Clutterbuck, Katharine Smith, Heddon Publishing, 2014-10-18 Chalk It Up is a set of entertaining short stories written by international educational author and retired teacher Peter M Clutterbuck Based around the lives of teachers their interactions with students and colleagues and the sometimes unusual situations they find themselves in as a result of their work the stories in this brilliant collection throw a light on what it means to be a teacher as well as highlighting how the profession has changed over the last few decades Readers will quickly warm to the book's characters as the tales sometimes thought provoking sometimes sad often funny unfold Peter M Clutterbuck was a teacher for over 40 years His closeness to the subject and firsthand experience of the types of characters portrayed in the stories is clear from the realism and sensitivity evident throughout the book While the stories will appeal to those familiar with the profession Chalk It Up is by no means just for teachers It offers all readers a fascinating insight into the challenging world of education For the Love of Teachers Todd Whitaker, 2013-05-07 For the Love of Teachers is a tribute to those who possess the remarkable ability to exercise patience and understanding and to offer guidance along an unfamiliar path The influence these dedicated teachers have is reflected in many of the goals their students set and achieve every day whether learning to tie their shoes memorizing multiplication tables or excelling on the SATs all basic steps which are vital to their growth and self esteem For this reason among many others the importance of these positive role models in our children's lives as well as our own can't be stressed enough For the Love of Teachers is the ideal way to express the admiration and appreciation we share for them The reasons why someone chooses to teach isn't always clear but what many teachers have in common is the desire to make a difference in the lives of others a task that can be bittersweet For the Love of Teachers is filled with inspiring stories that do just that Some are warm humorous and heartfelt while others illustrate difficult or unexpected situations with the lessons learned along the way Readers will identify with many of the students who recall that special teacher who challenged them to find their hidden talent motivated them to push a little harder or to simply surpass their own expectations For the Love of Teachers is a special way of saying thanks to all the teachers who've sacrificed their time to better the lives of others **The First Year of Teaching** Pearl Rock
