Professor's stories are just fiction but Holland St James has always been convinced that magic is real. When she tracks down a local legend named the Watch Man who can supposedly tell you when you'll die, the world finally makes sense. Except that the Watch Man tells her she will die at midnight tomorrow unless she finds an ancient object called the Alchemical Heart. With the clock ticking, Holland is pulled deeper into this magical world in the heart of Los Angeles and into the path of a magnetic stranger. Everything about him feels like a bad idea, but he promises Holland that her sister sent him to protect her. As they chase clues and stories that take them closer to the Alchemical Heart, Holland realizes everyone in this intoxicating new world is lying to her, even this stranger. And if she can't figure out whom to trust, not even the Alchemical Heart will save her.

Bowker's Guide to Characters in Fiction, 2003 Shamanic Alchemy James Endredy, 2019-04-23

A hands-on guide to advanced spiritual transformation through the combined sacred arts of alchemy and shamanism. Recasts the 7 stages of the alchemical Great Work as a transformative shamanic journey and initiatic experience. Provides step-by-step instructions for 18 shamanic alchemy practices for inner transformation including vibrational energy work, consciousness altering techniques, the creation of mirrors of the mind, and sacred ceremonies tied to the four elements. Explores the alchemical plant medicine techniques of spagyrics as well as recipes for basic tinctures and plant stones. Offering a unique hands-on guide to advanced self-transformation, James Endredy shows how traditional shamanic techniques offer a doorway into the sacred art of alchemy, the inner transformation of the soul. Revealing the practical and intuitive connections between shamanism and alchemy, including not only Western alchemy but also alchemical practices from the East, Endredy recasts the 7 stages of the alchemical Great Work as a transformative shamanic journey and initiatic experience. He provides step-by-step instructions for 18 shamanic alchemy practices for inner transformation including vibrational energy work, consciousness altering techniques, the creation of mirrors of the mind, shamanic viewing, and sacred ceremonies tied to the four elements. Exploring the healing art of spagyrics, the author shows how this alchemical plant medicine practice is receptive to the energetic work of traditional shamanic techniques. He details formulations for distilling shamanic spagyric remedies as well as recipes for basic tinctures and plant stones. He also discusses the creation of sacred space altars and shamanic distillation lodges. Comparing shamanic and alchemical cosmologies, the author explains how both shamanism and alchemy employ direct experience of the numinous and invisible worlds, also known as gnosis, to impart wisdom, invoke peace of mind, and increase creativity and vitality. Showing how the practical vibrational science of alchemy and the consciousness transforming techniques of shamanism directly enhance and expand upon each other, Endredy also reveals how they have the same ultimate goals: to allow the practitioner to transmute spiritual lead into gold and to penetrate the deep secrets of life and of nature.
