taking a thematic approach it details how the era heralded the birth of Britain as a modern nation state whose politics religion economics science and culture became more modern and more professional The Victorian times stands as one of the most successful eras that Britain has ever witnessed The Victorians is an indispensable guide and narrative which details one of the most successful periods in Britain s life **Australian Liberals and the Moral Middle Class** Judith

Brett,2003-11-06 The Liberal Party of Australia was late to form in 1945 but the traditions and ideals upon which it is founded have been central to Australian politics since Federation This 2003 book by award winning author and leading Australian political scientist Judith Brett provides the very first complete history of the Australian liberal tradition and then of the Liberal Party from the second half of the twentieth century The book sparkles with insight particularly in its sustained analysis of the shifting relationships between the experiences of the moral middle class and Australian liberals own self understandings It begins with Alfred Deakin facing the organised working class in parliament and ends with John Howard electorally triumphant but alienated from key sections of middle class opinion This book is destined to become the definitive account of Australian liberalism and of the Liberal Party of Australia Mass Conservatism Stuart Ball,Ian

Holliday,2013-10-18 The papers that comprise this volume reveal how people are intent on preserving not only their wealth but culture too The individual contributions identify the key arguments used to coax voters whose natural sympathies might gravitate to the left to vote for the Conservative Party en masse **Elites Against Democracy** Walter Struve,2015-03-08 Since the beginning of the current era of imperialism in the late nineteenth century there has been a striking contrast between bourgeois political thought in Germany and the West Walter Struve demonstrates how German political culture went through a phase in which great emphasis was placed on the establishment of a new political elite recruited on the basis of merit and skill but ruling in an authoritarian way and not controlled by the populace He suggests that this type of elitism many aspects of which were vital to the political culture of Nazi Germany seems today to be widespread in the West The development of this concept of an open yet authoritarian elite is approached through the analysis of the political ideas and activities of nine elitists among them Max Weber Walther Rathenau and Oswald Spengler The author relates biography to intellectual political social and economic history so that his work becomes a study in the political and social context of intellectual history Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Margaret Thatcher** Robert

Philpot, 2017-07-06 Margaret Thatcher's premiership changed the face of modern Britain. Yet few people know of the critical role played by Jews in sparking and sustaining her revolution. Was this chance choice or simply a reflection of the fact that as the Iron Lady herself said I just wanted a Cabinet of clever energetic people and frequently that turned out to be the same thing. In this book the first to explore Mrs Thatcher's relationship with Britain's Jewish community Robert Philpot shows that her regard did not come simply from representing a constituency with more Jewish voters than any other but stretched back to her childhood. She saw her own philosophical beliefs expressed in the values of Judaism and in it too she saw elements of her beloved father's Methodist teachings. Margaret Thatcher: The Honorary Jew explores Mrs Thatcher's complex and fascinating relationship with the Jewish community and draws on archives and a wide range of memoirs and exclusive interviews ranging from former Cabinet ministers to political opponents. It reveals how Immanuel Jakobovits the Chief Rabbi assisted her fight with the Church of England and how her attachment to Israel led her to internal battles as a member of Edward Heath's government and as Prime Minister as well as examining her relationships with various Israeli leaders.

Neoconservatism Irving Kristol, 1995-09-20 Here are the best of Kristol's now famous essays on society religion morals culture literature education and on the values issues which have come to define the neoconservative critique of contemporary life. These essays display the provocative ideas and style that have caused Irving Kristol to be justly regarded as the godfather of the conservative movement. Beyond Coloniality Aaron Kamugisha, 2019-02-01 Against the lethargy and despair of the contemporary Anglophone Caribbean experience Aaron Kamugisha gives a powerful argument for advancing Caribbean radical thought as an answer to the conundrums of the present. Beyond Coloniality is an extended meditation on Caribbean thought and freedom at the beginning of the 21st century and a profound rejection of the postindependence social and political organization of the Anglophone Caribbean and its contentment with neocolonial arrangements of power. Kamugisha provides a dazzling reading of two towering figures of the Caribbean intellectual tradition C L R James and Sylvia Wynter and their quest for human freedom beyond coloniality. Ultimately he urges the Caribbean to recall and reconsider the radicalism of its most distinguished 20th century thinkers in order to imagine a future beyond neocolonialism. **The Rhetoric of Brexit Humour** Simon Weaver, 2021-09-30 Since 2016 there has been an outpouring of humour comedy and satire on the United Kingdom's EU Referendum and decision to leave the EU or Brexit. This book examines the relationship between Brexit and its comedy exploring how Brexit and comedy are connected in both Leave and Remain discourse. It argues that both populism and comedy are rhetorical in nature and so are linked through their semantic structure and communicative potential. Considering the incongruities that Brexit presents for British society the author analyses the populism that has emerged from those incongruities in the form of ironic ambiguous and dichotomous discourse. Through the analysis of a range of comedy on the EU Referendum and Brexit including material from stand up and situation comedy and political satire of various types *The Rhetoric of Brexit Humour* examines the way in which comedy acts as a rhetoric that

draws on supports and attacks the discourses of Brexit This provides not just an advance in our understanding of political satire but also a clearer description of the nature of populism This book will appeal to sociologists political scientists media and communications scholars and anyone interested in Brexit populism and comedy **The March of Patriots** Paul Kelly, 2011-04-01 Unveiling the inside story of how Paul Keating and John Howard changed Australia this record presents these two personalities as conviction politicians tribal warriors and national interest patriots Divided by belief temperament and party they were united by generation city and the challenge to make Australia into a successful nation for the globalized age The making of policy and the uses of power are explored capturing the authentic nature of Australian politics as distinct from the polemics advanced by both sides Focusing on how these prime ministers altered the nation's direction this study also depicts how they redefined their parties and struggled over Australia's new economic social cultural and foreign policy agendas A sequel to the author's bestselling *The End of Certainty* this survey is based on more than 100 interviews with the two key players as well as other politicians advisers and public servants

Social Conservatism The Middle Classes Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Social Conservatism The Middle Classes PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes

intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Social Conservatism The Middle Classes PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Social Conservatism The Middle Classes free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Social Conservatism The Middle Classes Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Social Conservatism The Middle Classes is one of the best book in our library for free trial. We provide copy of Social Conservatism The Middle Classes in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Social Conservatism The Middle Classes. Where to download Social Conservatism The Middle Classes online for free? Are you looking for Social Conservatism The Middle Classes PDF? This is definitely going to save you time and cash in something you should think about.
