The Stories of Hymns Fr. George William Rutler, 2017-01-24 Hymns are more than beautiful musical compositions they provide us with a heightened language for praising and speaking to God all while teaching us theology that reflects both the depth and complexity of Our Lord Sacred hymns in our day have given way to fifth rate poetry set to fourth rate music as C S Lewis once remarked At times the music used in worship can make us feel as though the culture is usurping the Church rather than being transfigured by it There is a clear and present need to resurrect those distinctively different songs with a distinctively different vocabulary for people who want to live distinctive lives as followers of Christ In these pages Fr George William Rutler introduces and reflects upon dozens of the greatest hymns written from the earliest years of the Church through the Twentieth Century The text and composition of each hymn is included as well as inspiring accounts of their authors and composers fascinating stories and historical events connected with them and notes on the significant contributions each one made to theology and music Fr Rutler has recovered here a rich musical legacy that will help us to give glory to our God who is Lord of all

THE most important musical feature of any service of worship is the singing of hymns by the congregation When voices are united in Christian song hearts may readily be joined in common worship Then it becomes much more than a musical feature It becomes an act of worship And all who thus sing are builders of a Temple of Tone wherein their own hearts become the altar high and lifted up Before this great thing can come to pass there must be a familiarity with the hymns an appreciation of these crown jewels of the church Anyone then who directs attention to Christian hymns and stimulates interest in them is adding to our resources for private and public worship The author of this volume is continuing and extending his Christian ministry by calling attention to the use of hymns and gospel songs on various occasions and exhorting us all to sing He is a retired member of the Northern New York Conference of The Methodist Church honored for his long and fruitful ministry and beloved for his unfailing devotion to the spreading of the gospel through the still wider use of Christian hymns service of sacred song at which he had listened to the narration of incidents with apparent delight and had joyously joined in the singing Hymns are a source of joy to persons of all ages and youth and age alike enjoy singing them The hymnal stands next to the Bible in the devotional reading of many people Workers among young people find hymn stories to be an important feature of their work and preachers know that an illustration relating to a hymn not only makes an effective appeal but is also long remembered Short hymn stories give comforting satisfaction to sick people in their quiet chambers especially when they can sometimes sing or hum their Great hymns belong to the ages They are timeless and always new stories are being associated with them But this collection of

stories does not range over the centuries it comes from our own century almost entirely The hymns are mostly old but the stories are new Two quotations indicate what a hymn is and its effects The following was adopted by The Hymn Society of America as its definition of a Christian hymn A Christian hymn is a lyric poem reverently and devotionally conceived which is designed to be sung and which expresses the worshipper's attitude toward God or God's purposes in human life It should be simple and metrical in form genuinely emotional poetic and literary in style spiritual in quality and in its ideas so direct and so immediately apparent as to unify a congregation while singing it Carl F Price *Favorite Hymns* William Lee Hunton, 1917 52 Hymn Stories Dramatized Kenneth W. Osbeck, The purpose of these dramatized hymn stories is to encourage a rediscovery by God's people of the events that underly some of the great hymns of our spiritual heritage
