Stories From Gaelic Ireland:

Stories from Gaelic Ireland Bernadette Cunningham, Raymond Gillespie, 2003 This quirky yet important book breaks new ground in the study of Gaelic Ireland by exploiting the rich source material contained in the sixteenth century Annals of Ulster Annals of Connacht the Annals of Loch C and the Four Masters While attention has previously been paid to poetry in Irish as a source for the history of the 16th century the richness of the prose sources have not been exploited by historians The annals contain a series of short accounts of events arranged by year The storytelling of the annalists provides the openings into the past that are the key to this book which uses seven of their longer stories to examine at micro level aspects of Gaelic society that created them The significance of each story is illuminated by reference to other contemporary evidence including the genealogies and the poetry The text is provided in both the original Irish with an English language translation with extensive writings placing the passages in their historical time

Beside the Fire Douglas Hyde, 1910 Beside the Fire Douglas Hyde, 2015-06-25 Excerpt from *Beside the Fire* A Collection of Irish Gaelic Folk Stories Irish and Scotch Gaelic folk stories are as a living form of literature by this time pretty nearly a thing of the past They have been trampled in the common ruin under the feet of the Zeitgeist happily not before a large harvest has been reaped in Scotland but unfortunately before anything worth mentioning has been done in Ireland to gather in the crop which grew luxuriantly a few years ago Until quite recently there existed in our midst millions of men and women who when their day's work was over sought and found mental recreation in a domain to which few indeed of us who read books are permitted to enter Man all the world over when he is tired of the actualities of life seeks to unbend his mind with the creations of fancy We who can read betake ourselves to our favourite novelist and as we peruse his fictions we can almost see our author erasing this heightening that and laying on such and such a touch for effect His book is the product of his individual brain and some of us or of our contemporaries have been present at its genesis About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

beginning in late 1997 with the establishment of the innovative literary periodical *The Stinging Fly* and concludes in 2022. The book is structured in five parts with each part focusing on a particular mode of publication: periodicals, single author volumes, short story cycles, edited anthologies, and small or independent presses. Each part includes a series of case studies while also engaging with a diverse range of short story criticism and theory, both comparative and Irish centered. *Anthologisation and Irish Short Fiction* brings different writers at distinct stages of their careers into conversation, and this volume aims to illuminate the contemporaneous value of this body of work, its innovative and varied use, and the diversity of its practice. Particular attention is also shown to the fluidity of the short form, to its capacity to disrupt and arrest, and to its progressive writerly potential.

Irish Writing in the Twentieth Century David Pierce, 2000. With five Nobel Prize winners, seven Pulitzer Prize winners, and two Booker Prize winning novelists, modern Irish writing has contributed something special and permanent to our understanding of the twentieth century. *Irish Writing in the Twentieth Century* provides a useful, comprehensive, and pleasurable introduction to modern Irish literature in a single volume. Organized chronologically by decade, this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the society it reflected. It embraces all forms of writing, not only the major forms of drama, fiction, and verse, but such material as travel writing, personal memoirs, journalism, interviews, and radio plays, to offer the reader a complete and wonderfully varied sense of Ireland's contribution to our literary heritage. David Pierce has selected major literary figures as well as neglected ones, and includes many writers from the Irish diaspora. The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available.
