

The background of the book cover is a photograph of a stone wall in a forest. In the foreground, there are dark, bare tree branches reaching across the frame. The wall is made of rough-hewn stones and is partially covered by ivy. The ground in front of the wall is covered with fallen leaves and some small plants. Reading Rural Landscapes: A Field Guide to New England's Past Robert Stanford, 2015-07-30 William Faulkner once said The past is never dead It s not even past Nowhere can you see the truth behind his comment more plainly than in rural New England especially Maine New Hampshire Vermont and western Massachusetts Everywhere we go in rural New England the past surrounds us In the woods and fields and along country roads the traces are everywhere if we know what to look for and how to interpret what we see A patch of neglected daylilies marks a long abandoned homestead A grown over cellar hole with nearby stumps and remnants of stone wall and orchard shows us where a farm has been reclaimed by forest And a piece of a stone dam and wooden sluice mark the site of a long gone mill Although slumping back into the landscape these features speak to us if we can hear them and they can guide us to ancestral homesteads and famous sites Lavishly illustrated with drawings and color photos Provides the keys to interpret human artifacts in fields woods and roadsides and to reconstruct the past from surviving clues Perfect to carry in a backpack or glove box A unique and valuable resource for road trips genealogical research naturalists and historians

Twain's Feast Andrew Beahrs, 2010-06-24 One young food writer s search for America s lost wild foods from New Orleans croakers to Illinois Prairie hen with Mark Twain as his guide In the winter of 1879 Mark Twain paused during a tour of Europe to compose a fantasy menu of the American dishes he missed the most He was desperately sick of European hotel cooking and his menu made up of some eighty regional specialties was a true love letter to American food Lake Trout from Tahoe Hot biscuits Southern style Canvasback duck from Baltimore Black bass from the Mississippi When food writer Andrew Beahrs first read Twain s menu in the classic work *A Tramp Abroad* he noticed the dishes were regional in the truest sense of the word drawn fresh from grasslands woods and waters in a time before railroads had dissolved the culinary lines between Hannibal Missouri and San Francisco These dishes were all local all wild and all Beahrs feared had been lost in the shift to industrialized food In *Twain s Feast* Beahrs sets out to discover whether eight of these forgotten regional specialties can still be found on American tables tracing Twain s footsteps as he goes Twain s menu it turns out was also a memoir and a map The dishes he yearned for were all connected to cherished moments in his life from the New Orleans croakers he loved as a young man on the Mississippi to the maple syrup he savored in Connecticut with his family during his final lonely years Tracking Twain s foods leads Beahrs from the dwindling prairie of rural Illinois to a six hundred pound coon supper in Arkansas to the biggest native oyster reef in San Francisco Bay He finds pockets of the country where Twain s favorite foods still exist or where intrepid farmers fishermen and conservationists are trying to bring them back In *Twain s Feast* he reminds us what we ve lost as these wild foods have disappeared from our tables and what we stand to gain from their return Weaving together passages from Twain s famous works and Beahrs s own adventures *Twain s Feast* takes us on a journey into America s past to a time when foods taken fresh from grasslands woods and waters were at the heart of American
