Songs Of Joseph Marx:

The Songs of Joseph Marx. [Mit Noten.] Joseph Kenneth Meyers, 1972 *Songs of Joseph Marx* Joseph Marx, **Songs of Joseph Marx** Joseph Marx, Carol Stuart, David Small, Kathleen Sonnentag, Robert L. Larsen, Marilyn Taylor, 1992
Selected Songs of Joseph Marx Maureen Balke, 1991 *A Study of Representative Songs by Joseph Marx* Katherine Elizabeth Cotton, 1949 **"The" Lied as Chamber Music** Bandee Kim, 2007 **Song** Carol Kimball, 2006-12-01 Carol Kimball's comprehensive survey of art song literature has been the principal one volume American source on the topic Now back in print after an absence of several years this newly revised edition includes biographies and discussions of the work of 150 composers of various nationalities as well as articles on styles of various schools of composition **The Musical Times and Singing-class Circular**, 1926 *Musical Courier and Review of Recorded Music*, 1913 *The Musical Times & Singing-class Circular*, 1912 **The Norton/Grove Dictionary of Women Composers** Julie Anne Sadie, Rhian Samuel, 1994 Throughout history women have been composing music but their achievements have usually gone unrecognized
Dictionary Catalog of the Music Collection New York Public Library. Reference Department, 1964 **Late Romantic Harmony and Counterpoint in the Music of Joseph Marx** Socrates Paxinos, 1977 *Music News*, 1929
The Complete Songs of Hugo Wolf Richard Stokes, 2021-10-08 The Complete Songs of Hugo Wolf gathers together for the first time every poem Wolf set to music Alongside the original German texts are translations by leading Lieder expert Richard Stokes who also provides illuminating commentary The 36 poets set by Wolf are each given their own chapter a brief essay on the poet is followed by a note on Wolf's connection with the writer extracts from letters that throw light on the Songs and convey his mood at the time of composition and the texts and translations Short biographies of all Wolf's correspondents flesh out the extraordinary life of this genius This will be an indispensable volume for all lovers of Lieder
The Songs of Hugo Wolf Eric Sams, 2011-11-03 With a foreword by the legendary accompanist Gerald Moore Eric Sams study Faber 1961 revised 1983 is a notable landmark in the establishment of Wolf as one of the supreme masters of German song Comprehensively revised and enlarged in 1983 the main subject matter remains the 242 published songs that Wolf wrote for voice and piano though the Ibsen songs for voice and orchestra are also discussed English translations are provided and the backgrounds to the original poems by Morike Eichendorff and Goethe as well as the Italian and Spanish sources from which the songbooks were drawn are fully explored Each song is dated its keys identified and vocal range determined This is the most important book in the English language on the songs of Hugo Wolf since Ernest Newman proclaimed the composer's genius in 1907 To the English speaking student this work is a treasure to which he will find himself returning again and again it is indispensable to those of us anxious to gain a deeper knowledge of Wolf Gerald Moore *The Songs of Henri Duparc* Sydney Northcote, 2011-10-13 This is so far as I know the first book in English on the life and work of Henri Duparc But it is intended to serve as an introduction to the study of his songs rather than as a full length biography For that would

call for the intimate knowledge of someone like his sole surviving son M Henri Charles Duparc or his distinguished friend M P de Breville or as a beginning at any rate the translation of Dr Charles Oulmont s *Musique de l amour* To each of these I would here like to express my deepest obligations in the preparation of the present essay The form of the book calls for very little explanation and I hope no apology It is designed to fulfil a certain logical principle in the study of song the appreciation of the song writer as a musician and as a man the study of his poets as poets and finally the critical and interpretative analyses of the songs themselves That is what has been attempted here

The Songs of Robert Schumann Eric Sams, 2011-10-06 Eric Sams study of Schumann s 246 songs Faber 1961 revised 1993 a companion volume to his *The Songs of Hugo Wolf* also available in Faber Finds remains a classic text By providing a translation commentary and notes for each of the songs tracing original sources and relating recurring themes vividly to Schumann s life Sams provides a unique documentary of Schumann s song writing art The book includes a foreword to the First Edition by the legendary accompanist Gerald Moore who writes So felicitous is the writing that one is hardly conscious of the erudition and profound thought that have gone into the making of it Eric Sams has produced a work that will be read and read again as long as Robert Schumann s songs are loved

Classical and Romantic Music David Milsom, 2017-07-05 This volume brings together twenty two of the most diverse and stimulating journal articles on classical and romantic performing practice representing a rich vein of enquiry into epochs of music still very much at the forefront of current concert repertoire In so doing it provides a wide range of subject based scholarship It also reveals a fascinating window upon the historical performance debate of the last few decades in music where such matters still stimulate controversy

Words and Music Judith Beniston, Geoffrey Chew, Robert Vilain, Jon Hughes, Modern Humanities Research Association, 2010 The chronological range covered by the individual essays is more than two hundred years from the Classical Enlightenment to the early twenty first century Some of the studies encompassed by this volume undertake the analysis of one composer s settings of a particular poet s work albeit with rather more critical rigour Others trace the ways in which a literary text is modified and adapted before and as it develops as one of the principal components of an opera Several share new insights into the complex relationships of individual works with the literary and musical traditions out of which they emerge or which they transform and renew or set such works in the political contexts of their genesis or reception often using a key historical moment a turning point or a snapshot as the starting point for a wide ranging investigation In some cases the words and the music are those of the same composer the relationship here shedding light on the process of composition itself Literary works are often scrutinized for the light they shed on a musician s creative processes but the importance of music to writers as audiences but also as amateur or even semi professional practitioners is no less important as an investigative standpoint
