Steele,2016-04-30 Through an examination of the poetry of Anne Sexton Audre Lorde and Gloria Anzald a We Heal From Memory paints a vivid picture of how our culture carries a history of traumatic violence child sexual abuse the ownership and enforcement of women s sexuality under slavery the transmission of violence through generations and the destruction of non white cultures and their histories through colonization According to Cassie Premo Steele the poetry of Sexton Lorde and Anzald a allows us to witness and to heal from such disparate traumatic events Reflections on Long-Term Relational Psychotherapy and Psychoanalysis Susan A. **The Shame that Lingers** A. Denise Starkey, 2009 In *The Shame That Lingers* A Survivor Centered Critique of Catholic Sin Talk A Denise Starkey argues that the dominant legal model of sin in the Catholic Church is inadequate for hearing the experience of sin for survivors of childhood and domestic violence because it functions to shame rather than to heal A universal understanding of the sinner as found in mainstream Catholic sin talk and confession impedes human flourishing by silencing radical suffering in ways that make survivors complicit for the harm done to them Starkey argues that a shame free theology of sin is necessary if survivors are to encounter the profound love of God Understanding sin from the perspective of the sinned against makes possible a transformative solidarity with the other by reinvisioning the roles of speaker and listener

**Prologue to Violence** Abby Stein, 2013-09-05 Despite mounting references to the transgenerational transmission of violence we still lack a compelling understanding of the linkage between the interpersonal violence of early life and the criminal violence of adulthood In *Prologue to Violence* Abby Stein draws on the gripping narratives of 65 incarcerated subjects and extensive material from law enforcement files to remedy this lacuna in both the forensic and psychodynamic literature In the process she calls into question prevailing beliefs about criminal character and motivation For Stein the early trauma to which adult criminals are subjected remains unformulated and as such unavailable for reflection Contrary to common belief these criminals especially sex murderers do not commit their crimes in a rational or fully conscious way They are not driven by deviant fantasy their psychopathy is not inborn and they rarely commit acts of violence without conscience Stein s interdisciplinary analysis of her data infuses contemporary relational psychoanalysis with the insights of neuroscience traumatology criminology and cognitive and narrative psychology A powerful challenge to offender treatment programs to address the shaping impact of childhood trauma rather than merely to correct the cognitions of violent offenders *Prologue to Violence* will be equally compelling to researchers and academics investigating child abuse and adult violence Its mental health readership will be broad and deep ranging beyond clinicians

who work with offender populations to all therapists who wrestle with experiences of dissociation and aggressive enactment in everyday life     Trauma Controversy, The ,     *What Happened to Johnnie Jordan?* Jennifer Toth, 2007-09-11 On an icy night five years ago Johnnie Jordan just fourteen years old brutally murdered his elderly foster care mother leaving the state of Ohio shocked and outraged He could not tell police why he did it or even how it made him feel all he knew was that something inside him made him kill At the time few people predicted the swift emergence of a class of young so called super predators criminals like Johnnie who injure and kill without conscience personified to the nation by the Littleton Colorado tragedy in 1999 In *What Happened to Johnnie Jordan* acclaimed journalist Jennifer Toth author of *The Mole People* and *Orphans of the Living* once again takes a look at the people in our society whom we so often discard and altogether ignore As Toth investigates Johnnie s crime and life she unravels the mysteries of a child murderer unable to identify his emotions even after they converge in acts of fury and rage In the course of her research Johnnie grows dangerously into a young man who will probably kill again he says though I don t want to Yet he also demonstrates great kindness and caring when treated as more than just a case number when treated as a human Through Johnnie s harrowing story Toth examines how some children manage to overcome tragic beginnings while others turn their pain anger and loss on innocents More than a beautifully written narrative of youth gone wrong this is the story of a child welfare system so corrupted by bureaucracy and overwhelmed with cases that many children entrusted to its care receive none at all It is also the story of a Midwestern town struggling with blame and anger unable to reconcile the damage done by so young an offender From Johnnie s early years on the streets to his controversial trial and ultimate conviction *What Happened to Johnnie Jordan* is a seminal work on youth violence and how we as a society can work to curtail it Ultimately Toth ponders one of the most difficult and important questions on youth violence If we can t control the way children are raised how can we prevent them from destroying other lives as well
