Storms Gift:

Gifts from the Storm Camila Abbot, 2015-11-03 Camila was an unhappily married mother of three when her oldest child was diagnosed with cancer This tragic event sent a shockwave throughout her existence propelling her upward out of her disappointed complacency in life and into a broader realm of examination It would call her to question all her previous beliefs beginning with the true nature of love Once this portal of exploration was opened she began to hear a voice whispering through it to her voice not of this world but of the spiritual dimension This voice she realized had been whispering to her all her life trying to guide her on her journey toward truth though in the cacophony of societal distractions she had unfailingly ignored it In the midst of a tumultuous inner storm it spoke to her once more through the open door of her grief but this time she was able to listen Weaving through the emotional landscape of personal experience combined with the ethereal wisdom of a spiritual presence in our lives this book has the power to help readers reimagine their own personal struggles within the scope of a wider dimension a dimension that is always available to us as a guide You will finish reading this book with a feeling of having expanded your awareness and with a deeper understanding of love and its power to transcend all things even death

Are Miraculous Gifts for Today? Zondervan, 2011-10-11 *Are Miraculous Gifts for Today* takes you to the heart of one of the most dividing questions in the Church today how are the Holy Spirit's miracles at work among God's people now Is he still actively giving the gifts of tongues prophecy and healing that fill the book of Acts Is he driving out demons when Christians command them to flee Or are these events confined to the time of the early church and the apostles This volume of the Counterpoints series provides an impartial format for comparing the four main positions on present day miracles including the history and distinctions between the three positions that affirm miraculous gifts with voice also given to a large sector of open but cautious evangelicals Cessationist there are no miraculous gifts of the Holy Spirit today Pentecostal gifts are intended for today with certain nuances focused on baptism and speaking in tongues Charismatic gifts are intended for today and should be actively practiced Third Wave gifts are intended for today with greater emphasis on baptism and less on tongues This thought provoking book will help Christians on every side of the miraculous gifts debate to better understand their own position and the positions of others The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion
