**Cultivating the Spirit** Alexander W. Astin,Helen S. Astin,Jennifer A. **Christian Philosophy** J. Aaron Simmons, 2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and substantive critique With a Foreword by Nicholas Wolterstorff Noah Porter Professor Emeritus of Philosophical Theology at Yale University Senior Research Fellow in the Institute for Advanced Studies in Culture at the University of Virginia and Honorary Professor of Australian Catholic University

[Controversies in Tax Law](#) Professor Anthony C Infanti, 2015-04-28 This volume presents a new approach to today s tax controversies reflecting that debates about taxation often turn on the differing worldviews of the debate participants For instance a central tension in academic tax literature which is filtering into everyday discussions of tax law exists between mainstream and critical tax theorists This tension results from a clash of perspectives Is taxation primarily a matter of social science or of social justice Should tax policy debates be grounded in economics or in critical race feminist queer and other outsider perspectives To capture and interrogate what often seems like a chasm between the different sides of tax debates this collection comprises a series of pairs of essays Each pair approaches a single area of controversy from two different perspectives with one essay usually taking a mainstream perspective and the other a critical perspective In writing their contributions the authors read and incorporated reactions to each other s essays and paid

specific attention to the influence of perspective on both the area of controversy and their contribution to the debate With contributions from leading mainstream and critical tax scholars this volume takes the first step toward bridging the gap between these differing perspectives on tax law and policy     *A Woman's Heart* Ellyn Sanna, 2012-10-01 Here is a delightful women s devotional that celebrates the joy of everyday life and the blessings it brings Thoughtful readings will speak to your heart and inspiring quotes and scriptures add to rich spiritual depth of the book Set in a beautiful 4 color design A Woman s Heart is the perfect book to give as a gift or for your personal quiet time
