the twentieth century Drawing directly on documents from Ford's archive it examines Ford's mass production methods and bureaucratic reforms as examples of prosperity gospel traditions illuminating the ways manufacturing and technology intersect with American religious practice Bridging American religious and industrial history Assembling Religion offers a new and surprising way to understand Ford s impact on culture commerce and the technology of labor Zap Bana Chris Kridler, 2024-08-06 The mission is electrifying but danger can be twisted For tornado chaser Jack Andreas an invitation to a lightning study means double the danger As he sees it what s not to love He s intrigued by the job and fascinated by pilot Maribeth Lisbon who must fly a research plane into the zap zone Maribeth suspects he s trouble especially when his charms set off all her alarms In their way are scheming TV chaser Brad Treat and down on his luck adventurer Aurelius Zane intent on filming a wedding in front of a twister The eccentric billionaire who funds the study has a secret agenda And a mystic with a food truck tests them all As fearsome storms put them in mortal peril Jack and Maribeth find their toughest challenge may lie within The sequel to TORNADO PINBALL ZAP BANG continues Chris Kridler's Storm Seekers trilogy with action drama humor and romance A History of Twentieth-Century Germany Ulrich Herbert, 2019-08-15 Germany in the 20th century endured two world wars a failed democracy Hitler's dictatorship the Holocaust and a country divided for 40 years after World War II But it has also boasted a strong welfare state affluence liberalization and globalization a successful democracy and the longest period of peace in European history A History of Twentieth Century Germany provides a survey of German history during a century of extremes Ulrich Herbert sees German history in the 20th century as determined by two contradictory perspectives On one hand there are the world wars and great catastrophes that divide the country's history into two parts before and after 1945 Germany is the birthplace of radical ideologies of the left and right and the only country in which each ideology became the foundation of government This pattern left its stamp on both the first and second halves of the century On the other hand the rise of modern industrial society led to decades of conflict over the social and political order regardless of which political system was in force Considering these contradictory developments Herbert tackles the questions of both the collapse in the first half of the century and the development from a post fascist ruined society to one of the most stable liberal democracies in the world in the latter half Herbert's analysis brings together wars and terror utopia and politics capitalism and the welfare state socialism and liberal democratic society gender and generations culture and lifestyles European integration and globalization The resulting book sets a standard by which historians of the period will be measured in the future **Beguiled by Bourbon** Lucy Lakestone, 2023-01-17 A barrelful of bonkers As mixologist Pepper Revelle preps for the Bohemia Bartenders gig in beautiful Kentucky bourbon country she finds a great new friend in distiller Royce Doucet Even if her pup Astra makes an enemy of his crafty cat But Pepper's hopes of a smooth launch of Royce's superb new bourbon go awry when a ghastly murder overshadows the festivities As if Pepper isn t shaken enough one of Royce's guests surprises her with news that will change her life But is she ready to welcome someone new to her family
