**The Roman Mithras Cult** Olympia Panagiotidou, Roger Beck, 2017-11-02 The Roman Mithras Cult A Cognitive Approach is the first full cognitive history of an ancient religion In this groundbreaking book on one of the most intriguing and mysterious ancient religions Roger Beck and Olympia Panagiotidou show how cognitive historiography can supplement our historical knowledge and deepen our understanding of past cultural phenomenon The cult of the sun god Mithras which spread widely across the Greco Roman world at the same time as other mystery cults and Christianity offered to its devotees certain images and assumptions about reality Initiation into the mysteries of Mithras and participation in the life of the cult significantly affected and transformed the ways in which the initiated perceived themselves the world and their position within it The cult s major ideas were conveyed mainly through its major symbolic complexes The ancient written testimonies and other records are not adequate to establish a definitive reconstruction of Mithraic theologies and the meaning of its complex symbolic structures Filling this gap The Roman Mithras Cult A Cognitive Approach identifies the cognitive and psychological processes which took place in the minds and bodies of the Mithraists during their initiation and participation in the mysteries enabling the perception apprehension and integration of the essential images and assumptions of the cult in its worldview system

**The Essential St. John of the Cross** St. John of the Cross, 2013-06-28 Collected here in this omnibus edition are all three of St John of the Cross major works as well as twenty of his magnificent poems The Ascent of Mount Carmel is the third major work of St John of the Cross and is considered to be the introductory work on mystical theology Dark Night of the Soul is one of the greatest religious poems ever written This masterpiece of Mystic Christianity examines faith and how to keep faith when all seems lost Think of it as guide to making it through the dark night of the soul to the brighter happier faith filled tomorrow that awaits In A Spiritual Canticle of the Soul and the Bridegroom Christ St John states I do not purpose here to set forth all that greatness and fullness the spirit of love which is fruitful embodies in it Yes rather it would be foolishness

to think that the language of love and the mystical intelligence and that is what these stanzas are can be at all explained in words of any kind for the Spirit of our Lord who helps our weakness      The City and the World Bp. Francis Clement Kelley,1919      *Climate of the Soul* Andrew D. Mayes,2022-05-17 This book bears us on eagles wings into the vault of the heavens and plunges us into the hidden depths of the soul As the climate crisis alerts us to the state of the planet so we look into our soul We see how the Bible and classic spiritual writers use arresting meteorological imagery to describe both the discovery of the Divine and the condition of humanity We explore a rich and diverse vocabulary archetypal universal and primal enabling us to describe the movements of the soul These images and metaphors help us express what is going on in our spiritual lives as we learn the skill of reading the climate of our soul Attentiveness to the ecology of the soul leads to a sharper perception of the environmental issues facing our planet This book helps us to look differently at our turbulent world within the interplay of microcosm of soul and macrocosm of climate celebrating a sacramental approach to the universe to the elements and to ourselves      A Spiritual Cantic of the Soul and the Bridegroom Christ St. John of the Cross,2016-11-10 Claiming to be a literary interpretation this poem of forty stanza s is loosely based on the Biblical book of Song of Songs This story follows a bride that has been separated from her bridegroom and her search for him If it is not obvious enough from the reading of the poem itself and St John of the Cross s extensive explanation afterwards the poem is a literary interpretation of Song of Songs but also of the soul s search for Jesus Christ      *Tuning the Soul* Chani Haran Smith,2010-05-20 This book is an in depth study of the function of music in religious experience according to Rabbi Na man of Bratzlav It provides new insights on his unique doctrine of the Good Points which represent the core of loving kindness and holiness in the human soul and the musical context in which they become both a means and a metaphor for spiritual transformation Drawing on midrashic and kabbalistic sources the book explores Na man s perception of different types of tzadiqim religious leaders including himself and the special role music plays in their leadership It highlights the importance of creativity and renewal in the messianic process that involves both music and loving kindness      **Theosophical Outlook** ,1919      *Summoning the Fates* Zsuzsanna E.
