The Stirling Engine Manual James G. Rizzo,1999 A Manual of the Steam Engine and Other Prime Movers William John Macquorn Rankine,1906 Scientific & Mathematical Bodies SungWon Hwang,Wolff-Michael Roth,2011-11-19 This book is about the sensuous living body without which individual knowing and learning is impossible It is the interface between the individual and culture Recent scholarship has moved from investigated knowing and learning as something in the mind or brain to understanding these phenomena in terms of the body embodiment literature or culture social constructivism These two literatures have expanded the understanding of cognition to include the role of the body in shaping the mind and to recognize the tight relation between mind and culture However there are numerous problems arising from ways in which the body and culture are thought in these separate research domains In this book the authors present an interdisciplinary scientific initiative that brings together the concerns for body and for culture to develop a single theory of cognition centered on the living and lived body This book thereby contributes to bridging the gap that currently exists between theory knowing that and praxis knowing how that is apparent in the existing science and mathematics education literatures *Advanced Design and Manufacture III* Dai Zhong Su,Qingbin Zhang,Shi Fan Zhu,2010-11-11 Selected peer reviewed papers from the 3rd International Conference on Advanced Design and Manufacture ADM 2010 8 10 September 2010 Nottingham UK **Scientific and Technical Aerospace Reports** ,1991 **Energy** ,1983 Energy Research Abstracts ,1993 *Technical Publications Announcements with Indexes* United States.
