The Early Poetry of Robert Graves Frank L. Kersnowski, 2002-07-15 Like many men of his generation poet Robert Graves was indelibly marked by his experience of trench warfare in World War I The horrific battles in which he fought and his guilt over surviving when so many perished left Graves shell shocked and disoriented desperately seeking a way to bridge the rupture between his conventional upbringing and the uncertainties of post war British society In this study of Graves's early poetry Frank Kersnowski explores how his war neurosis opened a door into the unconscious for Graves and led him to reject the essential components of the Western idea of reality reason and predictability In particular Kersnowski traces the emergence in Graves's early poems of a figure he later called The White Goddess a being at once terrifying and glorious who sustains life and inspires poetry Drawing on interviews with Graves's family as well as unpublished correspondence and drafts of poems Kersnowski argues that Graves actually experienced the White Goddess as a real being and that his life as a poet was driven by the purpose of celebrating and explaining this deity and her matriarchy **Modern Drama**, 2001

Real and Imaginary Spaces in Tom Stoppard's Plays Nevin Gürbüz-Blaich, 2025-06-02 This study benefits from the terminology of geocriticism a literary criticism that suggests an interdisciplinary approach to the exploration of literature in relation to space and place and refers to the spatial theories of Lefebvre Foucault Bakhtin Aug and Certeau as well as to Issacharoff's study of dramatic space Proposing a multidisciplinary perspective the book analyzes the mimetic and diegetic

spaces in four of Tom Stoppard's plays *Rosencrantz and Guildenstern Are Dead* 1966 *Travesties* 1974 *Arcadia* 1993 and *Indian Ink* 1995 Stoppard's plays from the 1960s to the 2000s portray different spaces including urban spaces cities landscapes rooms and fictional sites thus serving as exceptional textual sources in spatial literary studies *The absurd in literature* Neil Cornwell, 2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism Rather it pauses on certain historical moments artistic movements literary figures and selected works before moving on to discuss four key writers Daniil Kharms Franz Kafka Samuel Beckett and Flann O'Brien The absurd in literature will be of compelling interest to a considerable range of students of comparative European including Russian and Central European and English literatures British Isles and American as well as those more concerned with theatre studies the avant garde and the history of ideas including humour theory It should also have a wide appeal to the enthusiastic general reader Forthcoming Books Rose Army, 2001-08

Narratives of Life Heike Hartung, Roberta Maierhofer, 2009 The prospect of increasing longevity has turned aging and old age into a topic of concern in Western societies The discourse of age and the proliferation of narrative in contemporary media culture both transgress disciplinary boundaries Addressing the narratives of life from different disciplinary angles this volume aims to explore the scope of a narrative gerontology Aging and the stories that are told about it or from within are transnational and transcultural phenomena While aging is thus a universal process attention is also drawn to the categories of difference that it evokes Historical social and cultural differences as well as gender differences **Tom Stoppard in**

Context David Kornhaber, James N. Loehlin, 2021-06-17 Tom Stoppard's work as a playwright and screenwriter has always been notable for mixing ideas with entertainment From the early success of *Rosencrantz and Guildenstern Are Dead* to masterpieces like *Arcadia* from radio plays about modern art to the Oscar winning screenplay for *Shakespeare in Love* Stoppard has challenged and delighted audiences with the intellectual and cultural richness of his writing *Tom Stoppard in Context* provides multiple perspectives on both the life and works of one of the most important modern playwrights This collection covers biographical and historical topics as well as the broad array of intellectual aesthetic and political concerns with which Stoppard has engaged More than thirty essays on subjects ranging from science to screenwriting help illuminate Stoppard's rich body of work

The Lost Child in Literature and Culture Mark Froud, 2017-10-18 This book is an extensive study of the figure of the lost child in English speaking and European literature and culture It argues that the lost child figure is of profound importance for our society a symptom as well as a cause of deep trauma This trauma or void is a fundamental disruption of the structures that define us self history and even language This puts the figure of the child in context with previous research that the modern conception of a child was formed alongside modern conceptions of memory The book analyses the representation of the lost child through fairy tales historical oppression and in recent novels and films The book then studies the connection of the lost child figure with the uncanny and its centrality to language The book

considers the lost child figure as an archetype on a metaphysical and philosophical level as well as cultural **Conservative Modernists** Christos Hadjiyiannis, 2018-03-29 Despite sustained scholarly interest in the politics of modernism astonishingly little attention has been paid to its relationship to Conservatism Yet modernist writing was imbricated with Tory rhetoric and ideology from when it emerged in the Edwardian era By investigating the many intersections between Anglophone modernism and Tory politics *Conservative Modernists* offers new ways to read major figures such as T S Eliot Ezra Pound T E Hulme and Ford Madox Ford It also highlights the contribution to modernism of lesser known writers including Edward Storer J M Kennedy and A M Ludovici These are the figures to whom it most frequently returns but cutting through disciplinary delineations the book simultaneously reveals the inputs to modernism of a broad range of political writers philosophers art historians and crowd psychologists from Pascal Burke and Disraeli to Nietzsche Le Bon Wallas Worringer Ribot Bergson and Scheler *"The Real Thing"* William Baker, 2013-05-24 With a writing career spanning over half a century and encompassing media as diverse as conferences radio journalism fiction theatre film and television Tom Stoppard is probably the most prolific and significant living British dramatist The critical essays in this volume celebrating Stoppard's 75th birthday address many facets of Stoppard's work both the well known such as *Rosencrantz and Guildenstern Are Dead* and *Shakespeare in Love* as well as the relatively critically neglected including his novel *Lord Malquist and Mr Moon* and his short stories *The Story* *Life Times* *Fragments* and *Reunion* The essays presented here analyze plays such as *Arcadia* *The Invention of Love* *The Real Thing* and *Jumpers* Stoppard's film adaptation of J G Ballard's *Empire of the Sun* his television adaptation of Ford Madox Ford's *Parade's End* and his stage adaptations of Chekhov's plays *Ivanov* *The Seagull* and *The Cherry Orchard* as well as his own theatrical trilogy on Russian history *The Coast of Utopia* *Voyage Shipwreck* and *Salvage* Also included is an interview with Tom Stoppard on the 16 November 1982 debut of his play *The Real Thing* at Strand Theatre London and a detailed account of the Stoppard holdings in the Harry Ransom Center at the University of Texas at Austin From his fascination with Shakespeare and other historical figures and time periods to his exploration of the connection between poetic creativity and scholarship to his predilection for word play verbal ambiguity and use of anachronism Stoppard's work is at once insightful and wry thought provoking and entertaining earnest and facetious The critical essays in this volume hope to do justice to the brilliant complexity that is Tom Stoppard's body of work

Performing Age in Modern Drama Valerie Barnes Lipscomb, 2016-07-14 This book is the first to examine age across the modern and contemporary dramatic canon from Arthur Miller and Tennessee Williams to Paula Vogel and Doug Wright All ages across the life course are interpreted as performance and performative both on page and on stage including professional productions and senior theatre groups The common admonition *act your age* provides the springboard for this study which rests on the premise that age is performative in nature and that issues of age and performance crystallize in the theatre Dramatic conventions include characters who change ages from one moment to the next overtly demonstrating on

stage the reiterated actions that create a performative illusion of stable age Moreover directors regularly cast actors in these plays against their chronological ages Lipscomb contends that while the plays reflect varying attitudes toward performing age as a whole they reveal a longing for an ageless self a desire to present a consistent unified identity The works mirror prevailing social perceptions of the aging process as well as the tension between chronological age physiological age and cultural constructions of age **Contemporary Drama in English** ,2007 **Subject Guide to Books in Print** ,1991
