Soul Murder The Effects Of Childhood Abuse And Depression:

Soul Murder Leonard Shengold, 1991-03-20 The term soul murder was first used to describe the case of Kaspar Hauser the 17 year old boy who had been confined his entire life in a cellar cut off from all communication The term was coined in 1832 but only now has the psychiatric community begun to grapple with its meaning Dr Shengold conveys the true tragedy of soul murder in this first comprehensive account of child abuse and deprivation **The Healing Spirit** Leo O.

Stossich, 2019-02-26 This book traces the journeys of seven victims of childhood sexual abuse who have experienced recovery through the activity of the Holy Spirit within the context of the local church These recovered victims have been enabled to move beyond the devastation of abuse by others whom they trusted to a place of emotional and psychological stability appropriate sexual intimacy with their spouses and a growing level of spiritual maturity While the Christian community has been slow to grasp the severity and extent of the problem or to provide the healing resources of the gospel some victims have found recovery in local churches The author has undertaken in depth interviews to elicit and explore the narratives of their journeys from woundedness to well being These narratives are an important source of information on the activity of the Holy Spirit in healing While the Spirit is an entity hidden to us the author has explored the experiences of seven recovered victims to disclose meaning for the work of the Spirit in all areas of Christian ministry **Soul Murder** Leonard

Shengold, 1991-03-20 To abuse or neglect a child to deprive the child of his or her own identity and ability to experience joy in life is to commit soul murder Soul murder is the perpetration of brutal or subtle acts against children that result in their emotional bondage to the abuser and finally in their psychic and spiritual annihilation In this compelling disturbing and superbly readable book Dr Leonard Shengold clinical professor of psychiatry at the New York University School of Medicine explores the devastating psychological effects of this trauma inflicted on a shocking number of children Drawing on a lifetime of clinical experience and wide ranging reading in world literature Dr Shengold examines the ravages of soul murder in the adult lives of his patients as well as in the lives and works of such seminal writers as George Orwell Dickens Chekhov and Kipling One hopeful note in this saga of pain is that a terrible childhood can if survived be a source of strength as Dr Shengold finds in the cases of Dickens and Orwell Provocatively original in its approach to literature and psychology unsettling in its vivid portrayal of the darker side of human nature far reaching in its conclusions Soul Murder will stand alongside such works as Alice Miller's The Drama of the Gifted Child as one of the most important studies of the psyche to appear in decades **I Just Keep Talking** Nell Irvin Painter, 2024-04-23 A NEW YORK TIMES NOTABLE BOOK From the

New York Times bestselling author of The History of White People and Old in Art School a finalist for the NBCC Award comes a comprehensive new collection of essays spanning art politics and the legacy of racism that shapes American history as we know it Throughout her prolific writing career Nell Painter has published works on such luminaries as Sojourner Truth Ralph Waldo Emerson and Malcolm X Her unique vantage on American history pushes the boundaries of personal narrative and

Freedman, 2018-06-18 In *Psychotherapy Reflections* a psychoanalytically informed patient describes his feelings about his therapeutic relationship and critically examines selected therapy sessions from a nine month course of treatment. Many texts about psychotherapy are based either on patient narratives or on a clinical model. *Psychotherapy Reflections* however combines patient narrative with probing insight and dream analysis based on the work of noted dream researcher Stanley R Palombo M D who has shown that dreams serve an information processing function by matching present and past experience in determining what information will be filtered through for storage in permanent memory. **Shame, Pride, and**

Relational Trauma Ken Benau, 2022-03-17 *Shame, Pride, and Relational Trauma* is a guide to recognizing the many ways shame and pride lie at the heart of psychotherapy with survivors of relational trauma. In these pages readers learn how to differentiate shame and pride as emotional processes and traumatic mind/body states. They will also discover how understanding the psychodynamic and phenomenological relationships between shame, pride and dissociation benefit psychotherapy with relational trauma. Next readers are introduced to fifteen attitudes, principles and concepts that guide this work from a trans-theoretical perspective. Therapists will learn about ways to conceptualize and successfully navigate complex patient/therapist shame dynamics and apply neuroscientific findings to this challenging work. Finally readers will discover how the concept and phenomena of *pro-being-pride* that is delighting in one's own and others' unique aliveness helps patients transcend maladaptive shame and pride and experience greater unity within with others and with the world beyond.

Internal Desecration Carrie Doehring, 1993-08-11 Overwhelming life experiences such as physical and sexual abuse during childhood have the potential to obliterate internal representations of a loving God. In this book the author explores the inter-relationship between severity of childhood traumatization and mental representations of God through a comprehensive review of psychodynamic literature and quantitative research methodology. The research findings of a study with forty-seven women demonstrate the complexity of this subject and illustrate how the empirical truth of quantitative findings may or may not resonate with the metaphorical truth of psychodynamic models of traumatization. The author discusses the significance of these findings for clinicians and faith communities. *One Friday in April* Donald Antrim, 2021-10-12 One of TIME's 100
