USA Today Not so long ago Italian food was regarded as a poor man's gruel little more than pizza macaroni with sauce and red wines in a box. Here John Mariani shows how the Italian immigrants to America created through perseverance and sheer necessity an Italian American food culture and how it became a global obsession. The book begins with the Greek Roman and Middle Eastern culinary traditions before the boot shaped peninsula was even called Italy then takes readers on a journey through Europe and across the ocean to America alongside the poor but hopeful Italian immigrants who slowly but surely won over the hearts and minds of Americans by way of their stomachs. Featuring evil villains such as the Atkins diet and French chefs this is a rollicking tale of how Italian cuisine rose to its place as the most beloved fare in the world through the lives of the people who led the charge. With savory anecdotes from these top chefs and restaurateurs Danny Meyer Tony Mantuano Michael Chiarello Giada de Laurentiis Giuseppe Cipriani Nigella Lawson And the trials and triumphs of these restaurants Da Silvano Spiaggia Bottega Union Square Caf Maialino Rao's Babbo Il Cantinori Mariani captures the history and elemental beauty of a cuisine that really does seem to appeal to more palates than any other you owe it to yourself to read this book.
