Souls Are Made Of Endurance Surviving Mental Illness In The Family:

Souls Are Made of Endurance Stewart Delisle Govig, 1994-01-01 In *Souls Are Made of Endurance* Stewart Govig gives a personal account of his family's struggle with their son's mental illness. After his son was diagnosed with schizophrenia, Govig's family faced not only the difficulty of finding medical care and therapy but also the personal anguish and the questioning of faith and of God that often accompany such a crisis. The author's two foundations are the Bible and personal experience. His spiritual search returns meaning to his family's struggle and restores faith and hope. Govig provides guidance and support and exposes the way society stigmatizes people with mental illness. This book is a powerful statement of hope that every pastor, counselor, and family dealing with mental illness needs to read.

Fragile Connections Donald Capps, 2014-02-18 Endorsements One of the greatest contributions of Capps's book is the way in which he weaves together a vast range of theories, interpretations, and explanations of psychopathology without ever losing sight of the humanity of the person living with mental illness. Far too many books seek to find one single explanation of the baffling and complex phenomenon of mental illness. *Fragile Connections* will expand our understanding and empower pastors and others concerned about mental illness with an eloquent exploration of one of the greatest mysteries of the human predicament. Lewis Rambo, San Francisco Theological Union and Graduate Theological Union. Donald Capps skillfully guides his readers into the strange world of severe mental illness, a neighborhood disturbingly close to home. He first offers the lay of the land by scrutinizing particular psychiatric classifications. He then carefully treks through gripping narrative accounts of those battling schizophrenia, clinical depression, bipolar disorder, and Alzheimer's disease. Finally, with interpretive precision honed through a lifetime of attending to persons in pain, Capps risks his own stunning insights into the anguish and mystery of these lives. An exquisite and sobering journey. Robert C. Dykstra, Princeton Theological Seminary. *Fragile Connections* is a most welcome resource for those of us involved in theological education. Capps's creative use of five memoirs allows persons who suffer from various mental illnesses and the family members who care for them to speak in their own voices about living with these afflictions. Carol J. Cook, Louisville Presbyterian Theological Seminary. Doing good with stealth as usual, Donald Capps has designed this biblically, historically grounded book for seminary students and ministers who will find no other like it. The book holds out the key to understanding the experiences of those who are mentally ill and those who love them. Capps argues that the study of individuals' personal memoirs rather than medically modeled case studies reveals the deep and profoundly personal nature of each person's unique experience of mental illness. What is more, written as it is in Capps's inimitable style, this book fills a void in seminary curricula as it addresses a problem in methodology. Antoinette Goodwin, pastoral psychotherapist, Princeton, New Jersey.

Women Project **In the Fellowship of His Suffering** Elahe Hessamfar, 2015-02-26 Schizophrenia is often considered one
of the most destructive forms of mental illness Elahe Hessamfar's personal experience with her daughter's illness has led her
to ask some pressing and significant questions about the cause and nature of schizophrenia and the Church's role in its
treatment With a candid and revealing look at the history of mental illness *In the Fellowship of His Suffering* describes
schizophrenia as a variation of human expression Hessamfar uses a deeply theological rather than pathological approach to
interpret the schizophrenic experience and the effect it has on both the patients and their families Effectively drawing on the
Bible as a source of knowledge for understanding mental illness she offers a reflective yet innovative view of whether the
Church could or should intervene in such encounters and what such an intervention might look like Hessamfar's

Kyung Oh, 2018-06-18 Drawing on her own experience of befriending a person suffering from a long-term mental health
challenge Priscilla Oh reflects on the meaning of care and friendship theologically Using autoethnography she goes beyond
the personal experience and examines various issues surrounding mental health *Hospitable Witnessing* candidly takes
readers into the everyday life of being with a mentally ill person There are emotional challenges and contingencies in
sustaining friendship and caring for a person with a long-term mental health problem Oh points out that those who care for a
loved one during a long-term illness inevitably experience burnout resulting from the constant care requirements Under such
an enormous disruption we need to be compassionate toward another's suffering and be willing to be present and available
for them This book suggests our need of one another and identifies three important Christian practices caring as we are
being made in the image of God compassion as being present with the sufferer and lament as to revitalize our faith and hope

Brownson, 2007 Christians who otherwise love each other and work together on shared projects and causes nonetheless often disagree on the subject of baptism Should infants be baptized or is baptism for believers only What exactly does baptism mean What happens if anything when someone is baptized Which is better sprinkling or
