Most people equate Los Angeles with smog sprawl forty suburbs in search of a city the great what not to do of twentieth century city building But there s much more to LA s story than this shallow stereotype History shows that Los Angeles was intensely ubiquitously planned The consequences of that planning the environmental history of urbanism is one place to turn for the more complex lessons LA has to offer Working forward from ancient times and ancient ecologies to the very recent past Land of Sunshine is a fascinating exploration of the environmental history of greater Los Angeles Rather than rehearsing a litany of errors or insults against nature rather than decrying the lost opportunities of roads not taken these essays by nineteen leading geologists ecologists and historians instead consider the changing dynamics both of the city and of nature In the nineteenth century for example density was considered an evil and reformers struggled mightily to move the working poor out to areas where better sanitation and flowers and parks made life seem worth the living We now call that vision sprawl and we struggle just as much to bring middle class people back into the core of American cities There s nothing natural or inevitable about such turns of events It s only by paying very close attention to the ways metropolitan nature has been constructed and construed that meaningful lessons can be drawn History matters So here are the plants and animals of the Los Angeles basin its rivers and watersheds Here are the landscapes of fact and fantasy the historical actors events and circumstances that have proved transformative over and over again The result is a nuanced and rich portrait of Los Angeles that will serve

James D. Fox, 2013-02-05 A pilot retires after 38 years from the world's largest oil company He accepts a job in another country halfway around the world His experience flying the cream of business jets is just what his new employer is looking for He finds it necessary to adapt to his new environment and new associates The new employer is General Arab Medical Service who supplies workers for the Saudi Arabian Military service The job entails flying not only high ranking military medical evacuation but also members of the Royal Family The missions are with a mixed crew of copilots nurses hostess doctors and engineers Their nationalities are from all over the world You need to know that in aviation the world language is English The mixup due to language difficulties are mostly humorous but in at least one case almost deadly A young man from Texas can be surprised from what he finds the people and customs are in New York on his first visit A young man from New York can find the people and customs in Texas as surprising A friend and I were standing on a sidewalk looking in a show window in Wichita Falls Texas when a lady got out of her car and approached us Young man can I ask you a question Why yes Mam what is it She pointed at my feet Don't those things hurt your feet She was asking about the boots I was wearing Why no Mam they don't She turned with look of not understanding and went back to her car which I noticed was wearing Ohio license plates That was in 1942 and I still remember what my friend and I talked about later You reckon that lady never saw cowboy boots before I don't know Maybe she never saw a horse before So many years later the same fellow sees people and customs that are completely strange They speak English and eat with a knife and fork most do and they want to imitate the western world very much Of course I'm speaking of those that I came in personal contact with As a reader you must remember their country was only born in 1932 It had no means of entering seriously into world commerce until oil was discovered Then suddenly they as a country became very rich almost over night The King made decisions without the help of

a Legislature So he decided where the money went The Royal Family got an early cut and infrastructure was on the early list as well If there was a need for a road he just told some contractor to build the road And make it out of concrete That asphalt stuff just melts and runs away over here in the desert Well if you have roads then you need cars so the King calls Japan and says Send me over a boat load of those little pickups you make Well ok your Highness What color do you want I don t know just mix them up Ok The Japanese boat arrived and the King tried to give them to the Bedouins from the desert The nomads only accepted the white ones all other colors were sent back to Japan Everyone know that dark colors are no good in the heat Do you find that humorous Well I do But what do you expect A tall apartment building in downtown Riyadh is standing empty on the day of my arrival and on the day of my departure The King had it built for the Bedouins to use for free The occasion of celebrating the gift from the King the Bedouins asked Where do we put our camels and goats Well you won t need them here The gift was rejected straight away as the Brits say Do you find that interesting Well I do How about this I asked one of my Saudi copilots What is your goal What do you mean I mean what are you working for What do you hope for in the future Oh I see what you mean Well I m saving my money to buy a camel and move out on the desert You mean you would leave your job in aviation living in a house with indoor plumbing electricity and air conditioning to move into a tent in the desert Sure what s wrong with that Well the time
