Soul Friends Finding Healing With Animals:

Soul Friends: Finding Healing with Animals Kate Nicoll, 2005 This book follows the psychological process leading to the adoption of an animal companion and alerts adopters to potential unconscious needs patterns of behavior and elements of rescuing that hugely impacts dog adoptions in today's world This insightful exploration encourages readers to complete self examination prior to adoption that is more meaningful than current applications and potentially avoids fallout from unsuccessful adoptions Psychological elements that impact the meeting of the perfect dog are often misunderstood and seemingly disregarded by potential adopters Nicoll explores her personal history her first experience with pet loss and rescue fantasies as potent narratives that may lead to irresponsible relationships with our animal companions Current trends toward positive reinforcement in dog training explore psychological theories of cognitive and behavioral approaches in everyday interactions with animals Nicoll encourages readers to delve deep into the psychological underpinnings of the human animal bond to enhance the relationship and find meaning in our life with dogs The work of companionship is highlighted as a potential opportunity for deep self reflection and healing while playing learning and living life with our animal friends Guidelines for seeking healing with our soul friends will potentially decrease unsuccessful adoptions and promote a sense of reverence for the healing lick

Our Dog Red Edward C. Sellner, 2019-08-26 Everyone who has lost a beloved pet knows the deep grief and heartbreak a death can cause often raising questions about the meaning of such a loss whether there is an afterlife for pets and sometimes why God would take such a dear member of the family so soon This book is the story of a father and son Ed and Daniel whose pet Red died on Good Friday in the week Christians call Holy It shows how Red's death drew them even closer while also leading each of them into new awarenesses The timing of that death also raised serious questions for Ed a pastoral theologian which he had not faced before do animals have souls What sort of God is it that we Christians believe in What was one to learn from the synchronicity of Red dying on Good Friday As a result of his grief and the questions it raised Ed found himself being led to teaching new courses in ethics art and spirituality concerned with animals and a new field specifically called animal theology This memoir is written for those concerned with the death of their beloved pets It discusses practices and rituals helpful in dealing with grief which can contribute to healing

The Role of Companion Animals in Counseling and Psychology Jane K. Wilkes, 2009 The human health benefits derived from relationships with companion animals has attracted an abundance of scientific interest and research However there is a need for theoretical conceptualizations in order to understand the healing benefits of human animal interactions The goal of this book is to seek these answers and the OC howOCO and OC whyOCO companion animals play a role in counseling and psychology In depth semi structured interviews were conducted with three psychologists who use animals in their therapy settings The focus of these interviews was to determine the experiences of having a companion animal present during therapy sessions The results revealed that pets in therapy 1 enhanced the therapeutic alliance relationship 2 revived the

therapeutic environment 3 improved professional practice and 4 created a sense of sacredness The therapy animals seemed to provide the trust and safety needed for clients to work within the transitional space and that the animals may act as transitional objects for some clients This book suggests that therapy animals are extremely helpful in providing a sense of safety for traumatized clients and could act as catalysts especially with defensive and or detached clients Unique features include discussion of the domestication of companion animals research into the human animal bond social and psychological support theory descriptions of methods used object relations theory and Winnicott s Concepts implications for the practice of counseling and psychology professional and ethical considerations and suggestions for future research Replete with informative appendices that will serve as valuable knowledge this book is a significant resource on the subject of animal assisted therapy for mental health professionals such as counselors clinical social workers psychologists and skilled therapists

Run, Spot, Run Jessica Pierce, 2016-05-06 A thoughtful book about how to ensure that the animals we love benefit from the relationship as much as we do Kirkus Reviews We feel love for our companions and happiness that we re providing them with a safe healthy life But sometimes we also feel guilt When we see our cats gazing wistfully out the window or watch a goldfish swim lazy circles in a bowl we can t help but wonder Are we doing the right thing keeping these independent beings locked up subject to our control Is keeping pets actually good for the pets themselves That s the question that animates Jessica Pierce s powerful Run Spot Run A bioethicist and a lover of pets herself including over the years dogs cats fish rats hermit crabs and more Pierce explores the ambiguous ethics at the heart of this relationship and through a mix of personal stories philosophical reflections and scientifically informed analyses of animal behavior and natural history she puts pet keeping to the test Is it ethical to keep pets at all Are some species more suited to the relationship than others Are there species one should never attempt to own And are there ways that we can improve our pets lives so that we can be confident that we are giving them as much as they give us With gentle humor clear compelling language and always in search of the physically and emotionally healthiest lives possible for our animal companions Run Spot Run moved me all the more because it s written from the inside looking out Pierce herself lives with three pets and understands the deep urge so many of us feel to connect across species lines Barbara King author of How Animals Grieve **The Latham Letter**, 2005
