## **Stoning The Moon:**

Shakespeare's Hamlet and Lawrence Agonistes Barry J. Scherr, 2018-07-27 This book is the first to examine the influence of Shakespeare particularly Hamlet on D H Lawrence Using the Bloomian theory of the anxiety of influence to probe the startling depths of Lawrence's agon with his towering precursor Shakespeare it closely examines Lawrence's crypto Jewish identity as well as that of many of his highly individual characters who embody the characteristics of Old Testament figures and in so doing infuse a patriarchal strength and divine religious sublimity into civilized life Lawrence's claims about the self sacrificing influence of Christianity on Shakespeare's Hamlet on the other hand demonstrate how this influence carries over into the submission of the subject and the decline of Western Civilization The book extrapolates this decline into a critique of the modern day left wing ideology that appropriates the self abnegating individual to its collectivist ends In responding agonistically to Shakespeare's Hamlet Lawrence claims a far more complete vital and salubrious consciousness and a Weltanschauung that makes for greater more fulfilling life thanks to the inner strength psychic and sexual power of the Lawrentian Self Supreme The book will appeal to Lawrence and Shakespeare scholars and enthusiasts who wish to appreciate Lawrence and Shakespeare as supremely profound writers and thinkers Its unique demonstration of Bloomian literary theory makes it come poignantly alive for both graduate students and college professors **Let'S Get Stoned**

H. Lawrence, Ecofeminism and Nature** Terry

Gifford, 2022-09-30 Shortlisted for the ASLE UKI Prize for Best Academic Monograph This is the first ecocritical book on the works of D H Lawrence and also the first to consider the links between nature and gender in the poetry and the novels In his search for a balanced relationship between male and female characters what role does nature play in the challenges Lawrence offers his readers How far are the anxieties of his characters in negotiating relationships that might threaten their sense of self derived from the same source as their anxieties about engaging with the Other in nature Indeed might Lawrence's metaphors drawn from nature actually be the causes of human actions in The Rainbow for example The originality of Lawrence's poetic and narrative strategies for challenging social attitudes towards both nature and gender can be revealed by new approaches offered by ecocritical theory and ecofeminist readings of his books This book explores ecocritical notions to frame its ecofeminist readings from the difference between the Other and otherness in The White Peacock and Lady Chatterley's Lover another in the poetry of Birds Beasts and Flowers psychogeography in Sea and Sardinia emergent ecofeminism in Sons and Lovers land and gender in The Boy in the Bush gender dialogics in Kangaroo human animality in Women in Love trees as tests in Aaron's Rod to radical animism in The Plumed Serpent Finally three late tales provide a reassessment of ecofeminist insights into Lawrence's work for readers in the present context of the Anthropocene

Maarten Troost, 2006-06-13 With *The Sex Lives of Cannibals* Maarten Troost established himself as one of the most engaging and original travel writers around *Getting Stoned with Savages* again reveals his wry wit and infectious joy of discovery in a side-splittingly funny account of life in the farthest reaches of the world After two grueling years on the island of Tarawa battling feral dogs machete-wielding neighbors and a lack of beer on a daily basis Maarten Troost was in no hurry to return to the South Pacific But as time went on he realized he felt remarkably out of place among the trappings of twenty-first-century America When he found himself holding down a job one that might possibly lead to a career he knew it was time for him and his wife Sylvia to repack their bags and set off for parts unknown *Getting Stoned with Savages* tells the hilarious story of Troost's time on Vanuatu a rugged cluster of islands where the natives gorge themselves on kava and are still known to eat the man Falling into one amusing misadventure after another Troost struggles against typhoons earthquakes and giant centipedes and soon finds himself swept up in the laid-back clothing-optional lifestyle of the islanders When Sylvia gets pregnant they decamp for slightly more civilized Fiji a fallen paradise where the local chiefs can be found watching rugby in the house next door And as they contend with new parenthood in a country rife with prostitutes and government coups their son begins to take quite naturally to island living in complete contrast to his dad
