**The Materiality of Narrative Dynamics** Stefan Iversen,Evan Van Tassell,2025-06-02 The dynamic nature of storytelling has long been one of the major concerns of narrative research but relatively little scholarship has engaged with the relationship between storytelling dynamics and the underlying material forms of cultural texts This volume seeks to remedy this by asking questions such as How might the affordances of new media guide audience reception in subtle ways How might the dynamism of legacy media be better recognized when examined through a multimedial lens How do the physical processes of production define the horizons of both authorial activity and audience response The insight that drives these investigations is two fold first that functions and effects of narratives are deeply intertwined with material forces of production distribution and reception and second that an analysis of any specific narrative must include attention to these material matters and how they affect the unfolding of stories over time The chapters in this collection explore interplays between material forces and narrative dynamics across a range of genres and intellectual arenas In doing so they both fill gaps in current methodological frameworks and call attention to the many gaps that are yet to be filled

*First Movie Trailers* Ethan Parker,AI,2025-02-26 First Movie Trailers explores the evolution of film trailers revealing their transformation from simple film snippets to indispensable tools for movie marketing and box office success The book highlights how trailers have mirrored broader shifts in marketing technology and audience engagement becoming key components in shaping audience perception For example the integration of sound and color marked a pivotal moment in trailer evolution enhancing their persuasive power The book begins by establishing the historical context tracing the origins of trailers and their increasing sophistication before moving into a detailed discussion of how trailers became integral to marketing strategies It connects to media studies marketing and economics by showing how trailers contribute to constructing audience expectations and shaping cultural narratives What sets First Movie Trailers apart is its comprehensive look at the trailer s entire trajectory from rudimentary beginnings to its current sophisticated form on digital platforms The book adopts a professional and accessible approach blending historical analysis with insights that will appeal to academic scholars and industry professionals It culminates in an analysis of how contemporary trailers use digital platforms and social media to reach audiences globally and the economic consequences thereof
